attempt to launch his machine into the the air before it had acquired sufficient speed. The biplane left the ground in response to the horizontal rudder, but it encountered a strong puff of wind on the beam, heeled over and was forced back to the earth. The planes on the left side crumpled up like cardboard. Paulhan explained that the real cause of his mishap was a detour he made to avoid De La Grange, who was coming toward him. He said he expected to be able to make another start later in the day.

Shortly after this mishap Blerlot, in his No. 22, went up and rounded the course four times. His time, however, was much slower than that made in his No. 22, being by laps 0:9:50⅘, 0:10:49⅘, 0:30:12 and 0:40:39⅘.

Three Wright models, each equipped with a tank carrying ninety liters of gasoline, will fly this afternoon in the endurance test. Count De Lambert, who flew in a Wright model last night, said he could have continued for 200 kilometers (124.2 miles) had it not been that his tank became empty.

Acting on behalf of Clifford Harmon of New York, Cortlandt F. Bishop is negotiating for the purchase outright of the dirigible balloon Zodiac for immediate shipment to New York. The Zodiac has been entered for the dirigible races to be held in connection with the Hudson-Fulton celebration. The owners asked $14,000 for the airship.

ZEPPELIN STOPS AT NUREMBURG

Aviator Announces that He Will Reach Berlin on Time.

BERLIN, Aug. 27.—Count Zeppelin alone occupies the minds of the population of Berlin tonight and a welcome has been prepared for his coming tomorrow in his big airship such as has never been equalled since Prince Bismarck's return from Versailles after the coronation in 1871 of William I, as emperor of Germany. Most of the factories and offices and all of the schools will be closed, and the mayor has ordered all public buildings decorated, as is done on the occasion of the emperor's birthday. He also has requested that the occupants of private dwelling houses make displays of bunting and flags from their windows.

Early this morning a thrill of joy went through the people, thousands of whom gathered in front of the newspaper offices, when it was announced that the Zeppelin III had departed at 4:30 o'clock from Friedrichshafen for Berlin, a distance of about 450 miles. Throughout the day throngs crowded the bulletin boards eagerly reading the rapidly arriving bulletins announcing the progress of the dirigible over various cities. When the news came, however, that a broken propeller and a defective motor had necessitated an unarranged for landing at Ostheim, near Nuremburg, the faces of the people fell. They waited on, nevertheless, through a drenching rain in the expectation of better tidings, and when the dispatches arrived announcing the re-ascension of the balloon and its departure for Nuremburg they greeted them with shouts of joy.

Again, when the bulletins said that the dirigible had been brought to land at Nuremberg, 150 miles on its journey, and there repairs would be made to the propellers and cylinders of the forward motor, the disappointment was renewed, and was only relieved when a telegram was received from Count Zeppelin saying that it was his confident belief that the voyage would be continued during the night and that the airship probably would arrive at its destination on schedule time.

The revulsion of feeling in favor of Count Zeppelin, as compared with that existing three or four years ago, is most remarkable. Then he was regarded as a visionary, throwing the family fortune to the winds. Now he is honored as no living German is. It is generally reported, but without confirmation, that he will be created a prince by Emperor William, who arrived in Berlin tonight to be present at the landing of the dirigible tomorrow.

WESTERN MATTERS AT CAPITAL

OXYGEN SENT TO HARRIMAN

(Continued from First Page.)

sicians, none but the family knows, for neither would tell who they were.

About 3 o'clock a special train, consisting of an engine, with a combination baggage and smoker and one passenger coach, rushed through Turner and it was afterward learned, stopped at Goshen, fifteen miles west of here. About the same time, Mr. Gerry came down the mountain in his automobile and was last seen headed toward Goshen. In about an hour he returned with three men in the car. The machine ascended the steep winding road to the Harriman residence without stopping and the identity of Mr. Garry's passengers could not be learned. These three strangers, besides the two who arrived earlier in the day makes five who were brought to the Harriman house, with every evidence of haste. Whether or not they were surgeons or nurses could not be ascertained, but everything indicates that the world's greatest man is about to undergo an operation.

Dr. Crile Summoned.

CLEVELAND, O., Aug. 27.—The summoning of Dr. G. W. Crile, who is on a vacation in the White mountains, to attend E. H. Harriman, lends strength to a theory advanced by Dr. H. E. Biggar, John D. Rockefeller's physician, that Mr. Harriman is suffering from cancer of the stomach. Dr. Biggar bases his belief on the treatments reported to have been taken by Mr. Harriman abroad. Dr. Crile's specialty is abdominal surgery.

Slight Improvement in Stocks.

NEW YORK, Aug. 27.—A decidedly better tone than was felt yesterday prevailed at the opening of the stock market today. The London market sent over a higher range of prices than at yesterday's closing, and there was evidence of strong support at the opening in New York. Union Pacific was the feature, with an opening sale of 4,500 shares at a gain of 1¼ points over yesterday's closing, while Southern Pacific on smaller operations advanced 3/4. There were gains of a point in Reading, Atchison, Erie and United States Steel preferred, with substantial fractional losses in other active issues. The market sold off from the higher prices soon after the opening, but showed a firm undertone.

Following these first declines there were recoveries which lifted some stocks above opening prices, with especial strength in Union Pacific and Southern Pacific. This was followed by a fresh selling movement in which much of the gains were lost. The market was again governed entirely by rumors and reports concerning Mr. Harrimans health.

The market grew dull after the first hour, with the bear faction still on the watch for vulnerable points of attack, but playing warily. Much of the early buying on the market was attributed to strong financial interests.

Just before noon the bear party concentrated its attack upon United States Steel common, which broke to below 74, yesterday's low price, and the balance of the list was immediately effected adversely. Union Pacific selling within a fraction of yesterday's close.

During the noon hour the market became very dull and the tone was less firm. United States Steel was one of the active features and recovered some of its loss before noon, but was subject to considerable pressure. Later the market sold off several points, but during the last five minutes there was a rally and Union Pacific practically regained all it had lost earlier in the day.

send aid immediately or everybody will be lost.'"

"The steamships Humboldt and Rupert City, of the McKenzie Brothers Steamship company, happened to be near at the time and they both called the Ohio, asking for its latitude. Eccles gave it immediately and the Rupert City flashed back that it would change its course and stand by the Ohio, as soon as possible.

"In the meantime Eccles sent another message, saying: 'Ohio sinking fast—cannot hold out. Passengers being taken off in small boats. Captain and crew will stick to the last.'

"The Humboldt and Rupert City both replied that they were headed for the Ohio and would pick the passengers up. Then came the final message from the stricken vessel. It was never finished:

"'Passengers all off and adrift in small boats,' it said. 'Captain and crew going off in the last boat, waiting for me now. Good bye.'

"I was unable to get him again," concludes Booth, "and I knew he had gone down with his ship."

death penalty, from the nature of his crime. It may be that if this is the case President Taft will be prevailed upon to commute it to life imprisonment. President McKinley would never approve the death sentence during his term, but President Roosevelt did in the case of the colored man, Taylor, who killed Lieutenant Calvert in the Philippines and was hung there.

Mrs. Beyer, mother of Crabtree, suffered a collapse yesterday and had to be assisted to and from the court room.

Crabtree will be held at Fort Crook for the present under heavy guard and particular pains will be taken to prevent his committing suicide.

Judge Parsons has announced that in the event of a death sentence he will carry the matter up to the president, but that in the event of a prison sentence only, he will not take further action.

FIRST SATURDAY IN NEW STORE

The Benson & Thorne Co., is Emerging From Recent Hurried Removal.

Brilliant Exposition of Fall Stocks, of an Exclusive, Exceptional Nature.

The "first" Saturday at a new location means much to an ambitious business house.

The Benson & Thorne Co., who have just taken possession of the quarters formerly occupied by "Balduff" at 1518-1520 Farnam street, will have its new store in good shape for the inevitable flood of Saturday shoppers.

Of course little final delays cannot be avoided—a bit of fixture here or there may be incomplete—a piece of glazing or decorating might be required at another point—but there will be plenty of evidence of future activity at a location that cannot become otherwise than popular.

This is going to be an absolute shoppers' headquarters in the very "heart of the shopping district"—and tomorrow one gains an insight to lines of goods hitherto rare in Omaha.

New goods—only new goods—every bit of stock refreshingly recent from makers who pride themselves on what they turn out. Unquestioned proper attire for "small women," misses, girls, infants, boys and youths—shoes that call forth the admiring comment of critics—all this awaits you at this new Farnam street mecca for shoppers.

Be in the vanguard on style matters—choose YOUR attire early—choose while the style is authoritative. There is more credit to be derived from wearing something new while it is new than to take [illegible] anyone else is wearing it. [illegible] on & Thorne Co. store [illegible] its way; it will offer [illegible] lines in the future as [illegible] ave every reason to [illegible] see what the "new [illegible] welcome whether

FIERCE FIGHT AT MELILLA

Moors Open Fire on Spanish Camp as Mass is Being Said.

GUNS OF THE FORT RESPOND

In One Camp Group of Tribesmen and Their Women is Blown to Pieces—General Pintos is Killed.

MELILLA, Morocco, Aug. 27.—A solemn requiem mass for the repose of the souls of the large number of Spanish officers and men killed in the sanguinary battle with the Moors July 27 was dramatically celebrated this morning. It was attended by the survivors of the brigade of General Pintos, who was killed in the engagement, and by officers and delegations of men from all sections of the army.

The altar was decorated with flowers and surrounded by four cannon, gatling guns and stacked rifles. At the moment of the elevation of the host the Moors opened a fire from a distance and the guns on Fort Camellos roared a response. Notwithstanding the attack, however, the religious ceremony was completed, after which a defile of troops and artillery did considerable damage to the camps of the enemy, in one of them, blowing to pieces a group of tribesmen and their women.

The engagement of July 27 was a fiercely contested one, but it cost the Spanish forces more than 200 dead and wounded, their slain including General Pintos, two lieutenant colonels commanding naval contingents and a large number of other officers.

Iron Cage on Camel's Back.

FEZ, Morocco, Tuesday, August 24.—Confined in an iron cage strapped to the back of a swaying camel, El Rohgi, the rebellious subject of the sultan of Morocco, who was captured recently by imperial troops, was marched through the streets of Fez today, escorted by a strong guard. The picturesque pretender to the throne sat erect in his moving prison and calmly ignored the jeers of the populace at his heels. He was led to the sultan, who, seated under a pavilion, questioned him closely. After the interview El Rohgi, still in his cage, was taken within the palace walls.

Moors Will Continue War.

MADRID, Aug. 27.—Dispatches from Melilla, Morocco, say the Moorish chiefs, after further consideration of the sultan's communication requesting them to cease hostilities against Spaniards, finally decided to continue the war until the Spaniards are driven from all their positions beyond Melilla.

EXPLOSION IN CANNING PLANT

One Man Killed and Many Injured in the Wreck.

CEDAR FALLS, Ia., Aug. 27.—(Special.)—The Kelly Canning company plant of Waverly was entirely destroyed by fire Friday afternoon. The fire started from the explosion of a gasoline tank used on the soldering machinery. One man was killed, and one woman jumped from the third story and had both legs broken. Ten men were seriously injured.

Three hundred employes started to work Monday canning corn. The building was valued at $100,000 and was insured for $25,000. Two million cans of corn was burned. Just twenty-five minutes after the explosion the plant was in ruins. Manager Kelly came to Cedar Falls this evening to arrange with the Cedar Falls Canning company to take charge of the corn contracted for by farmers in this vicinity.

GOOD CROWDS AT THE REUNION

Addresses Made to Veterans by Prominent Men.

WEEPING WATER, Neb., Aug. 27.—(Special Telegram.)—The Grand Army of the Republic reunion closed tonight. The entire three days big crowds were in attendance. Judge J. B. Barnes of Lincoln, Hon. E. M. Pollard of Nehawka and Hon. Judges Jesse L. Root and Fawcett were present and spoke.

The ball game between Manley and Weeping Water resulted in a victory for the home team, by the score of 5 to 4. Weeping Water defeated Plattsmouth yesterday, 7 to 6, and were victors in all three games.

Knowles Denied Pauper's Oath

Socialist Editor's Effort to Free Himself from Prison Stopped by Commissioner.

DEADWOOD, S. D., Aug. 27.—At Rapid City United States Commissioner Bigelow last night denied the prayer of Freeman Knowles of this city, socialist editor and former congressman, that he be permitted to take the pauper's oath and be released from the Pennington county jail.

Knowles was convicted in the United States court of sending obscene matter through the mail and refused to pay his fine of $500, for which he was committed to jail.
