California Fruit Lands

We own and offer for sale, in ten, twenty and forty acre tracts, eighteen hundred acres of the best Fruit Lands in California.

This tract is seven miles south of Madera, the county seat of Madera county, and seventeen miles northwest of Fresno, one of the greatest fruit shipping points in the world.

It is about two miles from San Joaquin river, and in the heart of the great San Joaquin valley, famous the world over for the richness of its soil, and the opportunities it offers men of moderate means to acquire a competence within a few years on a small investment.

The soil is a rich alluvium, and the water proposition is all that could be desired.

Twenty acres of this land in Peaches, Apricots, Prunes, Raisins, Figs or Olives, will net you more money each year than 160 acres of the best farm land in Nebraska.

\$125 per acre; one-fifth cash, balance in semi-annual installments without interest.
