Secretary Ryder of the convention com-mittee, who is also president of the Nebrasks aerie, is anxious that this point be brought out so as to clear up a lot of confusion about this convention: There are two conventions, the national and the state, to be held. The state convention, or serie, will be held Monday and Tureday, September 13 and 14, while the grand acrie, or national convention, will be called to order Tuesday, September 1s, at 12 a, m Colonel Ryder will preside at the state serie and George F. West will open the national meeting, Mayor Dahiman will make the address of welcome and Rev. Robert L. Wheeler, pastor of the First Presbyterian church of South Omaha and a member of the order, will invoke d'vine blessing. The national gathering will be held at the Auditorium and the state at Benson, where the Eagles have a splendid hall of their own.

Your old friend, King Ak-Sar-Ben, is not going to overlook any bets with the Eagles. With his customary hospitality he is going to take a very large part in showing them a royal time. The fourteenth scion of this ancient dynasty will be near the end of his reign and he will because of that fact do everything in his power to win the hearts of his new friends. He will give them free rein in his imperial city and they can do anything they want to except usurp his throne. In his royal court, otherwise known as the den, he will show them "the time of their lives," or he will miss his guess. For Samson and the board of governors have certainly got the finest little trick fixed up for these people and they are going to give them two or three nights at it,
