**BARTON OPPOSES CONTRACT**  
 Address Stirs Up Things in American Order of Protection.  
 MORE EXPENSE, LITTLE BENEFIT  
 Members of Order Will Make This a Medium for Attack on Its Legality and Seek to Have It Abrogated.

(From a Staff Correspondent.)  
 LINCOLN, Sept. 14.—(Special.)—The Order of Protection met here this morning and after a welcome address by Mayor Love and a speech by Supreme Commander T. M. Bennett of St. Paul, went into executive session to transact business.  
 At this meeting State Auditor Barton delivered a speech which has stirred up the delegates to the talking point and the all-around around the hotels is full of what is going to happen to the contract which the company has with the American Order of Protection, organized by officials of the American Order of Protection and contracted with to do the field work for the Order of Protection. Some of the delegates are in favor of abrogating the contract and compelling the officials to pay back to the American Order of Protection the money that has been paid to the American Order company.  
 Auditor Barton denounced the organization of the American Order company as contrary to law and his attitude is being used by W. H. Thompson of Grand Island and others as a basis to work for its abrogation. C. P. Gaylord is a supreme officer of the American Order of Protection and is also president of the American Order company with which the contract for field work has been made.  
 In his talk Auditor Barton showed the great increase in expense under the contract compared with the old without any corresponding increase in new members or growth of the order.  
 According to delegates who were present at the meeting the auditor showed that under the old contract from September, 1920, to March, 1930, the expenses of the American Order of Protection was \$10,000. Under a similar contract with the Order company the expenses had been as follows since 1920: In 1920, \$10,000; in 1921, \$10,000; in 1922, \$12,500; in 1923, \$15,000; in 1924, \$17,500; in 1925, \$20,000; in 1926, \$22,500; in 1927, \$25,000; in 1928, \$27,500; in 1929, \$30,000; in 1930, \$32,500. The net gain in membership has been as follows:  
 1920..... 1,421,000, loss..... 80  
 1921..... 1,421,000, loss..... 100  
 1922..... 1,421,000, loss..... 120  
 1923..... 1,421,000, loss..... 140  
 1924..... 1,421,000, loss..... 160  
 1925..... 1,421,000, loss..... 180  
 1926..... 1,421,000, loss..... 200  
 1927..... 1,421,000, loss..... 220  
 1928..... 1,421,000, loss..... 240  
 1929..... 1,421,000, loss..... 260

 Dr. Wilson Reappointed.  
 Dr. W. H. Wilson has been reappointed state health inspector by the State Board of Health. The salary is \$1,500 a year. The late democratic legislature attempted to legislate Dr. Wilson out of office, but in his efforts to get every office in sight it made a mistake and amended the governing section of the law, and thus one office was saved for an entire board to fill instead of just the governor.  
 Mortensen Out of Politics.  
 Hon. Peter Mortensen, former state treasurer, was in Lincoln today enroute home to Ord after having accompanied his son as far as Omaha on his road to school in St. Paul, Minn.  
 "I feel better than I have for a long time," said Mr. Mortensen. "My son wanted to develop his muscles in order to stand a chance to get on the football team, so he went to work on a farm. We got an automobile and went out together, and I worked with him. The result is both of us built up our muscles."  
 "I hear some politics, but I have no idea who will be the strong man in a primary for a nomination for governor on the republican ticket. I believe that Senator E. H. Rusk of Lancaster county is a logical candidate if the fact that he lives in Lincoln would not operate against him."  
 Mr. Mortensen said he had no desire to get in the race, as Valley county already has one candidate, though Mr. Fries has not said on what ticket he will run. Mr. Mortensen thought might also get into the race, though he had nothing to base his presumption upon insofar as direct knowledge is concerned.

 Lights for Capital Grounds.  
 Former Mayor Brown was at the state house this morning to get a blue print of the grounds showing the location of the electric lights that are shortly to be up. The former mayor is going to see to it that the city erects lights at the corners of the grounds, something he has been trying to get done for many years. Under the old contract the city has been refused to do. Now that the city is going to light its streets at the corners of the grounds.  
 The claim was made at the meeting that the expense about equalled the income from the grounds, but being put up for an increasing mortality. The cost of the insurance would continue to increase and he insisted on providing for mortuary income. The auditor insisted upon the transfer of any of the mortuary fund to the general fund to pay expenses.  
 The speech of the auditor was ordered printed so that the delegates would be familiar with the facts when they take it up to discuss the suggestions at the executive meeting tomorrow.

Tabitha Home is located in Lincoln and is under the supervision of the Lutheran church.

 BROKEN BOW, Neb., Sept. 14.—(Special.)—The Custer county fair opened this morning with all arrangements and details complete. It is a big exhibition all the way through and one of the best efforts in this direction ever put forth in the county. Prof. H. Sorenson, the blacksmith aviator, says, with a fifteen-mile wind blowing he can demonstrate without the aid of a balloon; but if the air is still, the machine will have to be towed to a height of several thousand feet and cut loose, as upon a previous occasion at Berwyn, when he made his phenomenal drop of 8,500 feet. The live stock exhibit this year is particularly interesting and, notwithstanding the unusual dry weather, that prevailed last year, the agricultural display is way above the average. The racing program is made up of the best material, the fat purses offered by the management bringing in a number of horses with low records. The fair officially closes Friday night, but the attractions in town will hold over Saturday, filling out the week of carnival.

 Don't Worry About Fat During the Hot Weather  
 This is not the time to worry about your fat. The thing to do is to remove the fat without taking chances with the health of the rest of the body. There has been a great demand for several years for a convenient means of removing fat. There has been a description which has met with a great success in the past few years in the reduction of flesh. This demand has been met in the shape of a small tablet that holds all the principles of a fat reducing prescription and at the same time enables a fat man always be able to take their fat reducing formula, no matter where they may be. One of these little tablets taken after each meal will keep the fat from being produced, and will stop it as it is being produced, and will remove the fat you have at the rate of from 12 to 15 ounces per day. They are perfectly harmless, contain no drugs that will wear down your system, but they do the work just as nature intends it should be done. They go into the stomach and stop that organ from producing fat. They reach the liver where it is located and assist the body in throwing it off. They require no diet, no exercise, and they will not leave your skin loose and sagging. They are being sold in great quantities in all parts of the country. Hundreds of physicians prescribe them. They may be had at any drug store, price 75 cts. per case, or you send direct to the Marmole Company, Dept. 222, Detroit, Mich.

 Optium Joint Raided.  
 GRAND ISLAND, Neb., Sept. 14.—(Special.)—The two young men who were placed under arrest some days ago for a robbery of the Hill of Leo Lung, Chinese "Bon Ton" restaurant have been discharged, no evidence having been found against them. One of the young men lives at Fremont. His father came to the city upon hearing from a prominent source that the lad was falsely imprisoned, and as a result of the boy's story to his father, Mayor Schuff personally directed a raid on Lung's private quarters over his restaurant and found him hitting the opium joint just as the boy stated in the suggestion of the time. The manner of the raid, Lung's opium smoking paraphernalia was seized and will be held as evidence against him. The other part of the boy's story is that he was taught to smoke by Lung and that many others, among them disreputable women, have been frequenting the rooms, Lung charging \$1 per smoke. Lung was arrested and is being held on a \$500 cash bond. A new clue as to the robbery of Lung's till points to other parties, search for whom is now being made.

 It won't cost you a penny to reach out a helping hand to a great army of honest, hard-working and deserving men and women.  
 Just your moral support will insure work, a living and comforts which are now either partly or wholly denied them.  
 How so?  
 Come on, let's have a look.  
 You've often been importuned and may have been commanded by advertisement or otherwise to "refuse to buy anything unless it bears the 'union' label."  
 Looks harmless on its face, doesn't it?  
 It really is a "demand" that you boycott the products made by over 90 per cent of our American workmen and women who decline to pay fees to, and obey the dictates of the union leaders.  
 It demands that you ask the merchant for articles with the "union label," thus to impress him with its importance.  
 It seeks to tell you what to buy and what to refuse. The demands are sometimes most insolent, with a "holier than thou" impudence.  
 It demands that you take away the living of this 90 per cent of American workmen and women.  
 Is that clear?  
 Why should a small body of workmen ask you to help starve the larger body? There must be some reason for the "union label" scheme.  
 Run over in your mind and remember how they carry on their work.  
 They are not content with working or striking in the coal regions, about 35,000 men preferred to work, they had wives and babies to feed. They had to work openly in their convention that if the employers didn't discharge these men they (the union men) would kill them.  
 So they dynamited about a dozen homes, maimed and crippled scores of children and brutally assaulted scores of these independent workers.  
 The big boys of the union were taught to pound the school children of the independent men. How would you like to have your little girl shortly grown from the toddling babe you used to sit on your lap to a "daddy" pounded by some big boys on her way home from the school where she had gone to try and please Daddy by learning to read?  
 The little tender face and body would first need tender care while you ponder the inscription writ deep in your heart, by that Master and taught to all human children, that says: "Thou shalt love thy neighbor as thyself."  
 They are beautiful and wonderfully made, each the dwelling place of a Divine Soul.  
 Is it your wish that they be crushed by iron shoe heels, cut by knives or torn apart by bullets and dynamite?  
 May we venture to think that the long suffering patience is extended in the hope that the men and women of America may some day wake to a realization of the awful cruelties perpetrated by the union almost daily accounts of the criminal, lawless and tyrannical acts against American citizens and haven't told half the tale. Right here it becomes necessary to say for the ten thousandth time that there are scores of honest law-abiding union men who deplore and are in no way responsible for the long infamous record of the "Labor Trust" under its present management, but they don't seem to stop it.  
 The men who manage, who pull the strings and guide the policy have made the record and it stands as made by them. Examine, if you please, the record of a string of members of the American Federation of Labor and you will view a list of crimes against Americans, stupendous beyond belief. They defy the laws, sneer at the courts, incite mobs and are avowed enemies of the peaceable citizens of all classes.  
 This band wields an iron bar over their subjects and drives them to idleness whenever they want to call a strike or exact extra pocket money for themselves. Men don't want to be thrown out of work and lose their livelihood, but when they do when the slugging and murdering committee stands always ready to "do them" if they try to work.  
 The poor women and helpless children suffer and no one seems present their case to the courts. They must suffer in silence for they have no way to right their wrongs, while the notoriety-seeking leaders carry out their work.  
 These men cannot thus force oppression on the weak and innocent or use their "union" newspaper notice to themselves and money to their pockets unless they can "hold them in line."  
 Therefore, with the craft of the fox and venom of the serpent they devise the "union label" and tell the public to buy only articles carrying the label.  
 Smooth scheme isn't it?  
 They extract a fee from every union man, and in order to get these monthly fees, they must hold the workers in the "union" and make the contractors to kick out all independent men!  
 Can anyone devise a more complete and tyrannical trust?  
 If allowed full sway, no independent

 were in line with the general expectation. Judge Lovett succeeded Mr. Harriman as chairman of the executive committee, while Jacob H. Schiff and William Rockefeller were elected directors and made members of the enlarged executive committee. As was the case at the Union Pacific meeting, no action was taken in the matter of electing a successor to Mr. Harriman as president.  
 Harriman Stocks Rise.  
 The Harriman stocks moved upward on the market today, largely, however, in compliance with the recent optimistic reports of the future plans of the financiers' supposed successors.  
 There were meetings today of the directors of the Illinois Central railroad and of the Wells, Fargo & Co., in which Mr. Harriman had membership. Neither board took action to fill the vacancy, but President Harshbarger of the Illinois Central was authorized to appoint a committee to draft suitable resolutions on Mr. Harriman's death.  
 The directors of the Union Pacific, which Edward H. Harriman organized out of comparative chaos and made the nucleus of his 60,000 miles of railroad control, paid him their formal tribute today. At a special meeting yesterday following the death of Mr. Harriman, the directors of the Union Pacific, who had taken place on the board of directors and at the head of the executive, the directors

appointed a committee, consisting of Marvin Huggitt, Head of the Executive Committee, A. Peabody, to prepare suitable resolutions on the death of their former leader.  
 Text of Resolutions.  
 A copy of those resolutions were first sent to Mrs. Harriman at Arden, and today their contents were made public. The resolutions follow:  
 Resolved: That the board of directors of the Union Pacific Railroad company, with deep sorrow, records the death of Edward Henry Harriman at his country place at Arden, N.
