ASSIGNMENT OF TEACHERS Thirty-Five Changes Made in Public School Corps This Year. PRINCIPALS ARE ALL THE SAME Little God of Love, with Sickness, Death and Removal from City Are the Factors in the Transfers. About thirty-five changes have been made in the corps of teachers in the public schools of Omaha since the close of school last June, though none of these changes is in the principalships. The changes were caused by sickness, death, removal, and last, but not least, by the little god of love. The assignment of teachers to the various schools and classes in these schools is little different from last year, though in a few instances Superintendent Davidson changed a teacher from one room to another, believing such a change to be in the best interests of the school. The public schools will open Tuesday morning, September 7. The general teachers' meeting will be held at the Lyric theater Monday morning at 10 o'clock. Locker keys will be issued to high school students at the high school building at 9 o'clock Tuesday morning, following the same plan as instituted last year. Detail of Assignment: High School—Ellis U. Graft, principal; Kate A. McHugh, first vice principal and head of English department; J. F. Woolery, second vice principal and head of department of mathematics; Anna T. Adams, English and mathematics; Mabel G. Allison, spelling; E. O. Anderson, mathematics; Ada I. Atkinson, head department of history; Nathan Bernatkin, head department of physics; Daisy F. Bassett, physiology and botany; Abba Willard Bowen, head department of modern languages; Helen Brandeis, algebra; Laura B. Bridge, mathematics; Carrie O. Browne, mathematics; Edith Butler, English; B. Carus, director of athletics; Alphonsine Chastelain, German; Henry Chauson, commercial arithmetic and writing; May L. Copeland, Latin and Greek; A. L. Medic Faculty Says Farewell to Dean Ward Twenty-two Physicians Associated in College Work Greet Him at Luncheon. Twenty-two Omaha physicians, all members of the faculty of the medical department of the University of Nebraska, met at luncheon at the Omaha club at 2 o'clock Friday, to say goodbye to Dr. Henry B. Ward, who leaves the position of dean to take a similar one at the University of Illinois. The luncheon was given by Dr. Gifford. The guests were the men who have been associated with Dr. Ward's work and siding him in building up the medical school here in Omaha. It was particularly regretted that Dr. Ward was to leave just at the present time when the new hospital and medical buildings were to be erected which will greatly increase the size and importance of the institution. There was no formal program, but the doctors tendered to Dr. Ward their appreciation of his work and their regret at his going. The guests were Dr. Henry B. Ward, Dr. Harold Gifford, associate dean, and Doctors W. F. Milroy, H. M. McClanahan, R. C. Moore, Palmer Pindley, Leroy Crummer, A. B. Somers, Alfred Schram, R. W. Bliss, F. S. Owen, J. M. WHEN HANSON MAY REOPEN Time Depends on How Rapidly Bankruptcy Proceedings Are Brought to End. Whether Hanson's cafe will be reopened in time to help handle the big rush in Omaha this fall for the Eagles convention, the Ak-Sar-Ben festivities, the corn exposition and the convention of the Woman's Christian Temperance union, depends entirely upon the speed with which the bankruptcy proceedings are pushed along. It is a situation in bankruptcy proceedings that no change is made in the action, whether the man who is a bankrupt dies or not and the case will proceed just as though Wolf Hanson were alive. The logical proceedings in the case are that the new Hanson will be put up for sale by the trustees as soon as possible, the interest in that building for sale being a seven-and-one-half-year lease. HURRY CALL FOR GRANDDAD Messenger Wakes A. B. Smith at 8 a. m. with Cablegram from Honolulu. A. B. Smith, assistant general freight agent of the Burlington, was routed out at 8 o'clock in the morning by a messenger pounding at his door. He was somewhat vexed to have his sleep disturbed at such an hour, but was more than pleased a little later when he had read the message. It proved to be a cablegram from Honolulu announcing that a son had been born to Mrs. Clarence Richmond Day, his daughter, and that he was now a granddaddy. Mrs. Smith is now with her daughter in Honolulu, having accompanied Mr. and Mrs. T. M. Orr, who returned this week.

C.C.C. CURES BLOOD POISON When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with, and gradually the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect, and the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Omaha on Top in Live Stock Gains Leads All Cities for August in Receipts of Cattle and Sheep. The Union Stock Yards company of South Omaha has broken all records for August in the receipts of both cattle and sheep and continues its flight toward the top of the list of the markets of the world. The receipts for cattle were 10,002 as against 9,334 last August, a gain of 668. The receipts for sheep were 22,282 compared with 22,774 in August last year. Receipts in hogs show a decrease all over the country and here again does the Omaha market shine in that its receipts show a smaller decrease of any city of the country except one. Omaha shows a decline in the receipts of hogs of 14 per cent, while Chicago shows a loss of but 12 per cent. Omaha, however, shows less than any of the river cities. St. Joseph shows a falling off of 9 per cent and Kansas City of 22 per cent.
