BRANDEIS STORES .---.

# Cold Storage

We are now entering on the extreme hot season for this year and there will be three long months of it. Ice has never been as cheap as now. You can get just as much comfort out of a large Cold Storage Refrigerator during July, August and September as you can out of a large Howe Ventilator Base Burner during January, February and March. We sell the Cold Storage on small monthly payments or a cut price for cash, as every family, no matter how small their income is, can afford one. The Cold Storage was awarded highest premium at the St. Louis Exposition for Ice and Provision keeping qualities, quality of the white enamel, and the glass trap. We have only sold it in Omaha four years and it already has made a reputation and is the best known Refrigerator sold in Omaha. Nothing ever spoils in a Cold Storage. Read what people who know a good Refrigerator when they use it say about the Cold Storage. Mr. Stolspart,

Freight Agent for the Eric R. R., said this morning: "That Refrigerator proved what it will do during that hot weather last week. Our other one never compared with it." Mr. Stiles, manager of the shoe department of the Brandels stores, after he had bought a Cold Storage a month ago, said: "I got stung on a refrigerator last season, but now I bought one that I know something about." A few days ago he called us up to tell us how well his wife was pleased with ft.

Remember we are exclusive agents for the Detroit Ideal, the finest gas stove in the world.
