## Why do you pay rent?

The money you pay as rent represents the owner's profit on his investment. His investment is probably the result of thrift and saving. If he can own a piece of property and make money on it—why can't you?

Thursday's Bee will have a large list of home bargains that can be purchased on the easy terms plan—small payment down, balance like rent.

Thursday is home day.

## Women's \$3.00 Shoes

It's very easy to say the best \$3 shoe, but it's quite another thing to deliver the goods. We have the proof in hundreds of satisfied customers that have proved not only the quality—but have the comfort that goes only with a perfect fitting shoe. We select and inspect all the leather in them—valour calf, patent colt, vicid kid, in button and lace—on the footform last and styles up to the minute.

We know there are higher priced shoes but we also know there are no \$3 shoes worth more, and that most of them are worth less.

As for the special \$3 shoe.
