FIGHT TO SAVE DUTY ON HIDES

(Continued from First Page.)

at 45 cents a ton, although some of the conferees think it should be made as low as 40 cents and others desire a 50-cent duty. It is settled that the reciprocal free trade provision adopted by the house will be eliminated; also that oil will go on the free list through the rejection of the countervailing duty provision adopted by the senate.
The glove and hosiery schedules, which were materially increased by the house over the Dingley rates, remain unsettled.

EXPERTS ON THAW'S SANITY

Report of Commission Declaring Him Same to Be Used When Hearing Is Resumed.

NEW YORK, July 24.—The report of the commission that inquired into the mental condition of Harry K. Thaw during his first trial, together with all letters and exhibits, will be produced when the hearing on Thaw's present sanity is resumed at White Plains Monday. An order to this effect, signed by Justice Mills, was served upon the deputy clerk of the court of general sessions here today.
The commission was appointed by Justice Fitzgerald, who presided at the first trial. It consisted of Attorneys Peter B. Olney and David McClure and Dr. Leopold Pitzel. Their report declared Thaw sane. On the application of District Attorney Jerome and of Thaw's counsel, however, the report was scaled and was not made beyond the conclusion, never made public.

OREGON CAVES TO BE SAVED

President Taft Signs Proclamation Making Marble Halls National Property.

WASHINGTON, July 24.—Oregon Caves, or "the marble halls of southern Oregon," are to be preserved by the government against the vandalism and the inconvenience of the private owners. President Taft has just signed a proclamation making them a national monument. The government will improve the facilities for reaching the caves in addition to what the forest service already has done along that line.

CAPTAIN DEAD ON TUG

Shot Is Heard as Boat Nears New York Port—Had Been In Bad Health.

NEW YORK, July 24.—As the pilot was bringing the tugboat, "Tuscan" into port today a shot was heard in the officers' cabin and the steward went below to find the captain, James Crichton, dead on the floor with a bullet wound in his head and a smoking revolver beside him. Captain Crichton was 35 years old and unmarried. He had suffered from ill health.

HUNDREDS SEE BOAT BURN

Captain and Deck Hand Escape from Vessel Without Their Clothes.

EVANSVILLE, Ind., July 24.—Hundreds of people lined the banks of the Ohio river early today to watch the burning of the freighter, Berneide King. The boat had been tied up at a wharf here. Captain John Woods and a deck hand escaped without their clothes. The boat was cut loose and it drifted out into mid-stream and down the river a mile before it sank. Loss is said to be \$10,000.

GOOD FROM THE START

Fifty-five years ago Gund's Beers were made in a six-gallon kettle. The superior grade of barley grown about this then sparsely settled region was the chief attraction that drew this famous German brewmaster to La Crosse. Now it is the heart of the world's finest barley growing belt and the cream of every barley crop comes to his brewery, from which

Gund's Peerless

combined with the finest hops grown in Old Bohemia, is brewed. Instead of a log brewery today, there stands a mammoth model 20th century plant operated and lighted by electricity to which visitors are always welcome.

It is impossible to brew a beer of a higher quality than Peerless. You should see that it is always in your home. Telephone us today for a case of Peerless, the beer of matchless flavor.

GLIDDEN CARS IN DENVER

Roads Pronounced the Worst Ever Traversed by Autos.

ONLY ONE CAR IS PENALIZED

Thomas Press Car Breaks Through Bridge Seventy Miles Out of Denver—Glides Car Not In at 10 P. M.

DENVER, Colo., July 24.—(Special Telegram.)—Until today the 154 miles of rocks and gumbo between Madison and La Crosse, Wis., was called the worst which Glidden tourists had ever traveled. However, the 206 miles negotiated today over unblasted prairie trails, through running streams and over the foot hills of the Rockies to this city were the worst yet encountered on any American automobile tour.

Despite these terrible conditions only one car was penalized, although dozens of cars were pushed and pulled out of sand, mud and water. For miles no living thing was seen and not even a shed had been erected on the sunburned prairie. With gritty hands gripping steering wheels and cracked and bleeding lips closed over clenched teeth, drivers brought their cars to this control with but one penalization. The car penalized was Thomas No. 11. This was for repairing a broken gasoline feed pipe.

Confetti Car Burned.

After leaving Julesburg the cars encountered fair roads for thirty miles. Then a twisting trail over rotten bridges was encountered and all cars fell behind schedule. Next came good going for twenty miles, when 100 miles of prairie was encountered. Across this vast expanse of cactus, sage brush and alkali no trail that could be followed was found. An engine spark having set fire to the E. M. F. confetti car destroyed the only means the pilot had of blazing the way. For seventy-five miles the tourists steered about the prairie by dead reckoning, making many detours by losing the way. Across the prairie a dozen irrigating ditches unbridged had to be crossed. Not until cars plunged in was it possible to determine the depth. No tourist escaped being drenched in mud and water. After crossing a dozen ditches the course led up the foothills. Grades of all degrees were encountered. This was the most desolate portion of the trip. Even the ambitious housekeeper lacked the temerity to attempt to build even a shed upon this stinging soil. The only living thing encountered for fifty miles was the inhabitants of a prairie dog village. A dozen punctures were caused by contact with cactus.

DIAZ WILL COME ACROSS LINE

President of Mexico Is Willing to Meet Taft at San Antonio.

WASHINGTON, July 24.—It seems probable that President Taft will meet President Diaz of Mexico at San Antonio, Tex., instead of El Paso, late in September or early in October.

Although there is no constitutional inhibition against the president visiting a foreign country there is an iron clad precedent covering the whole period since the establishment of the government, which Mr. Taft is not disposed to break.

These facts were communicated to President Diaz, who promptly made it known that he would be much pleased to meet President Taft on American territory provided the Mexican congress granted the necessary permission, of which there seemed to be no doubt.

Dentistry Without Pain

A good many people have asked me if it is not rather difficult to think up new talks twice a week. I replied it was not, for the reason that my patients were always saying good things about my gentle, painless methods, which makes good copy.
