DEAF STUDENTS GRADUATE

Senator Gilliland of Glenwood delivers the address.

Seven young women and six young men, composing this year's graduating class, were presented with diplomas yesterday afternoon at the commencement exercises of the Iowa School for the Deaf, which were attended by many from this city. Probably the most interesting features of the program were the exercises by the pupils, showing the remarkable progress which has been made in recent years in the instruction of those who are deficient in hearing and speech. This was particularly exemplified by the oral exercise in arithmetic. State Senator Shirley Gilliland of Glenwood delivered the address, which was interpreted to the pupils by Miss Davidson. The class poem, "Higher Still," which is the motto of the 1869 class, composed by Schuyler Long, the principal, was read by Superintendent Rothert, who presided over the exercises.

The thirteen graduates to receive diplomas were:

- Effie Lulu Johnson, Arthur, Ida county.
- Helen Marie Kellogg, Sioux City, Woodbury county.
- Martha Veturia Wykoff, Grand Junction, Green county.
- Laura Anna Opher, Waukon, Allamakee county.
- Johanna Hannah Sparrowgrove, Marengo, Iowa county.
- Ameila Watne, Council Bluffs.
- Tula Valetta Franks, Kennedy, Dallas county.
- Rose Davidson, Bradyville, Page county.
- Clyde Stevens Hazzlett, Allison, Butler county.
- William Reinholdt Koschins, Springdale, Woodbury county.
- Roy Edward Beaver, Oto, Woodbury county.
- Thomas Thomas Dellroy, Carroll county.

NEW LINE WILL BE BUILT

Electric Railroad to Treynor is Now Assured.

The building of the line between Treynor and Council Bluffs is assured as indicated by the filing yesterday of a trust deed by the Iowa & Omaha Short Line Railway, incorporated under the laws of South Dakota, to John J. Spindler and Ernest H. Hart, cashier and president, respectively, of the First National bank of this city. The trust deed is to protect an issue of \$150,000, 6 per cent, two-year's construction bonds, payable June 10, 1911.

George W. Adams, president of the company, was in the city yesterday. Mr. Adams is a resident of Walnut, in the eastern part of Pottawattamie county, and he expressed the opinion that the proposition to issue bonds for a free bridge across the Missouri river would never carry, as it would be defeated by an overwhelming vote in the eastern part of the county. street, stopped at a drug store at 511 South Main street to leave a prescription. Seeing a car approaching he ran from the drug store and attempted to board the car, which proved to be that used by the company for sight-seeing trips. This car does not stop for passengers except at the terminals, and Dr. Cole, in attempting to climb on the steps as the car passed him, slipped and fell, in some manner doubling his foot under him so as to cause a compound fracture of the bones of the ankle.

Dr. Cole managed to reach the curb, where he sat, and with his handkerchief attempted to prevent the flow of the blood, resulting from the bones having pierced the flesh, until Dr. H. B. Jennings, who occupies the office with him, arrived in his ambulance. From his office Dr. Cole was taken in the city ambulance to Mercy hospital, where it was found necessary to amputate the injured foot, the operation being performed by Donald Macrae.

of the free bridge Mr. Adams has a scheme to secure the co-operation of some of the railroads now using the Union Pacific bridge with his company in building a bridge between Council Bluffs and Omaha. He said that the Iowa & Omaha Short Line company intended to make an effort to cross the river at this point, and the plan to secure the co-operation of some of the railroads now using the Union Pacific bridge was his idea of overcoming the difficulty.

ing the Yukon-Alaska exposition, has met there a number of prominent fruit growers of that section of the country, among them Captain Shawhan, who had charge of the Idaho exhibit at the show here last year. Mr. Hens is enthusiastic over the interest he finds manifested in the big fruit show to be held in Council Bluffs this year. In a letter to General Manager Freeman L. Reed of the National Horticultural congress, received by the latter yesterday, he writes:

We have the opportunity to make the exposition the biggest that has ever been held in this country. Captain Shawhan told me he thought the exposition this fall would be the biggest fruit exhibit that has ever been held anywhere, and that he and Mr. Woods are in favor of making it a permanent Council Bluffs institution. They think the location is as fine as it is central, and that after we have added the building additions now contemplated the conditions will be ideal for holding all future national fruit exhibitions. They think that after it is known that the exposition is permanently located the interest will annually increase.
