TIMELY REAL ESTATE TALK

New Figure for Rentals West of Sixteenth and Farnam.
 The new figure in rentals west of Sixteenth and Farnam is set in the leasing of the corner store in the Patterson block for a drug store. The sum of \$1 the square foot is agreed upon. The record price in Omaha is that for the newstand in the basement of the Board of Trade building, which is 15 or over a square foot. Meyers & Dillon pay \$2.33 for their drug store across the street. Every stranger in the city inquires why a big office or store building does not arise where this drug store stands, and is promptly told that there is almost no chance of the property being sold during its lifetime of the owners.

Actual work began last week on two big buildings, the City National bank building and the street car barn at Tenth and Pierce. The latter will cost \$100,000 to complete and will have two entrances by rail on different floors, the difference in grade making this possible. Buildings under way are making good headway, notably the Brandeis building and the new wing to the Omaha High school.

If the Omaha National bank buys the New York Life building, how long will it take for people to stop calling it by its present name and refer to it as the Omaha National building? This will be a condition of change in ownership and the bank

ORDERS CORN SHOW BOOSTING
 Rock Island Issues Circular Instructing All Its Representatives.
BENEFIT OF EXPOSITION SET OUT
 Passenger and Freight Traffic Managers Instruct Agents and Solicitors to Secure Bigger Attendance Than Last Year.
 Boost for the Corn show, is the order sent out by the Rock Island lines to all representatives.
 Every agent of the system has been ordered to plug continuously for the Corn exposition from now until it opens. A circular sent out by John Sebastian, passenger traffic manager, and H. Gower, freight traffic manager, runs as follows: "To all representatives: The work accomplished by the National Corn exposition last year has been very far reaching in its effect. An interest has been aroused to the betterment of corn and other small grain which will add materially to the wealth of our section, and we feel that every effort should be made to encourage those who are devoting their time and energies to this matter.
 The exposition, which will be held this year at Omaha, December 8-18, promises to surpass in every respect the very creditable undertaking of last year. State organizations have been perfected all over the country, commissions have been appointed by governors, local competitions have been arranged for and exhibitions of rare interest will be provided.
 Show Important to Railroad.
 "Aside from the entertainment which the exposition will itself provide, the educational value cannot be overestimated. We feel that it is of great importance to this company to create the greatest possible interest and secure a greater attendance from our territory than was the case last year.
 "It is our desire that you actively aid in every possible way to insure to our territory the good which will be accomplished by the exposition. It will be your duty in connection with your regular solicitation to get in touch with representatives of the exposition in your territory and to work with them as closely as possible in creating an interest and working up an attendance.
 "Please see that our desires are thoroughly understood by all those under your jurisdiction and that no effort is spared to present the advantages of the exposition to the people in our territory."
LOOK OUT FOR FALSE BOTTOMS
 Inspector of Weights and Measures Issues Warning Against Practice of Peddlers.
 When vegetables or fruit are bought of a peddler see to it that the measure is placed on a perfectly level place or is held by the handles when filled, is the advice given by John Grant Pegg, city inspector of weights and measures, to people who patronize the street peddlers of edibles.
 The inspector making this observation immediately upon making a discovery Saturday morning. He was watching a ped-

ALONG THE RAILROAD RUN
 Union Pacific is Preparing to Enlarge Terminal Facilities at Grand Island.
 The Union Pacific is preparing to enlarge its terminal facilities at Grand Island. These improvements include a \$30,000 freight depot. To provide room for the new depot, the city of Grand Island has closed Kimball and Plum streets and opened Oak street. Business at Grand Island has increased considerable of late. More business coming and going over the St. Joseph and Grand Island, which requires transfer at Grand Island.
 The Union Pacific has abolished drinking cups on its trains and in its stations in Kansas in pursuance with an order by the state board of health. The order of the board is effective September 1. The railroad has made no move to supply a substitute for the drinking cups.
 Last week the state of Nebraska received \$70,000 into its treasury when Judge W. D. McHugh, acting for the reorganizers of the Missouri Pacific filed the papers in the reorganization. Next week Judge McHugh will give the state another neat sum, when the reorganization papers of the Great Western are filed at Lincoln.
 W. S. Basinger, assistant general passenger agent of the Union Pacific, has returned from a trip to Kansas.
 A. B. Smith, assistant general freight agent of the Burlington, received a telegram Saturday stating that his wife and Mr. and Mrs. T. M. Orr had arrived safely in Honolulu after a pleasant voyage.
 L. W. Wately, general passenger agent of the Burlington, has gone to Wisconsin to spend Sunday.
 S. F. Miller, general freight and passenger agent of the Northwestern, has gone to Chicago.
CARRIERS GO TO COLUMBUS
 Rural Mailmen Will Hold Convention There on Sixth of September.
 The annual convention of the Nebraska Rural Letter Carriers will be held at Columbus, September 6. The officers of the state convention are J. H. Talbot of Table Rock, president; H. B. Reed of Columbus, vice president; C. A. Morton of Cheney, secretary, and C. B. Barber of Stromsburg, treasurer.
 Among those assigned by the Postoffice department to deliver an address before the association meeting is Postoffice Inspector L. A. Thompson of Omaha, who was one of the prominent factors in running the Overland Limited mail robbers to cover in Omaha in May last. Mr. Thompson is regarded by the department as one of the most efficient inspectors in the service and for this reason has been assigned to deliver the principal address at the state meeting.

GOOD FROM THE START

Fifty-five years ago Gund's Beers were made in a log brewery and brewed in a six-gallon kettle. The superior grade of barley grown about this then sparsely settled region was the chief attraction that drew this famous German brewmaster to La Crosse. Now it is the heart of the world's finest barley growing belt and the cream of every barley crop comes to his brewery, from which

Gund's Peerless

combined with the finest hops grown in Old Bohemia, is brewed. Instead of a log brewery today, there stands a mammoth model 20th century plant operated and lighted by electricity to which visitors are always welcome.
 It is impossible to brew a beer of a higher quality than Peerless. You should see that it is always in your home. Telephone us today for a case of Peerless, the beer of matchless flavor.
