

WHY THE COMPANIES GO OUT

Not Up to Minimum, is Explanation of Storch's Action.

TWO OF OLDEST MILITIA BODIES

Disappointment Expressed in Omaha Over the Brigadier General's Order in Cutting Down the National Guard.

Company L, First Infantry, and Company G, Second Infantry, the two Omaha companies of the Nebraska National Guard which Brigadier General Storch of the Guard says he mustered out of the service, are the two oldest companies in the state's militia.

The recommendation of the brigadier general that the two companies be mustered out of the service came as a "thunderbolt from a clear sky," as the officers or men of the companies claim they did not know anything was the matter.

Company L is known as the Thurston Rifles and Company G as the Omaha Guards. Company L, the Dahlgren Rifles, Captain Wile in command, is not censured by the brigadier general, though this company is the detachment accused of killing a farmer's cow while in camp at Ashland.

While the captains of the two black-listed companies both said they had not the slightest idea of what is the matter, Colonel A. D. Fetterman, inspector general, says he believes the trouble is that the enrollment in the two companies is not even up to the minimum.

General Storch's order, the long-distance telephone and the adjutant general told him the whole trouble was that the enrollment of the companies is too small and that the brigadier general does not believe the state should be compelled to pay for the support of small companies.

Get your enrollment up to the minimum and above if possible and everything will be all right, the adjutant general told me," said Captain Storch.

Police Will Work on Two Shifts During Festivals

Each Man Will Put In Twelve Hours—Cleaning Streets for Parade of Eagles.

The police have begun to clear up the streets and sidewalks in anticipation of the big Eagles' parade next Thursday.

Twelve hours a day will be the length of time to be worked by every patrolman, beginning Sunday and continuing until the close of the fall festivities.

"Welcome" signs and streamers over sidewalks and from posts will be practically the only kind of temporary overhead sign or sidewalk obstruction allowed by the police.

"All sidewalk repair material, seats, signs and other obstructions must go," says Chief Mostyn. "The city ordinances pertaining to the subject are to be rigidly enforced."

Omaha Boys Are Expert Linguists

Joe Courtney, with Big Publishing House in New York. Visits His Father.

Joe Courtney, younger son of C. R. Courtney, the grocer, is spending a two weeks' vacation with his father in Omaha.

Joe Courtney is now connected with a big New York publishing house as expert linguist to read all foreign manuscript submitted. Ralph Courtney holds a similar position with a London book firm.

LOOK OUT FOR YOUR MAPLES

A little green worm with a black head is playing havoc with maple trees in and about Omaha, and some thoughtful persons are anxious that The Bee sound a note of warning to save the trees before it is too late.

In Benson many trees have been ruined and in the West Farnam district other are being severely attacked by these little pests," says a good woman who called The Bee by telephone.

Striking Indian Nomenclature. "Mushokee," "Clear Sky Land," "Magawethan," "Smooth Flowing Water," "Hawartha," "Bright Water and Happy Lands," "Tengamni," "Deep Water," "Wawa," "The Flying Goose," are Indian words that fittingly describe some of the most delightful spots for a summer's outing on the American continent.

Particulars of fare, descriptive literature, time tables, etc., will be mailed free on application to W. S. Cookson, A. G. P. A., 125 Adams street, Chicago.

BOYS' DEPENDABLE SHOES

The "good enough for the boy" idea in buying shoes is poor policy.

The best in shoes is none too good for the boys. They give their shoes harder wear than a man does, and it is a waste of money to buy them poor shoes.

If our kind of boys' shoes cost a trifle more they are worth it, and we guarantee every pair to be satisfactory.

SOROSIS Popularity

To be popular for a month, a season, or even for a whole year—is one thing. To be popular one year after another and have that popularity ever increasing is still another and a much more desirable condition.

Such Are Sorosis Shoes

And it requires all the new shades, shapes and patterns each season to obtain and retain that popularity.

Another important feature is the popular price of Sorosis Shoes—
