EDITOR SHOT WITHOUT TRIAL

Semblance of Peace and Order Secured at Barcelona By Slaughter of Thousands, According to Report.

BAYONNE, France, Aug. 2.—Reliable news regarding the situation in Spain received here this morning from San Sebastian reports conditions as grave there throughout the northern part of the country, where all the trades unions have given notice of the beginning of a general strike today.

The government has seized all the telegraph and telephone wires in the affected provinces to prevent communication among the leaders of the strike movement. The transmission of newspaper dispatches has been stopped entirely, forcing a suspension of a majority of the journals.

The greatest excitement reigns among the working classes. Reports received here direct from Madrid say King Alfonso is greatly depressed over the interior situation. He desires to throw his personal popularity in the scale, and it was with difficulty that he could be dissuaded from going to Barcelona in person. Premier Maura told him it would be equivalent to suicide to enter that hotbed of anarchy.

Some of the highest officers of the army are protesting vigorously against the maintenance of the censorship. Whether or not this restriction is foolish and useless and giving place to the widest and most exaggerated stories.

Thousands Reported Slain.

PARIS, Aug. 2.—The facts as to the situation at Barcelona still remain somewhat shrouded, as no correspondent has yet reached the city, which is isolated by land and sea. Nevertheless, it appears certain that General Sarrailh has restored a semblance of order in the city and today a serious effort to resume work will be made. At the solicitation of the authorities the employers of Barcelona have agreed to offer a premium of a week's wages to every person coming back to work.

At what cost in life and property comparative tranquility has been restored in Barcelona, however, still remains unknown. Refugees arriving at the frontier speak of the "terrible slaughter," and estimate the dead at thousands. Whether or not the ringleaders who were captured and tried and condemned to court-martial have actually been executed is not yet clear. It is known that Emiliano Giliastria, editor of the *Progreso*, was shot without trial in the fortress.

But if order has been restored at Barcelona it seems equally certain the outlying country, especially the district north of the city, still is in the hands of the revolutionaries and the task of reducing the remainder of the province probably will entail much additional fighting and bloodshed. Even the official dispatches from Madrid speak of the necessity of restoring order in the interior of the province and the difficulty of dislodging the "anarchists" who have taken refuge in the mountains.

Metilla Situation Unchanged.

MADRID, Aug. 2.—According to official dispatches received here last evening, the situation at Metilla remains unchanged. There are still strong bodies of Moors hiding in the gorges. Mount Guruga, the Moorish stronghold, is being constantly bombarded by the Spanish artillery. At Albuquerca, the Spanish island fortress and prison settlement on the Moroccan coast, the Moors have opened a rifle fire on the town.

Order at Barcelona.

BARCELONA, Aug. 2.—Order is today almost completely re-established in Barcelona proper, but the trouble continues on the outskirts of the city. Railroad communication with Barcelona has not been re-established.

HENRY CLAY PIERCE WEDS MRS. BURROWS IN LONDON

Ceremony Takes Place at St. George's Church in Hanover Square.

LONDON, Aug. 2.—Under a special license secured at Canterbury, Henry Clay Pierce of St. Louis was quietly married today at St. George's church, Hanover square, to Virginia Prickett Burrows, daughter of Major William Prickett of Edwardsville, Ill., whose former husband died four years ago.

Beyond the church officials only four persons witnessed the wedding. The bride was attended by her daughter, Virginia Burrows and given away by H. K. Anderson, Baron D'no De Morpouss supported the groom. The only other member of the wedding party was Mrs. Mary C. Mitchell, a relative of Mr. Pierce.

St. George's church, which is among the most fashionable in London and the place where the marriages of many Americans have been celebrated, was prettily decorated with flowers. The bride carried a beautiful bouquet of orchids. The ceremony was performed by the Rev. D. Anderson. After a quiet wedding breakfast, Mr. and Mrs. Pierce left for the continent.

Plan Combine M. P. Lines Into Single System

Stockholders Said to Be Considering Reorganization and \$150,000,000 Bond Issue.

NEW YORK, Aug. 2.—A special of the Missouri Pacific stockholders will be held on August 7 to vote on a consolidation of some twenty-one different companies now comprising the Missouri Pacific system, according to the Evening Post today. It is proposed, the paper continues, to form a new company, also to be called the Missouri Pacific Railway company to own and hold these properties and to itself capitalize at \$200,000,000 in stock. It will then be proposed to authorize a mortgage on all the properties aggregating \$150,000,000 and possibly more. Of this authorized under such mortgage about \$50,000,000 will be reserved for refunding. The remainder would be available as the source of new capital. It is understood that a syndicate of bankers has indicated its willingness to underwrite \$50,000,000 of the new bonds.

LONDON, Aug. 2.—The subcommittee of the imperial defense committee appointed to consider matters of aviation was given a verdict in favor of rigid dirigible balloons for naval purposes and non-rigid balloons for the army. The aeroplane committee considers that these machines possibly may become valuable to the army, but says they must be able to ascend to a much greater height than has been achieved before they will be safe for reconnoitering purposes.

How Two Champions of Free Silver Get Rich

I love my free silver, but oh you gold bugs!

Thus might the silvery-lipped champion of that sacred rite sing and in his song of prosperity might the fluent editor of his Commoner join without asking the pardon of any other man on earth.

It's a long span from the calamity days of old to the present piping times of peace and plenty, and it's a far cry from the old Bryan who tolled out his daily bread in the ordinary grind of a newspaper office. But the story of Mr. Bryan's wealth is an old one. Interest now centers on the splendid prosperity of Richard L. Metcalf, the man who stood beside and behind Bryan from the days of infamy in his eternal chase for the presidency and who has been first and foremost in preaching the doctrine of the Peerless Leader.

WESTERN SOLONS BLOCK THE BILL

Alleged "Joker" in Leather Schedule Arouses Ire of "Range" Senators.

SOME DUTIES NOT REDUCED

President Taft, However, Stands By Conference Report.

WRITES LETTERS ON SUBJECT

Denies Emphatically That "Joker" is in Measure.

CONCESSIONS ARE DEMANDED

Statesmen, Interested in Hide Duties, Threaten Defeat of Bill if Leather Rate is Not Cut Lower.

WASHINGTON, Aug. 2.—Tariff legislation has been delayed again by the hide and leather question and as a result the conferees were called together once more today.

Western senators complain that the leather schedule, as arranged by the conferees, with the approval of the president, is unfair to the states interested in protected hides. It was agreed today that some action must be taken to conciliate them if the conference report is to be adopted.

Without thought of serious obstacles in the pathway of the conference report, Senator Aldrich caused the report to be taken up today as soon as the senate met. As is usual, the senate leader and his associates moved about to ascertain whether there had been any change of sentiment. They were not long in learning that the charge that there was a "joker" in the compromise hide and leather question and upset the comfortable majority they had previously counted for the adoption of the report.

The difficulty appeared to be a lack of understanding between the conferees, the president and the western senators concerning the condition under which the latter consented to hides being placed on the free list.

Cause of the Kick.

The westerners claimed they had been led to believe that all boots and shoes of leather were to be dutiable at 10 per cent and that all harness was to be dutiable at 30 per cent. When the conference report was issued it appeared that the reductions applied only to articles manufactured in the United States.

Some of the western senators were extremely bitter in their condemnation of the compromise. They said they had been fooled; that the president had been fooled and that the trick played on the consumer was nothing short of buho.

It was declared by the conferees, in defense of their action, that the course pursued was necessary from a parliamentary standpoint. To have reduced all boots and shoes, they said, would have compelled the resubmission of the question to the house.

Senator Aldrich was among those who called at the White House. When he returned to the capitol he issued a call for a session of the conferees, including the house republican members. They assembled at 2:30 p. m. The western senators were ushered into the conference chamber singly or in pairs. Audiences were given to Senators Heyburn, Warren, Carter, Sutherland, Brown, Borah and Bourne. Invitations had been issued to Senators Dixon, Burket and Clark of Wyoming, but they did not accept.

Senator Aldrich and Representative Payne stated unequivocally that the language used in adjusting the hide counts was not a "joker." An effort was made to reach an understanding with the men from the cattle raising states. They said that the word had gone out over the west that free hides had been given for cheaper shoes and harness, and that their constituents would not be satisfied with any other bargain.

Conferees Meet Again.

Senators Brown and Borah both had letters from the president bearing upon the alleged "joker." The senators read these letters to the conferees. The letter from Senator Borah was in response to one he

THREE PER CENT FLAT RATE

Occupation Tax Finally Agreed on By City Council.

SLIDING SCALE IS CUT OUT

City Attorney Burnam Advises Council That This Feature Would Not Stand Test of the Law.

Three per cent flat on the gross receipts will be the amount of the occupation tax on public utility corporations occupying the streets of the city of Omaha. This was decided upon Monday afternoon by the city council committee of the whole. The proposed sliding scale whereby the tax would be increased from time to time as the receipts of the affected companies increased was eliminated on the advice of City Attorney Burnam, who told the councilmen that the "sliding scale" feature would not stand a test in the courts.

The second set of ordinances will be placed on file and the original ordinances drawn and introduced by former Councilman Harry B. Zimman, who started the occupation tax movement, will be those passed, 3 per cent being substituted for 5 per cent.

When Councilman Berka, chairman of the judiciary committee, reported on the ordinance in the committee meeting, Councilman Burmaster, Brucker, Davis, Funkhouser, Johnson, McGovern and Sheldon voted for 3 per cent. Councilmen Bridges, Berka, Hummel, Kugel and Schroeder voted for 5 per cent.

The tax will be assessed without any regard to the royalties paid by the electric companies, though the royalty paid by the Independent Telephone company will be deducted from the occupation tax.

O. K. Cow Ordinance.

The committee at its Monday afternoon meeting also recommended for passage Dr. Connell's ordinance requiring testing of all dairy cows for tuberculosis or the pasteurizing of all milk sold in Omaha; placed on file an ordinance requiring the signature of the mayor, license inspector and clerk to circus licenses, and declined to

Auto Accident

May Be Fatal

Concussion of Brain Threatens Life of Dr. Morgan Cutler of New York.

Dr. Morgan Cutler of New York, son of Coroner Lewis Cutler of Council Bluffs, may die of concussion of the brain as the result of an automobile accident.

Cutler, who is interne at the Metropolitan hospital, New York, and Dr. Carl West of Council Bluffs were going north on the Florence road when about 1:15 in the morning their auto plunged into a large hole in the road. The impact smashed the machine and threw the men out, Cutler striking on his head with great force. Dr. West was not seriously injured, though cut about the face and bruised. Cutler was rendered unconscious. The men were taken to the Swedish hospital, where Dr. Paul H. Ellis treated them, and, later, Dr. West, with Coroner Cutler, took the latter's son to the home of his parents in Council Bluffs, where he was visiting. He is still unconscious and may die.

The accident occurred at a point in the road opposite the Stroud home and about four blocks from the Rome Miller residence. A great hole had been washed out evidently and a lantern had been left to mark the place for travelers, but when these men encountered the hole the danger signal was not there and they had no means of perceiving what they were running into.

REPORT CAUSES COTTON RISE

Alleged Bad Condition of Crop Leads to Sensational Advance in New York.

WASHINGTON, Aug. 2.—A cotton crop condition of 71.9 per cent of a normal on July 25 was announced by the Department of Agriculture today, against 74.6 a month ago, 82 a year ago and ten-year average on July 25 of 86.6.

The average condition of cotton on July 25, 1907, was 73, and 82.9 on July 25, 1906.

NEW YORK, Aug. 2.—A very excited advance in the price of cotton in the New York market following the publication of the government crop report today. January deliveries sold up from 12.35c to 12.70c in the ten minutes, or about \$2 per bale above the closing prices of Saturday, and within 14 points of the high record for the season, made early last month. The government report of 71.9 per cent represented a deterioration of 2.7 per cent from the month and was a low record for this season of the year.

EAGER TO HEAR THE WOMAN

Law Officers Believe Mrs. Phillips Will Tell Facts at Investigation.

IMPORTANT STORY IS EXPECTED

Wife of Supposed Slayer of M. C. Hamilton Delayed at Grand Island on Way to Omaha.

Mrs. James Phillips, wife of the supposed murderer of Marshall C. Hamilton, who was expected to arrive in Omaha from St. Paul yesterday afternoon, failed to get here, and it was reported that she was taken suddenly ill at Grand Island and had to remain there. When she comes she is expected to render valuable testimony, probably of a salacious sort.

Her story of the relations existing between Hamilton and herself and between Hamilton and Phillips, her husband, is greatly desired by the sheriff that it may be told to the coroner's jury, which meets this morning at 10 o'clock.

At the depot yesterday afternoon to meet Mrs. Phillips was the mother of the supposed murderer. She was accompanied by Edward Davis, a farmer who has lived a neighbor to the Phillips' family for years. Mrs. Phillips refused to discuss the case. She was asked where her daughter-in-law might stay in Grand Island and replied she did not know. She said the woman had no relatives there. She had received no word of the reported illness of her son's wife.

Davis was asked what he knew about the relations between Hamilton and Mrs. James Phillips. He said he thought they were altogether too intimate. He had observed several things which he believed would have made any man jealous of his wife.
