COMPULSORY SALE AT UCTION-AUCTION

ENTIRE STOCK OF

LEFFERT'S RELIABLE JEWELERS

409 Broadway, Council Bluffs, Iowa

All To Go at Unrestricted Public Auction; Sale Starts Thursday Night, September 9, at 8 O'clock and Continues Daily Afternoons at 3 and Nights at 8, UNTIL ALL IS SOLD

IMPORTANT SIGNED STATEMENT TO THE PUBLIC:

The sale at auction of a stock as large and as fine as ours is an unusual event in the business history of this city, and I think it due my friends and the public that they be informed of the reasons that make this auction necessary and the policy to be pursued in conducting this, the most important sale that has taken place in Council Bluffs in many years. The public generally know that I have leased the building 503 Broadway, Council Bluffs, and that the extensive alterations which I am making there, make it impossible for me to occupy it until at least Nov. 1st and possibly later. I have received notice to quit from the owner of the building which I occupy at present, and proceedings have been commenced to compel me to vacate in a short time; therefore, I find myself with a large and elegant stock and in danger of having it set on the street. In view of this fact, I have decided that during the few days that I have left in my present store to close out my entire stock at auction and to open in my new location with an absolutely new stock. My new store will be the largest and finest in the state of Iowa. To conduct my auction I have engaged the services of Mr. James L. Hand, a famous auctioneer. He will describe the quality and design of each article as it is sold.

I consider myself morally and financially responsible for the quality of each article sold as stated by Mr. Hand and guarantee everything absolutely. I invite everybody to select any article from my stock and it will be put up and sold for what it will bring. I am managing my store so as to accommodate the crowds that will no doubt attend and chairs will be provided for ladies. A feature of the sale will be that a number of valuable articles selected from my stock will be given away absolutely free at each session of the sale. Attend the first sale Thursday night and witness the greatest opportunity ever given to the people to procure such valuable goods for whatever they wish to give. Remember the name, Leffert's, will stand for quality, truth and square dealing at this auction, as it always has in the conduct of our business and ever will in the futher.

ATTEND THE FIRST SALE

THURSDAY, SEPT. 9, AT 8 P.M.

Bridge Firm Claims Royalty. In a formal statement to the effect that the plans of City Engineer Etnyre for the concrete bridges at Benton street and Eighth street are an infringement on their patents, the N. M. Stark company of Des Moines notified Mayor Maloney yes terday that it would hold the city liable for royalty if those plans were used in the construction of the bridges.

The letter is accompanied by a copy of the firm's 1909 catalogue, which is said to contain the patents which they claim are being infringed upon. In its letter the company says: "The plan your city engineer has one file for the Eighth street bridge involves a number of these patents. As a matter of fact, he took the plan for this
