Murder Mystery Still Unsolved

Rochester Police Have No Clue to Identity of Slayer of Anna Schumaker.

ROCHESTER, N. Y., August 10.—Neither the longest in the murder of Anna Schumaker today nor the search that has been continued by county and city police officers has afforded anything like a substantial clue to the man who assaulted and brutally killed the 17-year-old girl last Saturday near Holy Sepulcher cemetery. The innocent character of the girl was easily established and the opinion is generally obtained, that the murderer was not a tramp, but some one familiar with the place where the crime was committed, and is now in the city or near it.

Two men have been questioned by the police, concerning the crime. One, a tramp, giving the name of Wall, was found at Charlotte, and released after being questioned. The second was arrested at Brad-dock's bay and was brought to Rochester for examination, but he also was released.

Perhaps the most interesting evidence given at the coroner's inquest was that of two coroner's physicians examined, who testified that parts of the face of the dead girl were in such a condition to establish that the murderer yielded the scene of the crime twice and that the body was exposed to daylight for some time.

Efforts are being made to find a young woman, who, it is said, was with Miss Schumacher when she was decorating the graves of her family last Saturday afternoon.

It developed tonight that a man called at a farm-home near the cemetery Sunday and asked for a pair of trousers, saying that he had been torn. A pair was given to him and this evening the discarded trousers were found near the cemetery. The trousers, it is said, are stained with blood. The police believe that in the find they have a promising clue. Two suspects were arrested at Victor, Ontario county this evening.

Gentle Dentistry

Should the gentleman from Wyoming read these lines, I'm sure he'll not mind my referring to his case.

He had three teeth extracted, three nerves removed and a seven-tooth bridge inserted, all in two sittings. "They can do it in our country," Doc said.

The only reason I could do so much for him in so short a time is that I did not hurt him. Gentle Dentistry Pays.

VAN SANT IS IN THE LEAD

Minnesota Man Will Probably Command Grand Army.

VETERANS HAVING GOOD TIME Indications that Next Encampment Will Go to Atlantic City—Ex-Prisoners of War Meet.

SALT LAKE, Utah, Aug. 10.—Sentiment at the national encampment of the Grand Army of the Republic tonight was regarded by a strong element as favorable to Samuel R. Van Sant, of Atlantic City, commander-in-chief. Atlantic City also seemed in the lead as the place for holding the 1932 encampment.

Nevertheless the followers of Judge W. H. Ketchum and the advocates of the St. Louis will not concede defeat. The election will be held Thursday.

The convention seekers and supporters of candidates worked hard today, but the thousands of old soldiers in the city had more important matters to attend to.

"If amusement interferes with your business, cut out the business," is the motto of the veterans, and they are living up to it. The encampment is, first of all, a holiday and the visitors do not allow their dignity as warriors to spoil their splashing in the lake, their rambling amid historic scenes and their post card signal service to distant friends.

Thousands of veterans and the army nurses were entertained free of charge by the management of the Salt Air pavilion at the lake side. Other thousands put in the day seeing the sights of the city.

Ex-Prisoners of War Meet. The Association of Union Ex-Prisoners of War held its business session with National Commander Harry White of Pennsylvania presiding this afternoon. Executive counsels of the Woman's Relief corps and other auxiliary bodies also devoted a part of the day to routine labor.

Under the vast dome of the Mormon tabernacle the Grand Army and all the auxiliary organizations met with National Commander Harry White of Pennsylvania presiding this afternoon. Executive counsels of the Woman's Relief corps and other auxiliary bodies also devoted a part of the day to routine labor.

Campfires were held at the Assembly hall and the armory. These were followed by a gorgeous display of fireworks on East main park, the display rising 1,000 feet at the northern edge of the city upon which the Mormon pioneers planted their flag at the first settlement of Utah.

Race for Relief Corps Presidency. There is a triple contest for the national presidency of the Woman's Relief corps, with Mrs. Jennie I. Berry of Iowa, Mrs. Belle Harris of Kansas and Mrs. Melissa Taylor of Indiana as the candidates. The council of the Ladies of the Grand Army of the Republic, the Andersonville prison board, the council of the Daughters of Veterans, the council of the Relief corps, the national press correspondents and the National Association of ex-Union Prisoners held business sessions today.

The city's guests find no fault with the temperature. The maximum yesterday was 86 degrees and the minimum 53 degrees.

YOUNG VETERANS IN CAMP Armies of Philippines and Foreign Service at Pittsburg.

PITTSBURG, Aug. 10.—The arrival of Lieutenant General S. R. M. Young, retired, acting as personal representative of President Taft, marked the opening of the convention of the veterans of foreign service and the army of the Philippines here today. Over 100 delegates of the two bodies are already in camp on the grounds of the Eighteenth Regiment armory. The organizations are composed of men who saw service in the Spanish war.

Prominent among the arriving visitors was Edward K. Lane of Missouri, Mont., former trooper in Colonel Roosevelt's regiment of Rough Riders. Lane was color sergeant of his troop when the famous band of cowpunchers and college men charged San Juan hill and vividly recalls stories incident to that well known episode in characteristic western phraseology.

The first business session of the two convention will be held tomorrow.

NEW STORY OF SUTTON'S DEATH

(Continued from First Page.)

most amicably after a little dinner party lasting two hours and ending about midnight. The dinner was at a local restaurant and Adams was one of Mrs. Parker's guests. It was remarked, too, that Mr. Burney, counsel for Lieutenant Adams, did not press Mrs. Parker to any extent on cross-examination. Indeed, it may be said that this feature of the day was a distinct disappointment to Mrs. Parker, who expressed herself afterward as having been one of the most keenly disappointed. She said she had expected to have been able to say a great many things to Mr. Burney that her own counsel could not bring out on direct examination.

Adams Story Improbable. There was a period of recalling witnesses, in which Colonel Doyen, commandant of marines, Lieutenant Willing and Lieutenant Adams again took the stand. The two first named cleared up points of minor importance. Adams was mercilessly grilled for a time by Mr. Davis, counsel for Burney. He was made to lie on the big table, about which the court sits, and pantomime the firing of the fatal shot.

In his demonstration he used an unloaded service revolver and as he illustrated it the bullet must have entered Sutton's head at a different point and from a different direction than was indicated by Surgeons Cook and Pickrell. As Adams pointed the weapon the ball would, in all probability, have come out of Sutton's forehead from the back of his head. Surgeon Cook testified that the course of the bullet was downward and backward.

EVERLY THAW IS PENILESS Says, However, She Does Not Contemplate Suit Against Any Member of Husband's Family.

NEW YORK, Aug. 10.—Evelyn Nesbit Thaw declared today that she has no intention in the story that she would bring suit for \$500,000 against her husband, Harry K. Thaw, or against any member of the family. She said, however, that her usual monthly remittance of \$50 from her husband had not been received this month and that she was practically penniless.

"I do not really know what I can or will do in my present plight," said Mrs. Thaw. Mary Manning Drops Suit. NEW YORK, Aug. 10.—It became known tonight that Mary Manning, the actress, who brought suit here last summer for \$500,000 from her husband, James Manning, the actor, has dropped the proceedings. She has instructed her attorneys to withdraw the suit. The only reliable information obtained in New York tonight, although the reason for her action was not disclosed, was that Manning and Mr. Hackett were married in 1927. They have one child, a girl about 2 years old.

Kills Member of Jury Which Convicted Him

James McCorley of Middleton, N. Y., Shoots Daniel E. Fenton, Then Turns Gun on Himself.

MIDDLETOWN, N. Y., Aug. 10.—James McCorley, a former Coney Island hotel-keeper, who completed a prison sentence only a few days ago, came here today to square matters with Daniel E. Fenton, proprietor of the Hotel Elberton, the man he believed responsible for his conviction.

Both McCorley and Fenton are dead tonight. McCorley was shot on a crowded street corner shortly after 2 o'clock in the afternoon. Without even withdrawing his pistol hand from his coat pocket, where he clutched the weapon, he fired three shots, each of which took effect. Then, seeing his old enemy was done for, he removed the pistol from his pocket and fired two bullets into his own breast. Fenton was still conscious when bystanders ran up and he was rushed to the hospital, where he died a few hours later. McCorley died in the street. On his way to the hospital Fenton gasped to the surgeon who knelt beside him in the ambulance: "It was McCorley—I was on the jury that sent him to prison—Long time ago—for a long term."

Then he lost consciousness. According to the police here McCorley was released from prison last week and started at once to hunt up Fenton, who had been a rival hotelkeeper at Coney Island before McCorley's conviction and who, he believed, was responsible for the years he was compelled to serve. He arrived in Middletown this afternoon, met Fenton on the street and when Fenton attempted to flee McCorley, firing from his pocket, mortally wounded him before he could turn.

Goes After Bride, Taken by Sheriff

South Dakota, Swain Spends Intended Honeymoon in County Jail.

ABERDEEN, S. D., Aug. 10.—(Special.)—John Kloos of Pollock is spending his time in the Campbell county jail instead of enjoying his honeymoon, as he expected to be by this time. Kloos went to Eureka to marry a young girl, when he was arrested, charged with robbing a dry goods store and a saloon at Pollock, connected with clear evidence of his guilt, in the form of a stolen coat, which the officers found in his trunk. Kloos confessed and implicated a young man named Zotnik as his accomplice. The store was entered March 10, and about \$100 worth of goods and some money taken, but Kloos was not suspected until late in July, after the robbery of a saloon at Pollock, when he was discovered to be expending a large number of nickels. An investigation followed and his arrest was made.

when the loan was made that the stock was to be pinned to his note and retained. Shortly after, however, the certificate appeared on the curb and an investigation began. The trust company says it was acting merely as an agent in placing the loan, and this agent now appears to have been Sherwood, representing young Fensch, who in turn intimates that he was acting for someone above him. But Mr. Joyce is emphatic in saying that he had never seen Sherwood to his knowledge until today. Sterling Birmingham, chief of the loan department of the trust company, acted as intermediary between Joyce and the lender, while Joyce was under the impression that he was getting the money direct from the bank.

Jerome Takes Charge. District Attorney Jerome took active charge of the case today and other arrests may be made tomorrow.

Charles F. Katz, treasurer of the Eastern Brewing company of Williamsburg, and Henry Uhlman, a business associate, were among the others whose names were examined at the district attorney's office today. Uhlman testified that he made out a note for \$50,000 in Peresh's favor, but did not know to what use it was put. He was to receive \$300 for it, but he understood that the note was not to be discounted for use in any way.

Fensch, according to the police, has been arrested twice before, once for forgery, on a charge made at the request of his father, and another time in connection with the taking of subscriptions for an ice fund. Both charges were dropped.

COEUR D'ALENE DRAWING ENDS

Cans Containing 80,000 Names for Flathead Claims to Be Opened Thursday.

COEUR D'ALENE, Idaho, Aug. 10.—Judge Witten completed the drawing for the Coeur D'Alene reservation today. There was not the same enthusiasm as was manifested on the first day, probably due to the fact that numbers after 1,500 are considered of little value.

Many persons called at the land office to confirm the announcement that they had won. The first rejection of an application occurred when the name of A. D. Boughtman of Charlotte, Mich., was read. It was rejected on the ground that the lottery public did not specify that he was authorized to make out papers for land drawing. Out of the 3,000 drawn this was found to be the only one defectively executed.

Word from the camps of the appraisers who are on the Coeur D'Alene reservation states that the land will be appraised in plenty of time for filing in April, 1932. There will be no drawing tomorrow, but on Thursday the fourteen cans containing the 80,000 application for Flathead lands will be opened. Six thousand names will be drawn for the 2,500 claims. No timber lands are involved.

Next Monday the drawing for the Spokane reservation begins. The withdrawing of the Flathead reservation in Montana will begin at Coeur d'Alene, Idaho, Thursday. Six thousand names will be drawn.

COLONEL A. A. POPE IS DEAD

Pioneer Bicycle Manufacturer Passes Away After a Long Illness.

BOSTON, Mass., Aug. 10.—Colonel Albert A. Pope, the pioneer bicycle manufacturer of the United States and well known as one of the first advocates of the existing good roads system, died at his summer home in Cohasset late today. Colonel Pope had been in ill health for months, due to the breakdown of his nervous system, which followed the financial embarrassment of his bicycle company, the largest concern of the kind in the country, which had its headquarters in Hartford, Conn.

Albert Augustus Pope was born in Boston, May 20, 1852. He started his business career as clerk in a local shoe findings store at \$4 per week.

In 1878 the first imported bicycles began to make their appearance in this country and Colonel Pope, seeing an opportunity, decided to start manufacturing wheels in this country. The venture proved a success from the start. A craze for bicycles, that even the high price of the early machines could not stem, swept over the country, and in the very first few years if his business Colonel Pope amassed a fortune. The sudden drop in the bicycle market a few years ago, however, caused him financial embarrassment.

Clarkson Will Work in Factory

Former Omaha Judge Will Do Manual Labor in Plant in Kenosha, Wisconsin.

KENOSHA, Wis., August 10.—Former Judge Joseph R. Clarkson of this city, who wandered away from home last month under the spell of a strange impulse, which drove him to manual labor, and who was found after weeks of search working in a factory in Sabula, Ia., gave up the profession of law today. Tomorrow morning his name will go in the payroll of a manufacturing firm in Kenosha.

"Give me a place where I can do manual labor," he told his friends. "I want to work with my hands and enjoy the pleasure of the man who is actually engaged in the production of something of a tangible nature. While I am improving my muscles I also will improve my mind with the ultimate view of entering the work of the church. I ought to be able to earn \$3 or \$4 a day in a short time."

Formal dissolution of the law partnership of Mr. Clarkson and Robert V. Baker was announced tonight.
