How Good Ginger Ale Improves Health

Good ginger ale, such as sparkling Hydrox, contains pure carbonic acid gas.

> This gas is often put into milk at many physicians' directions to make the milk digestible.

> It separates the food globules so the digestive juices can instantly get to each particle. It also stimulates bowel action naturally just as natural exercise does. It's this gas that gives Hydrox its wonderful "sparkle." We make the gas in our own factory from bi-carbonate of soda.

No One Ever Neea

Have Indigestion No one need ever have indigestion If he will drink sparkling Hydrox Ginger Ale.

Ginger, as well as carbonic acid gas, is an aid to digestion.

It gives the stomach just enough warmth so that Hydroz can be taken ice cold without any shock to the nerves of the stomach.

It is good to know of a cooling drink that one can take in hot weather with benefit. For most ice-cold drinks are harmful.

Note the Food Value

That is another point to consider. Sparkling Hydrox Ginger Ale imparts strength for hot weather.

It contains the best table sugar. Sugar is 97% nutriment. It produces more energy than wheat. The nourishment one gets from sugar goes directly into the blood.

We could get the same sweetening from one ounce of saccharine as we now get from twenty-five pounds of sugar. Some makers use it because of its cheapness. But saccharine has

no food value at all.

. C. Albach, aton Drug Co., untry Club.

held to the grand jury. His bond was valuable works, among them an early ad- before the convention is over." said the

Rich m r ruit Juices Then Sparkling Hydrox contains a rich blend of fruit julces which we extract in our own factory from the fruits themselves. We could buy con-centrated extracts made from green or over-ripe fruits. But the drink would then lack its mlid and healthful effect on the bowels.

There is no other good drink you can buy that is one half so good for you. Children should drink Hydrox Ginger Ale-three or four times every day.

The Very Finest Materials

We import our ginger root from Jamaica.

We use double distilled aerated water which is an excellent solvent. Each bottle is twice inspected be fore and after filling.

We carry purity to the extreme. Then we age the ginger ale six months to insure a perfect blend and

smooth flavor. You are missing the best and most healthful of all soft drinks if you haven't tried Hydrox Ginger Ale. Get your first bottle today-see how good it is. Then order a case for the home. Serve it with every meal in

place of injurious iced tea. Sold only in quart and pint bottles.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the more women's secrets than any other man or woman in the country. These secrets are not scorets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their ex-pectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than helfes. will that record applies to the treatment of more than half-n- million women, in a practice of over 40 years, it is phenomenal,
