Suit for \$10

Last week we explained to you what good SUITS we were selling for \$10.00, this was not intended for one day only, but it is our aim always to sell as good as—

\$15 For a SUIT

as other stores in Omaha are selling for \$15.00. We just received some fine all wool, blue serge suits in regular sizes; stouts and slims, in a beautiful shade of blue. We have added these suits to the \$10.00 line. Any man that has an idea of spending—

THE "Better Sort" of Trousers

owes himself a duty to see the suits we can furnish him for that money. As for this price, we make a special effort to furnish the same grade of goods that other stores actually sell at \$20.00 and \$22.50. Samples of these suits are now on display in our west window in the front row.

Price—\$1.90 to \$6

We have secured another case of 100 dozen of those

Silk Lisle Hose like we had earlier in the season, which everyone liked so well. They come in 17 different plain colors, actual 25c values—

The STOETZEL STOVE CO. 714 South 16th Street

We sell on small monthly payments or a cut price for cash.

We have only been selling the Detroit Ideal Gas Stove since a year ago last spring. We have sold more than three hundred in that time. This enormous sale in so short a time is due to two things: One is the well known reputation of the stove long before we secured the agency for it, and the other that we have never sold any but the leading makes of stoves. The Detroit Ideal stands distinctly in a class by itself. Its peer is not made. The feature of the stove is the patent shallow one-piece drilled burners. They do make a hotter fire with the same gas than any other. It has many other important features too numerous to mention here. We never miss a sale when people see it before they buy.

Mrs. Von Dord of Dundee says: "It is easy to believe that the Detroit Ideal is in a class by itself. I have used several different kinds of gas stoves that were considered first-class, but none of them compared with it."
