NOTHING TO EQUAL IT
We can say positively that we never in all our experience held a sale which, for rousing buying enthusiasm, quite equalled this one. Our store has been the busiest spot in all Omaha since the hour this store opened its door on Monday morning. Nor is it in the numbers that attend and the enthusiasm with which they buy is this an unusual sale. No, indeed, for never in all our business history were we able to give values that would quite measure up to these. And, after all, the extent of the values is the point which interests you.

THE ENTIRE GRAND RAPIDS FURNITURE CO. STOCK OF

The Grand Rapids Furniture Company found it necessary to close out their business and to convert their goods into cash in the quickest possible time. They wished to dispose of the stock in its entirety, and so it was perfectly natural that they should come to Hartman's, it being the one concern that is big enough to handle any size stock that might be offered them. We took this Grand Rapids furniture stock complete—every piece of furniture, every stove, every rug, every yard of carpet and every article contained in their big retail establishment. We secured the goods at practically our own figures, and now we're putting those goods into the homes of the people at such prices as they never heard of before. Absolutely the lowest prices that were ever marked on goods of equal character—prices that will make you exclaim that you never saw anything like them before in all your born days.

THE RED TAGS TELL THE STORY
This most sensational close-out sale is to continue at our big Omaha store until every article in the entire stock is swept away. Every article is marked with a big red tag, which tells its own story—tells the story of one man's loss and another man's gain—your gain. These red tags bear prices that will make you open your eyes. If you don't admit that you never before in all your born days saw such bargains—SUCH GREAT BIG BARGAINS—then we have missed our guess.
