AFFAIRS AT SOUTH OMAHA

Ban is Placed on Fireworks Sunday, July Fourth.

NEW SLAUGHTER HOUSE OPENED

Switzer Has Preliminary Trial of Plant in New Six-Story Building—Woman Attempts Suicide.

The chief of police was instructed by the Board of Fire and Police Commissioners to maintain strict order in the city on Sunday, July 4, and permit no fireworks of the holiday.

The board announced that the saloons would be required to observe the daylight saloon law in all particulars beginning on the morning of July 2. The law goes into effect at midnight July 1. The police will visit all South Omaha saloons before that date and give warning that the rule is to be observed.

New Slaughter House Opened. Swift and company made a short test run in the hog killing department of the new slaughter house Wednesday.

Switzer Has Preliminary Trial of Plant in New Six-Story Building—Woman Attempts Suicide. The trial of the woman who attempted suicide in the new six-story building was held Wednesday.

Obtaining Money Under False Pretenses—On the charge of obtaining money under false pretenses, John A. Smith, alias John Strong, has been made the defendant in a police court case.

WALTER OSGOOD IDENTIFIED. Alleged Fugitive Recognized by Two Men Who Claim They Were Victim.

Walter Osgood, an alleged fugitive from justice, who was arrested Monday afternoon by Deputy United States Marshal McCallum and Secret Service Officer H. B. Mills, has been identified by two of the men whom he victimized at the county jail.

Osgood was indicted in April on the charge of impersonating a government officer and for issuing fraudulent checks on the strength of such impersonation.

It was he who was thought to be concealed in the rooms of Mrs. Florine, a laundress at Florence, who was a cousin-in-law of Osgood, and whose attempted arrest a week ago was related by Mrs. Florine and her daughter, Grace.

The women were arrested the following day for retaining government officials, and were bound over to the federal grand jury in \$500 each. Mrs. Florine asserted at the hearing that Osgood had been dead three months, and that his body had been sent to his former home in Lexington, Ky., for burial.

Considerable sympathy was manifested for the two women at the time by those present at the hearing, the presumption being that they were hysterically defending their home and that Osgood was not there.

The federal authorities have since learned, as they believed at the time of the attempted arrest, that Osgood was in the house, and that he was urging the women on, using them as a foil to assist him in escaping. He did escape that night, but was arrested later.

LICENSE CLERK KEPT BUSY. Nuptial Knots Make New Record and Hasten Divorces.

For every five marriage licenses issued at the Douglas county court house in the month of June there has been one divorce decreed. The number of licenses issued was 284, as compared with 207 in June last year and 144 in June ten years ago, and there were fifty-one divorces. In the six months since the first of January there have been licenses issued for 1,013 marriages, which is eighty-six more than were given out in the first half of last year.

The banner month for divorces this year has been the month of June. There were fourteen more decrees last month than in January, which is second with thirty-seven. The first half of 1932 has seen 196 husbands separated from their wives by orders of Omaha judges.

The oldest groom of the month was 74, and his bride 68, while half a dozen were at least beyond the half-century mark. The contracting parties have been of every nationality.

DODGE STREET VIADUCT SURE. Highway and City Officials Meet and Agree to Adopt Plans.

While officials of the Missouri Pacific were noncommittal in their conference with the city engineer yesterday, they announced they were ready to meet with the council and proceed with the adoption of plans for the proposed viaduct over the company's tracks at Forty-sixth and Dodge streets.

A. D. Bernard, superintendent of the company at Atchison, Kan., and Michael Loftus, local freight agent, represented the company at the conference. The city council will take up the matter of the viaduct in meeting of the committee of the whole Tuesday afternoon.

WARR. Do you know what it means? If you would like to know, write W. S. Cookson, A. G. P. A., Grand Trunk Railway Station, 126 Adams street, Chicago, who will send you a beautifully illustrated booklet, which tells, and at the same time describes the new hotel which bears the name.

LIE PASSED AT SCHOOL BOARD

Election of Janitors Causes Warm Words Over Report.

CHRISTIE AND VANCE DISPUTE

Substitution of Carnaby for Parker as Engineer at High School Brings Out Exchange of Uncomplimentary Remarks.

Passing of the lie back and forth between two members of the Board of Education at Wednesday night's session of that body caused the chairman, A. C. Kennedy, vice president of the board to step for order several times and to remind the deliberants of the dignity of the position which they hold.

W. B. Christie and Dr. J. H. Vance caused the commotion, the dispute being over the substitution of Joseph Carnaby for George H. Parker as an engineer at the high school building. Three members of the committee on buildings and grounds, headed by F. B. Kennard, recommended the substitution, and it was made over the protests of Members James C. Lindsay, Carl E. Herring, S. P. Bostwick and W. B. Christie, who voted against it.

Chairman Kennard said the change in engineers was proposed for the sake of harmony. Thomas H. Fitzgerald, head janitor and custodian of the high school building, and Engineer Parker could not get along together, and he said Parker should be let out so as to do away with existing animosity. Christie supported Chairman Kennard on this point.

Opposition to the Report. Member Lindsay objected on the ground that this sort of procedure is "child's play," and that the custodian and engineer "should be locked in a room and made to fight out their differences." Member Herring said a system of civil service had been inaugurated by the board, and an employee should not be discharged for the simple reason that he could not get along with another employe, and that on the whole it is a good thing, sometimes, that all men are not of the same mind.

Member Christie made the statement that Dr. Vance, who had saved his (Christie's) life, had said he would "get Parker's scalp."

"That is not so," replied Dr. Vance, rising in his seat.

"It is so, and I can prove it," said Member Christie.

"You cannot prove it and the statement is a lie," said the doctor.

"If you say it is not so you lie," shot back Member Christie.

"It is a lie," calmly replied Dr. Vance, and the president rapped for order.

List of Employees. The roll was then called and Joseph Carnaby was elected to the post of George F. Parker as high school engineer, together with the following other employees:

DR. FULTON'S RESIGNATION ACCEPTED BY CHURCH

Westminster Congregation Joins in His Request to Presbytery to Release Him.

The resignation of Dr. W. S. Fulton as pastor of the Westminster Presbyterian church, was accepted by the congregation of the church, so far as they can do so, at a meeting held at the church Wednesday night.

The resignation of Dr. Fulton, which was announced in the Times Monday, came as a shock to the church and much feeling was expressed over his unchangeable decision to leave his charge here.

Efforts were made last night to induce him to reconsider his plans, but when these were found unavailing the congregation acceded to his wish and joined with him in a request to the Presbytery, which meets at the First Presbyterian church Tuesday, July 4, to accept the resignation.

The following resolution was adopted at the meeting last night: Resolved, That while we feel impelled by the force of the pastoral relation, we do so with deep regret. And in doing so we desire to express our high regard and affection for Dr. Fulton personally and of his ministerial work while he has been with us as our pastor; and to bespeak for him and Mrs. Fulton the loving oversight, protection and guidance in all their future life.

SAVES UNCLE SAM EXPENSE. Woman Serves Time in Douglas County Jail Instead of Making Trip to Crawford.

Mrs. Theresa Kriebaum of Crawford, who paid a fine of \$10.00 and was sentenced to twenty-four hours imprisonment in the Crawford jail Tuesday upon her plea of guilty of importing a young woman into the United States for immoral purposes, concluded to serve her imprisonment sentence in the Douglas county jail if arrangements could be so made.

There was a coincidence thought on this proposition by the federal officials, owing to the expense that would be involved in having the woman taken back to Crawford as a federal prisoner in charge of a deputy marshal for so long an imprisonment. And about the time Mrs. Kriebaum was thinking of having the place of imprisonment transferred to Douglas county, the United States marshal was debating the same proposition. The attorney for Mrs. Kriebaum had already left the building, and in searching for him the official met Mr. and Mrs. Kriebaum, who were hunting for their attorney on the same matter.

Consequently the matter was arranged between the parties and an order was secured from Judge Munger directing the imprisonment sentence to be carried out in the Douglas county jail. Mrs. Kriebaum completed her twenty-four-hour sentence Wednesday afternoon and was released from custody.
