"PEARY COULD NOT BEAT ME"

E. O. McCormick Says He Would Stick for the Big Pole.

WOULD STAND NO THROW DOWN

Harriman Traffic Man Asserts Had Me Gone Most of Way He'd Sure Finish or Mix it with the Discoverer.

E. O. McCormick, assistant traffic manager of the Union Pacific, stopped in Omaha for a short time Friday morning. He was in his private car with a party of friends and was enroute to Seattle to see the expedition. In his party besides himself and wife were Judge J. Otis Humphrey and wife of Chicago; E. S. Conway, member of the Chicago Commerce association, and wife, and Miss Mabel Rogers of Chicago. Judge Humphrey is on the United States circuit bench of Illinois and his home is at Springfield.

The McCormick party arrived on Northwestern train No. 21 and left for the west on Union Pacific train No. 8. During the western trip the party will visit Seattle and several points in California.

Mr. McCormick insisted that his trip was simply one for pleasure and that he had thrown off business cares while making it.

MORE FLAGS ON TAFT ROUTE

Samson Asks Householders to Decorate Homes.

PRESIDENT TO SEE FINEST HOMES

Line of Drive Will Carry Him Past Many of Best Omaha Homes—Box Built at the Den for Visitor.

Samson has issued a request that so far as possible residences along the route taken by President Taft Monday be decorated with American flags.

This route has met with the approval of the entire board of governors, as it not only takes the president by many school houses as the time permits, but also drives him past many of the finest residences of the city. Among the prettiest drives along the route is that through Bemis park, with the beautiful houses high in the air and surrounded with beautiful lawns.

The drive will go past the residences of Bishop Scannell and Mrs. E. W. Nash, the castle of G. A. Joslyn, the beautiful homes of C. N. Deitz, J. E. Baum, E. A. Cudahy and many of the others in the West Farman district. The run is also over the boulevard from Harney street to the new Field club residence district and should give President Taft the impression that Omaha is a city of beautiful homes.

The Rock Island has arranged to haul the presidential party from Des Moines to Omaha on a special train as the first section of No. 11 to run ahead of that train. Thus the president and his party should reach Omaha on time, if not a little ahead of time. The special train will be made up of the two private cars of the presidential party, a baggage car of the New York Central railroad and the private car of H. S. Cable, general superintendent of the Rock Island.

Preparations are complete for the dinner to be tendered to Mr. Taft at the Omaha club. It will be an elaborate affair. The menu has been given out. The Omaha club will spend \$50 for flowers to decorate the tables. The music will cost about \$5 and the waiters \$10. The menu cards will be elaborate and will cost about \$2 apiece and will be a beautiful souvenir of the banquet.

Samson also wishes to remind all knights of Ak-Sar-Ben that no visitors will be admitted to the den Monday night and that all knights will be required to present both their membership cards and their buttons at the door.

The private box which President Taft and party will occupy at the den has been built near the front and on the east side of the arena. It is so arranged that the automobile carrying the president may drive in the large door at the east side of the den and take the president to the side of the box so he may step from the automobile to the box. The fact that the president's train will run on special time from Omaha to Denver will give time to witness the entire production of "Paprika Schmitz" and also to make a short speech to

Can't Get Away; I'm in Guard House

Soldier Boy Lover Sends Sweetheart for License, but She Gets it Not.

It is beginning to look as if John E. Burroughs, a soldier at Fort Crook, will have to wait until he gets out of the guard house before he can get married.

A day or two ago a woman appeared before Clerk Puray and asked for a marriage license. The man's name she gave as John E. Burroughs, but before she got to giving her own soon-to-be-changed cognomen Puray asked for the man's age and the home of his parents. Alas, she was stopped. She did not know either one. When told to call him up she explained that he was in the guard house at Fort Crook and was denying himself to visitors.

Puray was obturate and the license was not issued. It may be that she is now spending her evenings trying to run the guard, since they are evidently very anxious to get married as soon as the groom can get out.

BIG FIREWORKS FOR THE KING

Elaborate Display Will Be One of the Features of the Fall Festivities.

One of the big features of the fall festivities overlooked in the rush of the important matters, including the visit of

President Taft as the guest of Ak-Sar-Ben, is the big fireworks display to be given Thursday night. These will include set pieces galore, serial fireworks and blazes of all sorts.

The free attraction on the King's Highway this year will be the Howards, wire walkers, who will give their performances 20 feet in the air. Other high priced free attractions are bicycle and trapeze acts on high wires stretched over the carnival grounds.
