Members Unable to Understand Why Land Should Be Worth Less Than it Was Four Years Ago.

(From a Staff Correspondent.) LINCOLN, July 21 .- (Special.) - An analyboard is unable to figure. Land is assessed only once in every four years and each year the improvements made thereon is assessed. Every county, therefore, should show an increased value of lands. As far as reported the decreases are as follows: Hooker, \$6,000; Lancaster, \$34,000; Logan, \$1,000; Merrick, \$3,000. Furnas county lands increased just \$1, while Knox county lands were returned at exactly the same valuation as last year.
