

Nebraska DEMOCRATS DINE AT KEARNEY

Shallenberger, Mullen and Brown Will Attend Banquet.

DELEGATION FROM SOUTH OMAHA

Citizens from Packing Town Confer with Governor Relative to Appointment of Fire and Police Board.

(From a Staff Correspondent.)

LINCOLN, June 18.—(Special.)—Governor Shallenberger, Arthur Mullen, state oil inspector, and ex-Mayor Frank Brown will leave some time tomorrow for Kearney to attend the democratic dinner banquet to-morrow night.

The governor, the oil inspector and the ex-mayor are all on the program for speeches.

Richard L. Metzger, the defender of the faith, will remain in Lincoln. He was not invited to speak, and neither was he invited to attend. Neither was P. L. Hall invited to speak.

Judge R. F. Good of Wahoo, whose friends have been saying that the dinner has for one of its objects his elimination even as a probable candidate for supreme judge, was here this morning for a talk with the governor.

Among the candidates for the two places are Joseph Fitzgerald, Steve Vail, Joe McMullen, Sam Acker, Joe J. Ryan, Joe Copeck and Mr. Lamahan.

Several parties have been down lately boosting for one or two of the above named, Jerry Howard having been here for a word for his old time friend Vail.

The great activity over these appointments is due to the fact that friends of prospective candidates for mayor desire a friendly police board, so the story runs as it reaches Lincoln.

The appointments are to be made by July 1.

Starting Boom for Sedgwick.

Some prominent lawyers, members of the State Bar association, intend to circulate petitions in order to get the name of R. H. Sedgwick of York on the ticket this fall as a candidate for supreme judge.

Judge Sedgwick is now in Chicago with Mrs. Sedgwick and it is not known for sure whether he will be a candidate, but some of his friends are inclined to the belief that if the petition is circulated for him he would not decline the use of his name, though he would not circulate a petition himself.

The matter was first mentioned by F. A. Brogan of Omaha, president of the State Bar association, who it is understood, with other lawyers, intends to circulate the petitions.

One Home from Oklahoma.

Trenmore Cone has returned to Lincoln on his way to the state house after an absence of two weeks in Oklahoma and Kansas, where he has been investigating the oil wells with a view to bringing over a few thousand barrels on the oil rates provided in the law enacted by the late legislature.

Mr. Cone visited the oil regions in both states and discovered by investigating in those places and Kansas City that it cost just about half to burn oil than it does coal in big manufacturing plants.

Deas for Railroad Valuation.

A number of railroad men again met with the State Railway commission and Engineer Hurd today discussed the reports the engineer will want in finding the physical valuation of the railroads.

The railroad men objected to the forms prepared by Mr. Hurd because they were more numerous than the Minnesota officials required. Mr. Hurd, however, explained that while there were more forms no more information was asked for, but he had divided the forms so that the matter would be more convenient to handle.

The following railroad men were present: James Kelly of the Burlington, C. S. Stebbins of the Union Pacific, E. P. Mitchell of the Missouri Pacific, G. W. Hand of the Northwestern, J. B. Berry of the Rock Island, Edson Rich of the Union Pacific, F. T. Darrow of the Burlington and H. J. Osborne.

Examiners Organized.

The Board of Examiners designated by law for the examination of applicants for certificates as certified public accountants met Tuesday in the office of the state auditor and organized as follows: President, John M. Glichrist, Omaha; secretary, Silas R. Barton, auditor of public accounts; treasurer, H. S. Wilgins, Lincoln.

The board announced that any person wishing to take the examination should file an application with the secretary of the board, and that the date of the first examination, under the law, will be announced later. The scope of examination will be along the lines outlined by the national association.

Regulation for Stevedores.

John Stevers, who is wanted in Dodge county for burglary and who is now under arrest in Clinton, Ia., will be brought back to the state under a requisition issued by Governor Shallenberger this morning.

Speaker Pool on Warpath.

Governor Shallenberger has started another democrat on the warpath. This time it is Speaker Charles W. Pool of the late democratic house of representatives.

Mr. Pool merely wanted to state the warden, an office which was created by the legislature in which Mr. Pool played a part as speaker. The governor considered Pool for a long time, even though the constitution may have acted as a barrier

HALF-MINUTE STORE TALK

The fact that this store has a splendidly equipped tailor shop with a working force of seven expert tailors, who are kept busy every day—and some evenings—proves one of two things: This is either the busiest store in town or it is the most careful store in town with its alterations. It may be both—likely is.

OXFORD DAYS

At the New Store

Of course, we are selling shoes, too, but those snappy Oxfords, displayed in Window Number 4, are really responsible for our Shoe department activity. Lots of people are alive to the fact that our footwear is as good as it looks—even better.

How to keep cool is a question that will soon bother most of us. The best way is to have underwear that is cool—regular light-weight underwear for some, others must have athletics. This is the store to come to no matter what your underwear likes may be.

King-Swanson Co. 16th & HOWARD STS. THE HOME OF QUALITY CLOTHES

Are you open to conviction?

This is a value giving store. Value for your money means the best your money will buy. We make many customers through our values, even if we don't make many dollars out of them. We expect to attract your attention and gain your patronage through honest values. Once in a while we have a "sale," but not the usual kind. We could easily acquire the every week "sale habit." It only requires a bit of imagination and a firm belief in the gullibility of the public. We prefer to tell you what we can guarantee---To give you more value, dollar for dollar, every day than any store in town, without making impossible claims. The man who offers us something for nothing insults our intelligence. How about you?

Outing or Coat and Pants Suits

Every store has them but every store is not as particular about them as we are. To take a feather weight fabric and construct a shape-retaining garment from it is the true test of good tailoring. Ours are that kind—great line, too..... \$10 TO \$35

A \$15.00 Suit Proposition

If we went to market looking for suits to sell at \$15.00 we'd get them all right, but they would be \$15.00 suits—that's all. By using different methods we are able to sell for \$15.00 men's and young men's suits that must cost at least \$20.00 in any other store. To prove it we suggest that you go to some other store, select the best \$20.00 suit they have and also select any one of our \$15.00 suits, have them both sent home, examine the fabric, tailoring, fit, finish and the hidden parts in your own home—away from the salesman's influence—keep the one that is best, regardless of price, and return the interior ones. If you do we'll gain a customer just as surely as you are reading this "ad"..... \$15

We are ready to guarantee a decided saving at either price or any price in between, besides giving you what is unquestionably the largest line of suits in the west to choose from. \$10 TO \$20

Two Boys Drown Near Seward

Go in Swimming While Father Aets Lunch and Get Beyond Their Depth.

SEWARD, Neb., June 18.—(Special Telegram.)—Two sons of William Lesmier, a merchant of Goehner, seven miles from here were drowned this afternoon, while on a fishing trip with their father to Hanman's mill.

Shortly after noon Mr. Lesmier left the boys alone while he went to lunch. The two boys with a brother went in swimming in the river and in some manner not known were drawn beyond their depth. The third brother saw them sink and gave the alarm, but neither could be rescued by the time help arrived. The dead boys were 12 and 13 years old, respectively.

The bodies were recovered shortly before 4 o'clock in eighteen feet of water by Fred Woolley, who dived for them.

GIVEN DAMAGES FOR FALSE IMPRISONMENT

Oklahoma Traveling Man Wins Case Against W. A. Cole of Junata.

HASTINGS, Neb., June 18.—(Special.)—A verdict for \$500 damages, for false imprisonment has been given L. Frank Evans of Tonginox, Okl. in the federal court against former Marshal W. A. Cole of Junata. Evans, who is a traveling man, was taken into custody by the officer about six months ago, told that he was under arrest, examined after the method of the third degree and searched. The officer suspected that Evans was connected with a case of forgery, but after questioning and searching him allowed him to go free.

The trial of the case consumed the greater part of two days and attracted wide attention on account of the prominence of the defendant, who is a candidate for the republican nomination for sheriff of Adams county and also because of the support given the prosecution by a state traveling men's organization. Traveling men say that arrests of men in their profession on suspicion in the smaller towns are of too frequent occurrence and their organization aided in the case for the purpose of making it an object lesson to officers over the state. The prosecution was represented in court by Attorney W. P. McCrory and John Stevens, the former the author of the famous Sink nine-foot bed sheet bill, drawn up at the instance of the Travelers' Protective association and passed by the last legislature. Judge T. C. Munger instructed the jury to find for the plaintiff and laid down rules for the determination of actual and exemplary or punitive damages. The jury fixed the actual damage at \$500 and the exemplary damage at \$500.

F. A. Heit, a traveling man, formerly a resident of this city, was sentenced to eight months in the Hiawatha county jail by Judge Munger in the federal court for padding orders to the wholesale house he represented. Heit was employed on a commission basis. The charge was using mail to defraud. Frederick Taylor of Holdrege has been

interested, amounting to \$500, can be raised.

The parties are still Jews and the Hebrew colony here sided with the wife.

Yes, Sir!

You'll shape a Sailor Hat to your head.

While our "ad" last Monday created consternation among hat-ters, it pointed the way to sailor-comfort for men whose heads are not built on the straw-hat plan. Men who doubt our ability, men who have been experimented on, or who have been told the process of conforming a straw hat consists simply of dampening and putting it on a machine are invited to visit the only thoroughly equipped hatter's room in Omaha and watch our hatters conform a sailor hat.
