### \$2.50 Oxfords for Women

Some women entertain the idea that a shoe that costs less than \$5.00 can not possess the necessary amount of grace and style. These women have not seen our \$2.50 oxfords. All they need to be convinced that these oxfords have all the style and quality in them that can be put in an oxford is to see them. We are demonstrating to these women every day and every day they are buying these \$2.50 oxfords. We have a corps of expert shoe fitters who fit a shoe so perfectly that the most tender foot feels as though it had no shoe on.
