

TAX TEN CENTS ON DOLLAR

Very Near That is What Property Owners Will Pay This Year.

BASIS ONE-FIFTH VALUATION

This Includes State, County, City, School and Water Board Revenue—County Valuations Will Be Higher.

Omaha property owners will this year pay a tax of very nearly 10 cents on the dollar, figured on the assessed valuation of one-fifth of the actual valuation.

The total tax, based on the assessed valuation not yet passed upon by the State Board of Equalization amounts to \$6.2 mills.

The city school and water board tax is based on this year's valuation; the state and county tax on last year's valuation.

The county commissioners have not yet made the appropriation for this year, which precludes exact figuring, as on the city and school tax. The county valuation has been increased a little over \$1,000,000, but the appropriations will be higher and it is believed that the tax this year will be about the same as last year's.

The levy of 9.2 mills is subdivided into several departments of government, as follows:

Mills. City general fund..... 2.4 City sinking fund..... 2.4 City water board fund..... 1.4 City school fund..... 4.3 State general fund..... 4.3 State Univ. and redemption funds..... 2.0 County general fund..... 8.0 County other funds..... 5.5

Total levy..... 9.2 The total county value, as returned by the state board after equalization, was \$4,485,000. The valuation this year, as sent to the State Board of Equalization, but not yet equalized and returned, is \$5,723,153, or an increase of \$1,238,153.

On this valuation of last year state and county taxes amounting to \$1,220,727, as returned by the state board after equalization, with a levy of 9.8 mills, in addition to this sum \$1,485,034.44 was raised for school and village purposes, but for these latter item Omaha taxpayers paid no tax.

Last Year's Revenue. The state tax of 6.3 mills last year raised \$25,300.37 for three separate funds as follows: General fund, 4.3 mills, \$146,401.25; university fund, 1 mill, \$34,448.96; redemption fund, 1 mill, \$34,448.96. There will be no redemption fund this year, but aside from that the tax, as estimated, will be as high if not higher.

The county tax of 2.8 mills last year raised \$62,929.35 for five funds, a sixth fund, the poll tax, being raised by direct tax instead of a mill levy. These funds were divided as follows: General fund, 9 mills, \$19,022.64; road, 2.1 mills, \$7,240.92; bridge, 1.1 mills, \$3,122.09; sinking fund, 1.1 mills, \$3,122.09; soldiers' relief fund, .2 of a mill, \$6,589.60; poll tax, \$3,442.50.

In the city the general fund levy of 28.4 mills will raise \$1,000,000, the sinking fund levy of 9.5 mills will raise \$320,000, the water board levy of 13.4 mills will raise \$235,000, and the school board levy of 16 mills will raise \$441,000.

Mayor Dahlman will tonight veto the city appropriation calling for a levy to raise \$1,000,000 for general fund purposes, and will ask the council to cut this to \$500,000. If the council sustains the mayor, about 2 mills will be cut from the city levy. The mayor believes the cut can be made in consideration of money to be received from the public service franchised corporations under the operation of the proposed occupation tax ordinances which are expected to be passed by the council and in force by September 1 of this year.
