

collision. When he recovered his senses he was lying in a ditch near a ditch. Both of his legs were broken, but when Dr. Axe of Michigan City reached him and tendered surgical aid he refused it, instructing the physician to give him time to others more seriously injured than he.

"My legs are broken," he said, "but my head is all right and I guess I can stand it for awhile."

Baby Escapes Injury.
Mrs. Guy Stutzman of Mishawaka, who suffered from a deep gash in the back of her head, was holding a 1-year-old baby at the time of the accident, but the infant escaped without a scratch.

The escape of Paul Kerrigan, son of Dr. Kerrigan of Michigan City, was remarkable. He was the last man to be chopped out of the wreckage and it was necessary to remove the bodies of four persons before he could be extricated. The bodies of the dead had formed a cushion for him and protected him from death.

The body of Mortimer Reed was terribly mutilated. One of his arms and one leg were found a dozen yards from the track and his body was thrown near the top of the wreckage.

Delbert Klancy, conductor of the east-bound car, is in a hospital here and probably will recover.

The South Shore line, as the road is known, has been in operation for about one year, running cars from South Bend to Chicago.

PRESSMEN COME FOR BIG MEETING

(Continued from First Page.)
York Times is six stories under the ground, and last year there were eighteen deaths in one New York union.

"Statistics show more deaths from tuberculosis among pressmen than in any other of the 'old printing trades,'" said Vice President Flannery, "and it is essential that we take some action at this meeting."

H. L. DePenning and H. M. Mayer, delegates from Portland, Ore., say that in their country most of the press rooms are on the first floor and are well ventilated, though they class Omaha as an eastern city.

"You people here in the east do not know how to keep well," said Mr. DePenning.

Canada Will Help.
Delegates from Canada say they will vote to establish a tuberculosis home in the states, though such a home will not help them as the immigration laws prohibit anyone suffering from tuberculosis from crossing the line.

"Nearly every large city in Canada has a home for consumptives," said A. R. White, secretary of the Hamilton union. "Some of these are under government supervision while others are private institutions."

William H. Berry, president of the Hamilton, Ont., union, said he thought most of the Canadian delegates would vote to continue the strike in the four southern cities in the interest of the eight-hour law, though not until this last year has Canada received any help from the international union, despite the fact that \$10,000 was paid into the international treasury by Canadian unions. About a year ago the Hamilton union requested a "kick" from the international president and them an organizer and ten unions have been organized within the last eight months.

"Only those unions organized before the eight-hour law went into effect are compelled to pay strike assessment, and in Canada there are only four of these unions—St. John's, New Brunswick; Calgary, Alberta; Hamilton, Ontario, and Vancouver, British Columbia. They are not in favor of continuing the strike assessment."

Growth of the Union.
The secretary of the international union, M. J. McMullen of Cincinnati, said the union is closing its most successful year since its organization twenty-one years ago. Thirty-one subordinate unions were organized last year, more than have been chartered in any five years since the existence of the international, the membership being increased by 2,500. Today the pressmen's union is second in the list of printing trades, having the largest percentage of employees in its membership.

San Jose, Cal., is after the convention for 1910 and H. J. Young of that union is button-holing every delegate in behalf of his city, filling their pockets with descriptive literature. The whole Pacific coast is for San Jose, and they will give Columbus, O., another city after next year's convention, a hard run. The proposition of having biennial meetings instead of annual will come up for discussion at this convention, and should the change be made, then San Jose and Columbus will want the convention in 1911 instead of 1910.

Charles A. Bies, secretary of the convention committee, is looking after the registration of delegates, none but accredited delegates being allowed a voice in the convention. The representation is based on one delegate to every fifty members, or fraction of that number in a union.

OFFICIAL RATES FOR BONDS

State Commission Expects Little Trouble After Schedule is Made.

PROFITS OF COMPANIES LARGE
Intimation That Certain Corporations Are Cutting Prices Ends Objection of an Agent for Present.

(From a Staff Correspondent.)
LINCOLN, Neb., June 20.—(Special.)—After the bonding companies realize that the state board is going to make rates to which they will have to agree to, Auditor Barton and the other members of the commission expect few complaints.

In fact, the board threw the fear into an agent for one of the bonding companies who was objecting to the rates prepared by the board.

"We have just examined the rates you publish that you charge was told to the agent, but if there is very much objection we might go into the matter you really charge."

This intimation that the bonding companies were not true to each other, but that some of them charged a less rate than that which the public thought they charged, ended the objection of that agent for the time being at least.

The enormous profits made by the surety and bonding companies during the last ten years was a surprise to the state officers who compose the board, and it is possible that when the rate is made two years from now for the bonds for the state officers, it will be materially reduced.

As bonds have been given for this biennium the board did not touch those rates, but it has the statistics, which will materially assist the next board when it gets busy to make rates for the next biennium.

Nebraska was the first state in the union to create a board to fix rates to be charged by bonding companies, and Illinois is the second. The national government is now proceeding along the same line.

State Federation of Labor.
The various labor unions of the state, through their delegates, will form a State Federation of Labor, beginning with a meeting at the state house tomorrow afternoon.

The meeting will be called to order by Labor Commissioner Maupin at 2 o'clock in representative hall. Tomorrow night Governor and Mrs. Schallenberger will give a reception to the visitors at the executive mansion.

Raymond Robbins of Chicago is expected to arrive tomorrow and address the convention at its various sessions.

Maupin Home From Rochester.
Labor Commissioner Maupin returned this morning from Rochester, where he attended a meeting of the labor commissioners of the various states. It was agreed at this meeting, said Mr. Maupin, to use uniform blanks for the collection of statistics regarding the cost of living and the wages paid to laboring or working people. Fifteen of the states were represented by their commissioners, while many other states sent in letters. The next meeting will be held at Henderson, N. C.

Lincoln expects to have a sane Fourth of July. Following the annual convention, Mayor Brown has issued an order that there shall be no disturbance or pistol shall not be fired, and that a streak of sanity shall run through all the celebrations.

News From Fees.
PERT, Neb., June 20.—(Special.)—The Normal lecture course for the summer, arranged by the Normal school, will consist of six numbers.

Harry Paterson will build a residence in the north part of town. The building will be modern in every respect and will be constructed of cement.

Reports coming this week of the marriage of former Peru people, three of them already having taken life partners in the month of June. On June 2 Mr. Fred C. Strong and Miss Madge Elwood were united in marriage at the home of the bride's parents on the Elwood ranch, near Yuma, Colo.

Wallace Brundson, son of Mr. and Mrs. Arthur Brundson of this city, and Miss Margaret Alexander were married on July 5 at LeGrand, Ore. Mr. Brundson has been in Oregon for the last four or five years and has employment as a fireman on the railroad.

May Carter, a former Peru boy, was married at Bakerfield, Cal., a few days ago to Miss Grace Hamer of that city. County Assessor Biesing has finished the recapitulation of the 1909 assessment. The figures show an increase of the total valuation of the county of over a quarter of a million. The added improvements for Peru are equal to that of all of the rest of the county, and is twice as much as any other town in the county.

This means that the city of Peru has added over \$125,000 in the way of improvements during the last year.

The base ball game which the Normal played with Auburn yesterday under the most favorable weather conditions resulted in a score of 10 to 6 in Auburn's favor. This means that the city of Peru has added over \$125,000 in the way of improvements during the last year.

May Build Water Plant.
NORTH PLATTE, Neb., June 20.—(Special.)—The city council of North Platte held a special meeting last evening to meet with Mr. Hoffmeister to discuss settlement of the water works question. He offered to have a special engineer make an appraisal of the plant in this city, but this the council declined, as the city engineer had made an appraisal at their request, valuing the plant at \$25,000. The council then passed a formal resolution, offering \$50,000 for the present water works plant and making the offer good until July 1 next, whether or not the water works company will accept this offer remains to be seen. If they do not, it is felt that the city will vote bonds to build a plant of their own. It is considered that \$50,000 is the maximum price the city will pay.

Nebraskans Sail for Europe.
NEW YORK, June 20.—(Special.)—Among the cabin passengers sailing for Europe Saturday on the Hamburg-American line steamer America were: Mr. and Mrs. Olie Berg, Mr. and Mrs. H. E. Frederickson, Mrs. Lena Goldberg, A. H. Fricke, all of Omaha, Neb.; Mr. and Mrs. Terkel Hermanson, Kearney, Neb.; and Edwin Haschenburger of Lincoln, Neb.

Lower Levy in Adams.
HASTINGS, Neb., June 20.—(Special.)—According to present prospects, the tax levy for Adams county this year will be the lowest for many years. The city levy

Nebraska

Wheat Growers' Union Meets.

HASTINGS, June 20.—(Special.)—Instead of fixing a pool or pledge price for winter wheat, as was contemplated in the call, the district union No. 2, winter wheat growers' branch of the American Society of Equity last night conducted a two days' convention after adopting resolutions favoring the elimination of all middlemen's profit in the sale of grain.

The union covers the states of Nebraska, Kansas and Oklahoma, but most of the work of organization has been done in Nebraska and the registration at the convention was from this state. There were sixty-five delegates, each representing a local branch, besides a number of other visitors.

Officers of the union say that reports have been current that grain dealers were contracting ahead for wheat, to be delivered in September, at 12 1/2. They say this was merely a "bluff" to head off action by the union, and that thus far they have been unable to find anybody willing to pay that price.

In other resolutions adopted the union declares that 50 per cent of the violent fluctuations occur in the price of farm products that constitute the basis of life is the direct result of market manipulation by speculators and amounts to "legalized robbery."

Grand Island Paving Bonds.
GRAND ISLAND, Neb., June 20.—(Special.)—The city council will meet tomorrow evening for the purpose of canvassing the bond on the paving bonds, \$17,000, which carried by nearly four to one. Plans and estimates have already been made by the city engineer, and it is expected that the advertisement for bids will be let at once and that the paving of the thirty-four block fronts will be done before the close of the season. The vote was light and the members of the election board in the second district have distinguished themselves by occupying their time in cleaning the weeds from the streets and in the habit that is doing much to beautify the city, for an entire block, while waiting for voters to come and cast their ballots.

Agricultural School in Beatrice.
BEATRICE, Neb., June 20.—(Special.)—Val Keyser of Lincoln has organized an agricultural school in Beatrice which will be held the second week in January, next, in place of the two day farmers' institute. Instructors from the state university will have charge of the work, which will comprise stock judging, corn judging, and, in fact, everything pertaining to farming. There will also be a department of domestic science in connection with the school.

Annual Budget of Tecumseh.
TECUMSEH, Neb., June 20.—(Special.)—The mayor and city council of Tecumseh have published the annual estimate of expenses of running the city's affairs for the coming fiscal year. The estimate of the amount needed is \$19,425. Of this amount \$4,000 will be used for general purposes, \$1,400 on maintaining streets, \$2,235 for interest on bonds, \$2,500 for sinking fund, \$7,500 for maintaining and extending water plant, and \$500 for maintaining the library.

Weds Brother's Widow.
DICKENS, Neb., June 20.—(Special.)—John M. Ballard and Mrs. Julia Ballard surprised friends here by quietly boarding west-bound train for Denver, Colo., and being united in marriage at Holyoke, Colo. Both are well known here. Mrs. Ballard formerly being Miss Julia Johnson. She was formerly married to John M. Ballard's brother, George Ballard. They will make their home three miles east of here.

Nebraska News Notes.
BLUE HILL—Next Monday Messrs. Ed Burke and Otto Miller will depart for New York, from where they will sail for Germany to visit two or three months with their family.

CHADRON—Chadron's new 300-barrel mill is nearing completion, rising from the ashes of a much smaller one. Robert Hood is the proprietor, which fact always means success and a "square deal" in Chadron.

BLUE HILL—Considerable building is being done here this year. About twelve new houses are being erected, which will be erected as soon as workmen can be secured.

BLAIR—A chautauqua session will be held here, commencing July 25. The business men were well pleased with the last year's session that they guaranteed a large number of tickets to secure the return engagement of the chautauqua.

TECUMSEH—O. S. Mason, an old soldier of this city, was taken to a hospital at Omaha, as he was suffering terribly with an ailment of his eyes. It was found necessary to remove one of the eyes, and the patient is said to be getting along nicely.

BLAIR—The Blair Fire department has contracted with a carnival and street fair to display their equipment to the public this city for the week of June 21-23. The fire department will handle the conditions and have the general supervision of the show.

CHADRON—L. W. Gorton, a leading druggist of Chadron, and Miss Jennie Elmer, superintendent of the Normal school, gave their friends the slip and were married at Andrews, Sioux Falls, S. D., on Saturday evening. The bride is the daughter of the Methodist Episcopal church.

REPUBLICAN CITY—The Holdrege District Epworth League convention that was held here this week will be successful in its efforts. A large number of delegates attended and the program was well carried out by the members of the Wesleyan university and pastors of the different churches of the district were present.

FREMONT—Five huns, who are probably the advance guard of the bunch which is expected with a carnival outfit that will hold forth on the base ball grounds this week, showed up in town Saturday and were given a warm reception by the Tramps. They have given Fremont a wide berth for the last week or so, as work was being done in the hot sun is pretty strenuous.

FREMONT—The First Baptist church of this city is making extensive preparations to celebrate the fortieth anniversary of its organization, which occurs on July 5. Of the sixteen original members of the church, only five are still living, but one is a living. Five of the nine former pastors of the church are living, and it is expected they will be here for the anniversary.

TECUMSEH—Louis Wirthman of this city has been declared insane and taken to the hospital at Beatrice for treatment. Wirthman, who is a brick mason, has the hallucination that a fellow workman wanted to kill him. It is said he slept with a revolver under his pillow, and one time stood a club at his bedside. As a matter of fact, he had not even had trouble with the workman.

TECUMSEH—Andrew Simpson, one of the heavy feeders of this county, is home from St. Joseph, where he had the care of very choice short-fed steers. The steers were remarkable on account of the extremely large gain made on the light cattle. There were thirty-nine head and they averaged 76 pounds when Mr. Simpson began feeding them on January 1. After handling them for 46 days they averaged 114, a net gain of 40 pounds to the steer. The condemnation first of the steers, their several had not come from Nebraska this season.

Charles Wymore's Body Found.
BEATRICE, Neb., June 20.—(Special.)—The body of Charles Wymore, who was drowned Saturday evening in the Blue river north of Barneston, was found Saturday night in twelve feet of water near where it went down. Coroner Reed held Sunday morning for Barneston to hold an inquest. Mr. Wymore was 35 years of age and leaves a widow and five children.

Weddings at Hastings.
HASTINGS, Neb., June 20.—(Special.)—Mrs. Samuel Alexander has announced the engagement of her daughter, Miss Esther Alexander, and Mr. Herbert Young of Cleveland, O.

The wedding of Miss Henrietta Young and Carl Edward Simon will be solemnized

IDAHO SUSPECT IS MATHEWS

Pinkerton Chief Says Marvin is Bad Actor and Ex-Convict.

PICTURES IDENTIFIED HERE
Keepers of Rooming Houses and Butcher Say Marvin or Mathews Was in Omaha With Men Under Indictment.

William or "Bill" Mathews, alias Bill Davis, one of the most notorious outlaws of the western country, is declared by the Omaha postoffice inspectors, detectives and police to be the Idaho prisoner said to be the fifth man of the Omaha train robbery gang. The man under arrest there gives his name as Marvin, but the officers say that is just one of his aliases.

Mathews has been wanted for weeks, they say, and is regarded as the leader of the gang by those who were on the inside of the holdup investigation.

According to Archer Rosseter, chief of the St. Louis bureau of the Pinkerton agency, who has been in Omaha for some time directing the work of his agency on the case, Marvin admits that he is Mathews, but declares he had nothing to do with the Omaha holdup.

Photographs of Mathews have been identified as being of a man who is known to be connected with the other four holdup prisoners now in jail. So the officers working on the case feel confident that the arrest made in Idaho by Pinkerton's is an important one.

"I do not care to discuss the subject in detail," said Chief Rosseter Sunday, "but we are confident that Marvin, or Mathews, is the man we want and is the fifth man of the Overland holdup gang."

A South Tenth street butcher has identified a picture of Mathews, alias Marvin, as the photograph of a man, who, in company with a woman, bought some canned goods,ologna and other picnic or camp supplies at his meat market a day or two before the train holdup. Remnants of these same supplies were later found at the scene of the robbery camped temporarily before doing the job.

Pictures Shown Here.
Besides the important evidence and identification furnished by the South Tenth street butcher, whose name is not divulged, other picture identifications of the fifth man have been made.

Mrs. Evans of 21 1/2 South Thirteenth street, at whose home the train robbers are known to have stayed for a while, has identified the picture of the Idaho suspect as being a photograph of the man who stayed with Woods at her rooming house.

Mrs. Wyckoff of 134 Dodge street also says that the photograph of the Idaho prisoner looks like the man who stayed with her at her house for a few days at another time.

Mathews and Woods are said by the Omaha officers to have served three years together in the Walla Walla prison for horse stealing a number of years ago, and to have been pals in other works of a similar nature in the west and northwest.

Mathews is not expected to arrive here in custody of deputies until the middle of the week, and Chief Rosseter says that if the prisoner fights extradition, as he probably will, it will be a longer time before he arrives.

Although it has been supposed that the local police have done nothing recently in connection with the holdup investigation, the fact has come to light that they have done much lately to assist the government and Pinkerton agents.

"I see they have another holdup man," remarked Fred Torgensen, one of the indicted bandits, when he read the newspaper account of the arrest of Mathews and Marvin, at Buhl, Idaho. "Well, if they would arrest a few more real holdup men and let us innocent fellows go they would be doing a good job."

All four of the suspects still maintain their innocence and at every opportunity make light of the fact that they are accused of the Overland holdup and numerous other crimes.

Warrant Issued for Marvin.
TWIN FALLS, Idaho, June 20.—Instructions have been received from United States Marshal Hodgson at Boise to hold Marvin, alias Mathews, arrested in connection with the train robbery near Omaha. A \$5,000 warrant will be here tomorrow with a warrant for Marvin. Robert Splish, alias A. S. Kelly, is being detained also, as he has been associated with Marvin.

Hall County Board of Review.
GRAND ISLAND, Neb., June 20.—(Special.)—The county board has adjourned as a board of equalization until the state board shall have certified to the valuation of the railroad and other corporation properties. Few complaints were made against the assessments by farmers, and there was little equalizing to be done, most of the complaints being from corporations and other large taxpayers.

The Standard Oil Company requested a reduction of about \$5,000 and received a reduction of \$2,000. The Union Pacific requested a reduction of \$5,000 on the shops property. Testimony was taken and a reduction of \$50,000 was made, based upon the estimate of local contractors as to the cost of the buildings. The J. S. Smith Hide company wanted to be released from paying taxes on \$4,000 worth of hides, which it claims "in transit" at the time of the assessment. This assessment was allowed to stand. A tonnage tax was assessed over the State Troughing union, but the union was assigned to gather further details and the New York police were notified.

DEATH RECORD.
Funeral of John Lindley, the union printer who died Saturday after a long illness, is to be held this afternoon at 2 o'clock at the Heafey undertaking rooms. The Typographical union will have charge. Burial will be in Forest Lawn cemetery. Lindley was 31 years of age and unmarried. His father was a soldier, and his surviving relatives are three brothers, two of whom are soldiers in the Philippines, and a sister, Mrs. Jacob Lewis.

Miss Gussie Reynolds.
TECUMSEH, Neb., June 20.—(Special.)—The body of Miss Gussie Reynolds, who died in a hospital at Beatrice following an operation for appendicitis, have been brought to the home of the young woman's parents, Mr. and Mrs. E. M. Reynolds, of Maple Grove precinct. The funeral will be held at the home Monday afternoon at 2:30 o'clock.

Mrs. Rachel V. Chamberlain.
DES MOINES, Ia., June 20.—After an illness of one day Mrs. Rachel V. Chamberlain, pioneer resident of Des Moines and mother of D. S. and Lowell Chamberlain, died of a fatal pneumonia at the residence of D. S. Chamberlain. Mrs. Chamberlain was 71 years old and up to the time of her death was in exceptionally good health.

See Want Ads stimulate business moves.

SIGEL FAMILY CLAIMS BODY

Murdered are plentiful. One woman, Mrs. Elsie Sigel, who professes to know the family well, suggests that the victim is not Elsie Sigel, but a mysterious "Nellie," who has figured in Leon Long's love affairs.

Mrs. Smith holds it is possible she and the Chinaman were preparing to elope when "Nellie" appeared, created a scene and was killed. The substitution of the clothing and the packing of the body in the trunk complete this feminine Sherlock Holmes' theory.

During the afternoon two Chinamen called at the Sigel home in the Bronx, ignorant of Mrs. Sigel's removal to a sanitarium, and asked to see "our mother angel," a name which Mrs. Sigel earned because of her mission work among the Chinese. One of the men said he was Chu Sam, a brother of Chu Gain, who is under arrest.

Chu Sam said that Chung Sin, who disappeared simultaneously with Leon, borrowed \$250 from this brother, Chu Gain, the Tuesday before the murder, and on the following day told him that he was out of town for some time. Chu Gain is somewhat of a capitalist, and is president of a Chinese Loan association.

Elsie Had Army Sweetheart.
Before going to the morgue, Mabel Sigel discussed the case, saying among other things that Elsie had been in love with an army man in Wyoming. She read extracts from letters which she said had been written by this man to Elsie, all of which were couched in affectionate words and were signed "Your Old Sweetheart, Howard." She declined to say where the army man was stationed.

What progress the police have made toward tracing Leon Ling is not known. Various clues, such as always surround every crime of this character, are being followed out.

Notwithstanding the publicity which has been given the case, Mrs. Todd, the mission worker, who has known all along of Leon Ling's infatuation for Elsie, does not care to talk of the efficacy of Chinese conversions to Christianity, and Captain Carey of the Bureau of Home Missions will not permit the mass of letters found jumbled with bibles and pictures of ballet girls in that strange room where gorgeous embroideries draped an iron hospital pallet, to be published or even their contents intimated.

The mission in Chinatown, where Elsie Sigel taught, has been closed.

Suspect in Washington.
WASHINGTON, D. C., June 20.—Supplementing scores of clues bearing upon the appearance in this city of Laung Ling, alias William Leon, the Chinaman suspected of the murder of Elsie Sigel, and the events that transpired during the two or three days he is supposed to have remained here, about the time of the murder, was the discovery today that on June 12 a special delivery letter addressed "William Leon, care G. F. Schutt, National Hotel, Washington, D. C.," was received here from New York City. The reverse side of the envelope bore the name of "Sam Wing, 36 Bayard street, New York."

Owing to the early departure on June 12 of Ling, for whom the letter was evidently intended, it was not delivered. It was postmarked at New York at 6 p. m., June 11. The police say the letter is now in the hands of the postal authorities.

G. F. Schutt is proprietor of the National hotel. The local police tonight, after another day's unceasing labor in tracing and sorting out rumors, many of which are conflicting, are firm in the belief that Elsie Sigel did not visit Washington, although a young woman said to have borne a likeness to the murdered girl was seen at a Pennsylvania avenue hotel, in the capital and other public buildings in company with the man believed to be Leon.

The stories of the men who saw Leon on the night of the murder, in some particulars, conflicting, are being investigated by the police because of the unusual sight of a pretty American girl in company with a Chinaman. Aside from the discovery of the special delivery letter today the police have made little progress on the case.

Chicago Police Have Clue.
CHICAGO, June 20.—Information was given the police here today which may result in the capture of the two New York Chinamen who are wanted in connection with the murder of Elsie Sigel, the murdered missionary worker. J. Conley, an employe of a baggage transfer company in this city, today said that two Chinamen answering the description of William Leon and Chun Sin arrived at the Grand Central station here over the Baltimore & Ohio railroad from Washington at 9:45 last Friday morning.

They departed, Conley said, almost immediately for St. Paul over the Wisconsin Central. Conley told the police that the men had tickets over the Canadian Pacific railroad for Vancouver, B. C., but that they refused to allow him to check their baggage, which consisted of two trunks.

One of the Chinamen, who was well dressed, traveled first class, while his companion, a scrawny fellow, traveled second class. They were assigned to gather further details and the New York police were notified.

WATCH HERE FOR GIRL SLAYER
New York Police Wire Omaha to Look for Chinese Who Killed Elsie Sigel.

A telegram from Inspector of Detectives James McCafferty of New York City to the Omaha police requests them to arrest on sight two Chinamen who are described in the message. They are wanted in connection with the trunk murder mystery, the victim being Elsie Sigel. Leon Sing, alias William Leon, and Chong Sing are the alleged fugitives and are wanted on the charge of homicide. There is no reason to suppose they are in Omaha, but every city is being notified.

To avoid serious results take Foley's Kidney Remedy at the first sign of kidney or bladder disorder such as backache, urinary irregularities, exhaustion, and you will soon be well. Commence taking Foley's Kidney Remedy today. Sold by all druggists.

Prison for Wrecking Plant.
SIOUX FALLS, S. D., June 20.—(Special.)—The latest prisoner to be lodged in the Sioux Falls penitentiary is Patrick O'Dwyer, who was convicted in the state circuit court of Lawrence county of burg-

TARIFF VOTE LONG DELAYED

Nobody Will Risk Prediction When It Will Be Taken.

DUTY ON HIDES COMES NEXT
Then Comes Wood Pulp, After Which Senate Will Probably Take Up President Taft's Proposed Corporation Earnings Tax.

WASHINGTON, June 20.—Although considerable progress was made during the last week by the senate in the consideration of the tariff bill, the date at which a final vote on the measure can be looked for is as indefinite today as it was a week ago. A large number of paragraphs covering important articles remain to be disposed of, in addition to the special revenue features and the administrative sections of the bill.

However, as there is less disposition to discuss the theoretical problems of the tariff, it may be expected that the various matters will be dispatched with greater rapidity and fewer speeches. While few members will venture a prediction as to the date of the vote on the bill by the senate, the possibility of sending the bill back to the house by the first of July is now generally considered as extremely remote.

Duty on Hides Comes Next.
The discussion of the question of a duty on hides will occupy the attention of the senate for possibly a day or two before a vote is reached. The wood pulp amendment offered by the finance committee, which practically doubles the duty on wood pulp coming from countries which prohibit the exportation of wood pulp, will be the next matter taken up for consideration. After these two schedules shall have been disposed of, it is understood that the tax on corporations, proposed by President Taft will occupy the attention of the senate for several days. It will provoke much debate.

The disposition of the lumber schedule and the determination of a proper duty on pig and scrap iron, as well as wire nails, must be made by the senate. The questions of free cotton bagging, ties and binding twine are certain to result in an interesting discussion between the western and southern senators. The house bill's provision for the free entry of petroleum and its products will occupy considerable time, as will the discussion of the duties on wrapper and filler tobacco, pineapples, shoes and leather, and bituminous coal. The senate will continue to meet from 10 o'clock in the morning until 7 in the evening.

House Will Do Nothing.
While no serious effort will be made to insure the presence of a quorum at the sessions of the house on Monday and Tuesday, if possible, Representative Crum-packer (Indiana), chairman of the census committee, will endeavor to have the house consider the conference report on the census bill. As senate leaders have indicated to the members of the house that they would prefer to have no legislation sent to the senate while the tariff bill is being considered there, the house will not take up any measures which might conflict with its request.

Woman On Trial for Man's Murder
Jury Impaneling in Laura Peter Case On in District Court Today.

After several postponements, all for good reason, Laura Peter will go on trial for murder in the first degree in district court this morning.

The woman, who is colored, is charged with killing a man of her own race named Jack Chenault. In South Omaha, where she was born and lived, he was better known as Dempsey.

Chenault was more or less unlamented after his death and his character may be something of a handicap to the state. His defense can hardly argue that the woman performed a social service in killing him with a hatchet, but the fact that she was not a model citizen inevitably makes the crime seem less serious, though in law it is no less a crime for this reason.

ILLINOIS CENTRAL STARTS MAGAZINE FOR EMPLOYEES
Sam North Gets Copies of First Issue of New Publication.

Beginning with June, the Illinois Central Railroad company will publish a magazine in the interests of the company and its 75,000 employes. This is in line with other railroads, many of which publish magazines of some size and reputation, which are read widely by both employes and the general traveling public.

The Illinois Central starts out with a magazine which looks the equal of anything of the kind ever attempted by a railroad company. It has over eighty pages of reading matter and some thirty pages of advertising.

Some of the stories are just stories and others are
