Dead Man May Be from Bluffs. Charles Downs, the man who was killed in a railroad accident at Grand Center, Ia., last Saturday, is supposed to be a Council Bluffs man, and is said to be a brother of Al Downs of this city.

Inquiry was made of the Omaha and local police for the whereabouts of a brother of the dead man and Al Downs was notified. He has a brother Charles, but is not yet certain that the dead man is his brother.

Information of the death of Downs was received by telegram from L. B. Beardley, division superintendent of the Milwaukee road at Grand Center.

Al Downs was formerly proprietor of the First National bank barber shop and for some time has been living on a farm in Garner township with W. H. Coons. His brother Charles at one time worked at the barber trade in this city.

The body of the dead man has been taken to Mapleton, where Al Downs will go as soon as he has further information with reference to the matter.

Council Bluffs ASK FOR THE OLD PASTORS All Methodist Churches in City Make Wants Known.

PREPARING FOR CONFERENCE First Church Adopts Resolutions Highly Complimentary to the Pastor Who Has Been Serving Them.

In anticipation of the regular shaking up among Methodist ministers which occurs at the regular annual conference of that church the local congregations adopted resolutions at the last quarterly conference asking that the present pastors be re-assigned to the Council Bluffs charges.

Resolutions were presented to the congregation at the Broadway Methodist church Sunday and similar action has been taken at the Fifth avenue, Trinity and 13th-worth churches.

Rev. J. M. Williams of the Broadway church was given a warm endorsement in the following resolutions: Whereas, our pastor, Rev. J. M. Williams, is just now completing his second year among us.

Whereas, He has given us able and efficient service, and without ceasing has ministered to the church spiritually, has added to the membership, has strengthened the financial interests and has worked without ceasing and with unflinching hopefulness and good cheer to improve each department of our church work.

Whereas, He has brought the church into the best and most flourishing condition in its history, and

Whereas, He has endeavored himself to us by his Christian fellowship and example, his unselfish service and untiring zeal; therefore, be it

Resolved, by the members of the Broadway Methodist church, at this service assembled, That we here publicly tender to Rev. and Mrs. Williams our appreciation of their work among us, that we assure them of our desire that their pastorate shall continue and that we request the official board of the church to take such steps as may be necessary to insure his return to us by the coming session of the conference.

The next meeting of the Des Moines conference, which includes this city, will be held at Ames on September 15. Bishop Joseph F. Berry of Buffalo, N. Y., will preside. The local pastors will go to Ames next Tuesday.

RAIN SPOILS LABOR DAY PLANS Carpenters' Picnic May Be Held at Later Date.

Rainy weather caused the postponement of the big Labor day picnic of the carpenters and joiners, which was to have been held in Walnut Grove yesterday, but it is possible that the picnic will be held at a later date.

The committee in charge of the affair waited until noon in the hope of having better weather, before finally calling the affair off.

The picnic was generally suspended in the city, but the dampness kept all at home. The attendance at Lake Manawa was small and it was a chilly and uncomfortable crowd that braved the elements to listen to the band concert and enjoy the other concessions of the resort.

School Attendance Large. While he will not be able to call for an enrollment of the public schools until the latter part of the week, Superintendent J. H. Beveridge is confident that the total will reach well over 6,000 pupils. In spite of the wet weather yesterday, the attendance was good and arrangements were made for beginning the work of the school year this morning. Grade pupils were dismissed for the day at 10:30 in the morning, but high school pupils remained at the building during the greater part of the regular session, until 2:30 o'clock.

At the time of the failure of the Officer & Pusey bank, the mine was looked to as an asset which might be more than sufficient to meet all the debts of the firm, but it failed to produce.

J. J. Stewart, attorney for S. G. Underwood, the present owner of the mine, has denied the rumors of the rich finds on the property but persistent rumors say that sufficient gold has been taken out to pay off all the indebtedness against the property and that upwards of \$25,000 was taken out during August.

It is thought that the rumors may have arisen from reports of rich lodes found in adjoining mining properties.

New Way to Pick Up Easy Money Real Estate Man and Astrologer Work Combine on Credulous Persons.

An enterprising real estate man interested in exploiting Texas lands is credited with doing a thriving business up in Loup county with the assistance of a horoscope reader. The astrologer has a dignified and commanding presence, and he and the real estate man will stop at some town, but at different hotels, and are apparent strangers to each other.

Mr. Real Estate Man advertises the advantages of Texas. He finally suggests to a receptive customer that just for the fun of the thing they go over and have their horoscope read by the astrologer.

Of course neither gives the result of his respective horoscope readings away, but the next day the receptive citizen closes a deal with the Texas real estate man for several hundred dollars worth of Texas land.

The astrologer has told him, "You are about to invest in some Texas property and should close the deal at once, as it will be the making of your fortune."

No enterprising citizen is going to let a tip of that kind get away from him and so he invests, while the smooth real estate man and astrologer slip off to some other town and work the same job off on other easy citizens.

CARS PASS 'EM UP WHILE THEY CONVERT IN THE RAIN Neway Finally Comes to Relief of Two Men Who Miss the Sign.

Since Sixteenth street between Farnam and Douglas streets has been undergoing repairs street cars have been stopping for passengers only on the south side of Farnam. Because of this several people who wished to go north have been footed.

During the rain Monday a bright looking young man in company with an older man walked briskly over the improvised crossing on the north side of Sixteenth just as a car was approaching from the south.

Iowa IOWA MINERS MAY STRIKE Trouble at the Enterprise Mine at Des Moines Likely to Spread.

SIXTEEN THOUSAND INVOLVED Company Raises Rent on Houses to Its Men and Refuses to Arbitrate, and Sympathetic Strike Threatened.

(From a Staff Correspondent.) DES MOINES, Ia., Sept. 6.—(Special Telegram)—Unless the coal mine operators at Enterprise reconsider their refusal to negotiate with the 300 striking miners the entire 16,000 miners in the state will be called out in two weeks. The Enterprise strike is over an increase in rent on the companies' houses. The operators refused to arbitrate when visited by the local president of the union today.

The wage scales and such questions are settled biennially at a joint convention of delegates of the miners unions of the state and the coal mine operators association. The contract calls for arbitration of all questions outside of the scale of wages and other matters not specifically settled by the biennial contract.

State Needs Laborers. J. F. Liebbe, state architect for the Board of Control, returned today from a trip to the state institutions at Cherokee, Independence and Oskaloosa where building operations are under way. He says the work is lagging much for want of laborers, mainly plasterers and carpenters. Especially at Cherokee and Independence where big infirmaries are being erected and where much plastering is needed there is an especial shortage of plasterers.

Petition Hunter's Release. A petition for a pardon or parole of Matt Hunter, the Mt. Ayre man who killed Homer Holland, will be presented to the state board of parole soon. The petition is being circulated by Hunter's sister and is being signed by many people. Hunter after being committed to the penitentiary refused to work for many months and it was thought had gone insane. The warden refused to count time on his commitment till he went to work. For some months now he has been at work. He was sentenced to twenty-five years imprisonment. Holland was a Drake university athlete and held a state championship for running high jump. The two men are said to have quarreled over a game of cards and Hunter meeting him on the street shot Holland and killed him.

Father Sucks Poisoned Wound. SIOUX FALLS, S. D., Sept. 6.—(Special).—The life of Miss Jessie Rutan was saved by the promptness of her father, Peter Rutan, a pioneer rancher of Lyman county. While the girl was walking across a low land near the home of her father she ran upon a monster rattlesnake. Before she could make her escape it had twice buried its fangs in one of her feet. Crazed for the time by fright, the girl rushed to her father, who without an instant's delay sucked the poison out of the wounds and then applied a solution of soda and kerosene. This done, he hurried the girl to the sanitarium at Chamberlain, where she is rapidly recovering.

BURSTING TIRE ON AUTO MAY CAUSE DEATH OF TWO Musicians at City Island, Near New York, Victims of High Speed Mania.

NEW YORK, Sept. 6.—Bursting of a tire on the automobile of William Hobby, a wealthy resident of Mount Vernon, while the machine was running at high speed between Mount Vernon and Pelham Manor, early today, threw the car over an embankment. Joseph Elsinger, one of the passengers, was killed, and Henry Clausen, another passenger, probably will die. The men were musicians employed in a hotel at City Island, where Hobby was bringing home. Hobby and his chauffeur escaped with bad bruises. Hobby, who was driving the car, was arrested and held in \$5,000 bail.
