BOONE COMPANY IS NOT SOLD
Story it is Taken Over by Bell Interests is
BOONE, Ia., Aug. 24.—(Special Telegram.)—Announcement from Des Moines that the Boone County Telephone company had been sold to the Iowa Telephone company, through purchase of \$600,000 in stock by the Bell people from the Bretons of Dallas Center, is denied here. President Montgomery of the Boone County Board of Directors today stated the Boone County Telephone company would still be in business as at present and under the same management and would complete the present building for occupancy and that the Bell plant had been taken over by the two systems consolidated if the people showed by the postal card vote that they wanted it. This means great things for Boone. The Bell people are willing to give up the exchange field here for all the toll connections which they need with the Boone County company. The Boone company is favorable and within a short time the companies undoubtedly will be united. In the meantime \$300,000 worth of outside construction is being held up by both companies here.

Slender and Beautiful
How Stout People Regain a Perfect Shape.
When a person is too stout and contemplates a special treatment in order to regain slenderness and beauty of form, there is one vital recommendation to be borne in mind: do nothing, take nothing that might possibly be detrimental to health. Marfan's is the only remedy that does not go in for fasting; avoid violent exercising; but take plenty of rest and enjoy rational meals.
