CORN STRONG ON THE WEATHER

Bulls Have a Day in Both Pits and the Prices Are Held Up Well to the Close of the Market.

OMAHA, AUG. 16, 1909.

Much higher foreign markets were the reason for another advance here in wheat prices today. The market was well supported and the good buying by the large houses kept prices on the uptick during the whole session.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Aug. 16.—Continued excellent demand for the cash grain market for considerable strength manifested in the wheat market here during the greater part of the session.

A sharply higher range of prices was noted in the wheat pit at the opening of trade, initial gains of 1/2¢ to 1¢ being reported.

On several occasions there were some reactions in the market, but each recession induced a fresh rally until late in the session.

Prices were 1/2¢ to 3/4¢ higher, compared with the previous close, and the market was firm, particularly at Liverpool, where the price rose 1/2¢ to 3/4¢.

On the other hand, the corn market was not so active, and prices were 1/4¢ to 1/2¢ higher, compared with the previous close.

The leading futures ranged as follows: Wheat—Sept. 1.00 1/4; Dec. 1.00 1/4; Corn—Sept. 58 1/2; Dec. 58 1/2; Oats—Sept. 34 1/2; Dec. 34 1/2.

Philadelphia Produce Market. PHILADELPHIA, Aug. 16.—BUTTER—Firm; extra western creamery, 24¢; near-by, 23¢.

Union Pacific Makes a New High Record at Opening, Rising to 219.

LONDON PRICES ARE HIGHER

Near Close Union Pacific Makes Sharp Drop of Five Points, but Later Part of This is Recovered.

NEW YORK, AUG. 16.—In all essential respects today's stock market differed from that of the last day.

Prices for our securities were again higher than there was the same local bullish burst at the opening.

At Chicago receipts of grain last week were greater by over 2,000,000 bushels than the same week last year.

The only sensational feature of the day was a precipitous fall in the price of Union Pacific stock.

The rate of discount in the open market was 4 1/2 per cent, unchanged for three months' bills, 1 1/2 per cent.
