The test came when Governor Stubbs wrote to the directors of the club stating that, as governor of a prohibition state, he maintained a "locker" system built to accommodate liquors for members. The directors took the matter under advisement. They agreed without a dissenting vote that they were fond of the governor, but that when it came to getting along without a governor or without their booze, they would try leaving the governor's name off the list of members. In effect, they declared, "We love you, Governor, but oh, you boose."

TEST OF A FISHERMAN.

Detroit Free Press. Detroit Free Press.

The world has many anglers, but Real fishermen are few, An angler loves to sit and chat About the sport with you. He'll tell you how he loves the ga How he could spend all day Casting a balted hook for bass In river, lake or bay. And yet the angler is a man—Oh, there are lots of them—Who will not quit his bed to fish At 4 o'clock a. m.

The fisherman will rise at dawn loves the game,

The fisherman will rise at dawn
And quickly slip away
To cast his line into the deep
Before it's break of day.
The angior, though, the night before
Will swear that he will rise,
But when the fisherman gets up,
It is in vain he tries
To rouse the angier from his sleep—
He sticks unto his cot:

He sticks unto his cot; To fish? Well, I guess not. The fisherman will row a hoat For miles and miles and miles, And, catching but a fish or two, His face is wreathed in smiles.

The angler wants a cushioned seat And room to stretch and yawn A place to sleep if they do And weariness comes on The morning star knows fishermen, And smiling, welcomes them;

The anglers, though, it never sees— They sleep till 2 a. m.
