DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female illa, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."
—EMMA DRAPER.

Another Operation Avoided.
Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."
—MRS. ALVENA SPRELLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female illa, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Love-Malone Contest.

The preliminaries of the contest for the office of mayor between Don L. Love and Robert Malone have reached the supreme court. Malone filed a contest for the office after Love had been given the certificate of election by the council and had qualified as such officer. Attorneys for Love objected to the county court hearing the contest inasmuch as the council had canvassed the vote and no objection had been made previous to Love taking his seat, and asked the district court for a mandamus to compel the county court to desist in hearing the case. The mandamus was denied and the attorneys for the mayor appealed to the supreme court from that decision. In the meantime Mayor Love holds the office and the time for another election is slowly coming along.

Sec. 2. Woman in Black Peers in Windows

Nebraska City Has Female "Peeping Tom," Who Mystifies Police

NEBRASKA CITY, Neb., July 15.—(Special.)—Another scare is on in this city over a mysterious woman in black, who goes about in various parts of the city and peeps into the windows at the homes occupied by women or where the men are absent from the homes. Several times she has been chased and the police have been trying for some days to locate the guilty party, but in vain. Some are inclined to the belief that it is a man dressed as a woman, and two women have taken shots at the figure, but failed to hit it. Many women will not go on the streets after night without an escort.

She was lodged in jail to await her hearing.

a brother living north of Lomax, and on Tuesday while absent from the house the child wandered away and all efforts to find it were unavailing, although bloodhounds were used and about 300 people joined in the search. When found the child seemed little the worse for the exposure.

CUBAN VICTIM OF GAY LIFE

Son of Wealthy Planter Ends Life After Pursuing Actress.

REFUSED MONEY FROM HOME

Young Student at Poughkeepsie Leaves School to Trail Stage Beauty—Parents Cut Off His Funds.

NEW YORK, July 15.—Buletde today ended the gay career of a young Cuban, Juan Balsinde, who shot himself while in his apartments at 211 East Fourteenth. Nearly 200 seat checks from theaters, some memoranda and a letter indicated that he had been infatuated with an actress and had followed her from place to place in Cuba and in this country. He killed himself, it is believed, because his money had given out and his love affair had lost its interest.

Balsinde, who was 28 years old, had been attending a school at Poughkeepsie. He returned to this country from Cuba several months ago, following the company. A letter dated July 2 found in his room was addressed "Dear Louisa." The letter said in part:

"I am going away soon. I have had enough trouble with my people already. I am going back to Cuba to my mother, who will forgive me for all my foolish acts."

"I will be the same aristocratic young gentleman I was when I left Havana a year ago with the foolish purpose to follow an actress girl. Remember, I said I came here to New York to see a friend and you have tried to stop my friendship toward that one. Tell me she does not love me, but is only after my money. That is not so, for she is a good girl and works. It is you that have been after my money. I love her and will see her when I come back. Good-bye. JUAN."

The clerk at the hotel told the police that his father was a member of the firm of Balsinde Brothers, owners of extensive sugar plantations.

Among the memoranda in the youth's room were notes showing that his expenses from June 19 to July 4 had been \$48. A letter, apparently written by his mother, said that he no more money would be sent him unless he returned to his school at Poughkeepsie.

Small Grain Promises Well.

HURON, S. D., July 15.—(Special.)—Favorable reports received today from a dozen or more localities in the Jim river valley indicate that crops are in flourishing condition. During the present month an inch of rain has fallen, the showers being generally well distributed. There is no lack of moisture and small grain is making rapid progress. Corn is in good condition and generally free from weeds. The stand is exceptionally strong and the color good. With warm weather the small grain harvest will begin a little earlier than last season. Farmers anticipate no shortage of help, many of them having already arranged for all they will need. The hay crop is exceptionally fine, and one of the heaviest known in this section of the state.

Good Times Ahead, Says James J. Hill

Railroad Magnate Predicts Period of Prosperity Will Follow Tariff Fight.

WASHINGTON, July 15.—"As soon as the tariff is out of the way," said James J. Hill, who yesterday was one of President Taft's callers, this country will enjoy a prosperity which will at least equal if it does not surpass that which it knew under the McKinley administration.

"Last month I traveled extensively through the west, and I never saw such activity among the farmers. Everywhere I made inquiry and learned crops were abundant and the farmers were satisfied. Signs of financial depression of 1907 are fast fading.

"Freight cars will be at a premium within a few weeks. We of the railroad world judge the prosperity of the nation as much by the number of idle cars as anything else. Throughout the last year there have been thousands of cars idle, but they will soon be rolling about the country filled with freight."
