

TORE HIS SKIN OFF IN SHREDS

Aching was intense—Humor Spread from Hands to Body—Work Interrupted and Sleep Often Impossible—Disease Resisted Treatment

BUT CUTICURA CURED HIM IN THREE WEEKS

"My trouble commenced about two years ago and consisted, at first, of an eruption of small pustules on my hands. These spread later to other parts of my body and the itching at times was intense, so much so that I literally tore the skin off in shreds in seeking relief. The awful itching interfered with my work considerably, and also kept me a wake nights. I tried several doctors and used a number of different ointments and lotions but received practically no benefit. Finally I settled down to the use of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent Pills, with the result that in a few days all itching had ceased and in about three weeks' time all traces of my eruption had disappeared. I have had no trouble of this kind since. H. A. Kruttschnitt, 5714 Wabasha Ave., Chicago, Ill., November 18 and 28, 1927."

SKIN HEALTH

Effect of Cuticura Soap, Ointment and Resolvent. The agonizing itching and burning of the skin, as in psoriasis; the frightful scaling, as in eczema; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in acne and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in teething, or salt rheum—all demand a remedy of extraordinary virtue to successfully cope with them. That Cuticura Soap, Ointment and Resolvent (liquid or pills) are such standards proven by unqualified testimonials.

Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Soothe the Itch and Cuticura Resolvent (50c) to Purify the Blood. Sold throughout the world. Foster Bros. & Co., Boston, Mass. Write for Free Booklet. Cuticura Soap is not a skin disease.

Court at North Platte—Judge W. H. Munger, United States Marshal W. P. Warner, District Attorney Goss, Circuit Clerk Thummel and District Clerk Hoyt will leave Sunday evening for North Platte to open the term of the federal courts there on June 21. It is probable the petit jury for the trial of the mail robbers will not be drawn until after the return of the court from North Platte. The North Platte term will possibly be concluded by the last of next week.

Prisoners Ask for Better Food

Alleged Train Robbers Request Money Taken from Them to Buy Some Extras. Woods, Torgenson, Shelton and Gordon, the alleged Overland Mail robbers, are tired of their jail fare, and have applied to United States Marshal Warner for some of the money taken from them when arrested to buy a few extras. Thus far the request has not been granted, as some of the marked money may be used in evidence against them. "Doesn't the state penitentiary it was not unusual to permit the prisoners to have a little money for extras occasionally," said Marshal Warner. "Warden Beemer once told me that many of the state prisoners made deposits with him, from money they would earn in the prison by working overtime. Some prisoners saved up quite a little sum of money that came in good to them when their terms of imprisonment expired. I think the same rule applies at the government penitentiary at Leavenworth. Then limited term men generally make sixty days per year for good behavior."

South Dakota Prefers Omaha

Partial to the Gate City as a Market, Says Colonel Seth Bullock. Seth Bullock, United States marshal for South Dakota, is in Omaha, stopping at the Paxton. "I am just on my way home from taking half a dozen federal prisoners down to the Leavenworth penitentiary," said Colonel Bullock. "Things are booming up in western South Dakota. New settlers are coming in at a great rate since the opening of the western Indian reservations. Live stock matters are thriving and we are partial to Omaha as a market. What is good for South Dakota is bound to benefit Omaha. "There is something in the Omaha spirit that we like. I was interested in Judge Munger's talk about Scotty Phillips' buffalo ranch. It is all and more than Judge Munger told."

Board Considers Forest School

Meets to Discuss Plans Building Inspector Declines to Issue Permit On. The Board of Education committee on buildings had grounds in holding a special session this afternoon to consider the plans for the Forest school on which the city building inspector yesterday refused to issue a permit for construction. The building is to cost \$75,000 and F. P. Gould & Son were awarded the contract. Duncan Finlayson, superintendent of buildings, says he believes the opinion of an expert in reinforced concrete construction should be secured before building the school house after the plans are drawn, though members of the committee decline to discuss the proposition. The city building inspector, refused the permit on the ground that some of the beams under the main floor would not withstand a weight of fifty pounds to the square foot. The buildings and grounds committee is composed of Members Kennard, Christie, McCague, Lindsay, Kuhns, Bostwick and Cole.

Piano Player May Lose Finger

Miss Eileen Patterson Cuts Hand in Slicing Bananas and Blood Poisoning Sets In. While slicing bananas to be used for refreshments for a club meeting two weeks ago, Miss Eileen Patterson, 417 North Twenty-fifth street, accidentally cut the ring finger of her left hand severely. Now blood poisoning has set in and the attending physician, after a conference, believe the finger will have to be amputated. Miss Patterson was a member of the graduating class of 1928 of the high school and is a popular and accomplished young woman. Her chief talent is with the piano and her playing will be impaired for some time if she has to lose her finger, until she accustoms herself to playing with nine fingers instead of ten.

ATTORNEY CLAIMS NOT ONE OF FIVE SUITS IN GOOD FAITH

Brogan Goes Back to Fifteenth Century for Analogy to His Case. "Here are five suits in a period of four years—not one of them instituted in good faith, but simply to annoy and molest the Peck family." So declared F. A. Brogan, arguing for an injunction against Clarence Campbell before Judge Troup in district court. Argument followed the introduction of evidence by both sides and the defendant took the stand in his own behalf. He asserted that he really hoped to get damages for the alleged alienation of his wife. Discussing the law in the case reference was made by Brogan to an action of the year 1490 before the bishop of Exeter, when a London tailor named Underwood persisted in bringing suits against a Lombardy merchant who had induced Mistress Underwood to leave her husband. The Pecks charge that Campbell married their eldest daughter, Mary, in 1923 and separated a year or so later. Then Campbell, they say, became exceedingly bitter at her parents, charging them with alienating her affections from him. The petition for an injunction, which was filed just a year ago, recites suit after suit filed by Campbell

FIFTY SEVEN REASONS NOT ENOUGH TO SAVE HEINZ

They Are Recited in Plea for Less Assessment, but Equalizers Say Nothing Doing. F. T. Hale, local manager of the Heinz Pickle company, gave fifty-seven reasons why the local branch's assessment should be reduced, but the Board of Equalization said him nay. Hale last year turned in a valuation of \$10,115. This year he was assessed \$20,500. He appeared, asking that a reduction be made to \$4,500. "Nothing doing," said Chairman Trainor and the others supported him. Hale left in a peevish mood. Grace Walton appeared and asked that \$5,000 be sliced off her assessment. The sum represented a mortgage which had been paid off last September and was carried forward from last year's return. The allowance was made.

S.S.S. MAKES A LASTING CURE
Not only its proven ability to cure, but its absolute safety as a remedy, has made S.S.S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S.S.S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S.S.S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S.S.S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S.S.S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S.S.S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one.
