#### The Iron Schedule.

The same may be said of the contest be tween pig iron and scrap iron in the metal schedule. The house placed a duty of \$2.50 per ton on pig, but gave scrap fron a duty of only 50 cents. The senate raised scrap to the same level with pig and the contest is between the rates of the two houses on these two items.

The southern senators are making an earnest though, probably as it now appears, an unsuccessful effort to have cotton ties and cotton bagging made free of duty, and the binding twine provision has could be decided, probably on the theory senators in the interest of the two articles sition together. The leather schedule, including leather itself and leather goods, is suspended awaiting the decision on hides.

Other important articles which remain azite and thorite, which are ingredients in der the proposed law. the silk schedule.

will be thoroughly elucidated before it finally receives approval. It is generally understood that the committee will recommend a drawback provision, which will be along the lines of the present law rather than accept the house provision.

Night sessions will continue through the week. If the house succeeds in obtaining a quorum Monday the conference report on the census bill will be considered.

Skinned from Head to Heel was Ben Pool, Threet, Ala., when dragged over a gravel roadway, but Bucklen's Arnica Salve cured him. 25c. For sale by Beaton Drug Co.

### DEAN BEECHER TO GRADUATES

# Site for Woodmen Building-Jewell

Financier Has Idea for Erecting Wew Structure Without Disturbing Business or Moving.

Where will the new \$750,000 Woodmen of the World building be located in Omaha? As soon as the announcement came from Detroit that the sovereign grand lodge of the order had passed the appropriation, the question of location became the subject and two other large buildings which will cost \$400,000 to \$500,000 in prospect this year,

The Woodmen of the World have had their eyes on various sites for two years night will open with a song of greating past because the new building has been Colonel B. W. Jewell, chairman of the finance committee of the order, has a plan which may be executed now that the appropriation of \$750,000 has been made. The present building is at Fifteenth and
