GETTING AT THE TRUTH

Coca-Cola People Prove the Perfect Purity of Their Pleasing Product.

Would you take away a woman's character by gossip unless you were sure of what you were talking about?
Have you any more right to attack the character of any article of commerce unless you know actually—not by hearsay, but by actual proof that it is what you say it is? Do you realize that when you say or believe and repeat untrue things about such an article you are unwarrantedly robbing the makers of their right of just so much of their just and honest trade?

MAZ WHO HITS CHIEF SOUND OVER

Smith, accused of assaulting Earl Spencer, chief of Happy Hollow club, was arraigned before Judge Burton and was bound over to the October term under bonds of \$1,000. He is expected to raise his release money in a few days. Ole Jackson, who also waived a preliminary examination when charged with receiving a \$1,000 bill stolen by Quedella Robertson from Charles Weisner's Bull Case Arrested—A suit case which stood by a trolley post at the corner of Sixteenth and Farnam for three hours Friday morning attracted the attention of many passers-by. Finally a policeman opened it and discovered that it was the property of John O. Yeiser, attorney-at-law, enemy of the loan shark and candidate for the supreme bench. The officer sent it in the police auto to the station and Yeiser being notified, he went and claimed his property.

Inspector Withnell wants more help in his office. An even 1,100 building permits have been issued this year and all buildings have been inspected by Mr. Withnell and two assistants. This force is not large enough, and he will ask the council for help. He will back up this request by showing what is done in other cities. Seattle has not had any more of a building boom this year than Omaha, but there the department has forty-three men.

Orcutt & Son company of Omaha, the St. Louis Bed Manufacturing company and the Orton Stove and Range company of St. Louis, with aggregate claims of \$600. FINA MIXTURE OF CHARACTERS

When a man is jealous of the preacher, the family doctor and the leading man in every show town, he is too unpleasant a person to live with. Judge Troup decided this by giving a divorce to Mrs. Isabella Smith, who asked to be released from Ernest Smith. She declared on the stand that in the twenty years of their married life she never had a moment's peace for one-half of the time and profanely abused the rest of the time. He woke her up in the middle of the night once to wish that her father would be drowned in the middle of the ocean. She was given the custody of the two children.

Henry Jones Tells How to Reach Century Age Line

Be Good, Lazy When Warm, Smoke Good Tobacco and Raise a Big Family.
"Be good; don't kill anybody; go to church when less than a Sunday; drink little or no whisky and smoke only good tobacco; work hard when it is cool and be as lazy as you can when it is warm; don't drink ice water on hot days like this; and raise a big family of children to comfort you in your old age, and you will live to be very old."

DEALERS SOMEWHAT SURPRISED

Council Finally Gets Together and Allows All Bills for the Last Fiscal Year—Country Club Concert.
Attention has been called to the prevailing high prices paid for the feeding grades of sheep in the South Omaha market. The average has ranged above \$6 per 100 pounds and as high as \$9.50 and \$10 has been paid for feeders of good quality. It is the opinion of many stockmen that the price is too high to warrant heavy buying. The actual fact, however, is that the local market has been crowded by many buyers who have eagerly bought all the sheep offered. Prices as high as are prevailing now at the beginning of the feeding season were reached only at the very close of the season last year. It is astonishing to consider the boldness of the feeders in entering into the feeding of sheep. The only plausible explanation is the great abundance of feed. The sheep expect to gain in the cheapness of feed what they will lose in the initial prices. Even at that many stockmen advise against heavy buying at this season. The receipts have been moderate in the extreme and is accounted for by the fine condition of the sheep and ranges, which make longer feeding profitable. The western stockmen appear to be holding back in order to keep the prices up. Heavy runs of sheep are looked for in the course of the next few weeks.

CITY COUNCIL PROCEEDINGS

The city council got together yesterday in the special meeting held at 10 a. m. The final bills for the fiscal year, which closed August 1, were allowed. The claims formerly in dispute were allowed, the only difference being that the city cut these claims in two. Each claimant was paid half the amount of the original bill. The compromise four claims voted for the appropriation sheet. John Larsen voted against the bills.

The delegation will leave South Omaha August 12. The object sought is to boost the South Omaha market by mingling with the stockmen and presenting the advantages of the western market. The delegates will have a special car for their services and between sixty and eighty men will probably attend.
