Edmundson has won both games he has pitched for Omaha.

Omaha made three doubles, a triple and two safe bunts in the fourth inning.

Holland stayed in the game long enough after he hurt his fluger to drive out a triple and then retired.

Kane was the star with the willow, making four safe drives—three singles and a double—in five times up.

Omaha players have fattened up their batting averages considerably during the stay of the Topeka and Wighita teams.

CURES

The cause of all skin diseases can be traced to some humer or acid in the blood; the cuticle is always healthy where the circulation is free from When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of akin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause.
