\$15 to \$25

NEW YORK LIFE DEAL DONE

Building Sold to Omaha National Bank Men for \$875,000.

SEPARATE COMPANY IS FORMED

Omaha Safe Deposit and Trust Company Buys Building and Leases it to the Millard Bank for Long Term.

The deal for the purchase of the New York Life building by men interested in the Omaha National bank has been practically concluded, although an official denial has been entered that the closing on the option has occurred.

Joseph H. Millard, president of the Omaha National, speaks concerning the deal as follows: "The Omaha Safe Deposit and Trust company expects to buy the building of the New York Life insurance company and the contract with the New York Life company is with the Safe Deposit and Trust company and not with the Omaha National bank."

"The Safe Deposit company has a contract for an option expiring October 1. It is the expectation now that the deal will be consummated. If done, the Omaha National will take a long lease of the entire main floor, the terms of which have already been agreed upon with the Safe Deposit and Trust company. The bank will establish its home on the main floor at as early a date as the changes in the building, the installation of vaults and furniture will permit.

"It is probable that a building company will be formed ultimately, which will take over the entire property from the Omaha

Safe Deposit and Trust company, both building and leases."

Directors Approve It.

The directors of the Omaha National bank met Thursday afternoon and approved the lease of the main floor from the Safe Deposit company. It remains for that company formally to close its option with the New York Life insurance company, although there is not the least doubt in the world that this will be done at once.

The price paid is \$75,000. The purchase includes the three-story annex to the east. The main building and annex and the ground on which they stand cost the New York Life insurance company \$1,300,000 and it is the only Farnam street property west of Thirteenth street which could have been bought at a discount and this only because of the situation in which the insurance company is involved, by reason of the New York state regulation requiring it to dispose of these office buildings.

FIVE THOUSAND OFFERED IF SUITS ARE DROPPED

Broadwell Says County Cannot Win Them, Anyway, Since It Lost with Vinsonhaler's.

A proposition from Frank A. Broadwell, former clerk of the district court, has been offered to the Board of County Commissioners, in which he agrees to pay \$1,000 in cash if the suits against him for uncollected fees and for fees retained by him as a member of the insanity board are dropped.

Forty thousand dollars in uncollected fees were being sued for and about \$5,000 in fees for work on the insanity board.

Mr. Broadwell declares that as the suits against former County Judge Vinsonhaler for uncollected fees were lost by the commissioners, they have little chance of collecting these claims. He has received \$5,000 as insanity fees and claims \$5,000 more, but will pay the \$1,000 cash and release those claims if he is allowed to hold what he has and avoid further litigation.

KNOCKED DOWN BY A CAR

Dr. W. R. Shepherd is Bumped and Hauled to Ground, but Not Seriously Hurt.

While crossing Dodge street at Fifteenth street shortly after 1 o'clock Friday afternoon, Dr. W. R. Shepherd, general manager of the Spray Medical company, with offices at 118 North Fifteenth, was struck and knocked down by a Dodge street car. He was taken to the police station, where his wounds were dressed by Police Surgeon Harris. None of them was serious. He returned to his office as soon as he had recovered from the shock.

The Glad Hand

removes liver inaction and bowel stoppage with Dr. King's New Life Pills, the painless regulators. Ec. Sold by Beaton Drug Co.

W. O. W. SITE MEN TO MEET

Committee May Get Together Monday on Building Location.

AS MUCH IN DOUBT AS EVER

Sixteenth and Jackson Admitted to Be Out of the Running, While the Burlington Corner is Said to Be High.

A meeting of the building committee of the executive council of the Woodmen of the World will be held soon, probably Monday, and it is thought the question of a site will then be finally settled.

Meantime the matter is in the str. Real estate men have renewed their activities and J. C. Root and John T. Yates, the two Omaha members of the building committee, have their ante-rooms well filled all day. Agents have been unable to get to them this week until now, for the convention of the Associated Fraternities took the time of these men.

A strong effort is being made in behalf of the northwest corner of Fifteenth and Farnam, where the Burlington city ticket office is located.

The fact that the Farnam frontage is not large is against this corner and the price, \$50,000 seems high to the Woodmen, or at least rather more than they care to expend.

The Coad corner, Seventeenth and Harney, is also talked of. It has been generally admitted that Sixteenth and Jackson is out of the running and, while J. E. George has been seeing the Woodmen often recently, it is said that he is working on another site now.

The executive council meets Tuesday, a day after the building committee is supposed to have decided.

MANY AT MRS. MAY'S FUNERAL

Friends Pay Profound Sympathy to Family and Tribute to the Departed.

The funeral services for Mrs. Harry May, who died Wednesday morning at the family residence, 211 South Thirty-third street, were held at 10 o'clock Friday morning at the home.

Mrs. May was prominent in social and charitable circles and was widely known as a worker among the congregation of Temple Israel, of which she was a member.

An enormous mass of flowers and floral emblems was sent in by the various societies and organizations to which she belonged and a large number of friends followed the body to its grave, which is in Pleasant Hill cemetery.

Among those present from out of the city were Mr. Jacob May, Minneapolis; Mrs. Alexander, Detroit; Mr. Henry Riegelman and Mr. M. Sheerman of Des Moines and Mrs. Max May of Detroit. Rabbi Cohn of Temple Israel conducted the services.

NICKERSON BUYS A FARM

Deputy United States Marshal Makes Investment in Land Out in Oregon.

Deputy United States Marshal J. B. Nickerson has returned from a vacation trip of four weeks to the Pacific coast. Mr. Nickerson invested in a small farm in Goose Lake valley, Oregon, and in a town lot in the town of Lakeview, which is the market town of the valley.

"I was not the only Nebraskan who invested in these lands, which have

been opened for sale, much of which is available for irrigation and is now under ditch," said Mr. Nickerson. "The land was sold at auction by the Oregon Valley Land company, in areas of from 10 to 1,000 acres each, with a town lot free with each farm."

"Nebraskans are interested in about one-third of the 12,000 contracts that were disposed of regarding these lands, but aside from those mentioned I do not know who the other fortunate holders of the contracts are."

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

Mohler Builds Six Hundred Miles New Track

Union Pacific Now at Work on That Much in Nebraska, Kansas and Colorado.

A. L. Mohler, general manager of the Union Pacific, now has under his supervision the construction of 600 miles of railroad which that line is now building in this territory. This includes fifty-three miles in Nebraska, extending the O'Fallon branch to Northport, thirty-five miles in Kansas and thirty miles in Colorado north of Denver,

making 148 miles in connection with the Union Pacific proper. In addition to this 100 miles of double track are being laid on the main line through Nebraska between Kearney and North Platte. The grading on this work is complete and the rails are being laid.

The total of new work now under way by the Harriman system is 2,000 miles. The amount of money involved in this construction is placed conservatively at \$100,000,000 and is an unparalleled outlay for the construction of branches and improvements in the case of a system already so well constructed. Of the above amount about one-half already has been expended, while the recent sales of treasury securities, together with the surplus accumulated from the operation during the last year, gave the Union Pacific working capital in the neighborhood of \$5,000,000.

As many of these improvements will not

have to be paid for for some time it looks as though the Union Pacific would be able to meet its obligations without the necessity of making further provisions for funds. These are some of the conditions which face the men who have succeeded Harriman in the control of the Union Pacific and its allied lines.

Dyspeptic Philosophy.

It's all right to hitch your wagon to a star, but it is just as well to have a parachute attachment. The man who says he is married and glad of it is either an optimist or a liar. The difference between genius and talent is that talent can usually afford a dress suit. The trouble with the man who gets there with both feet is that he thinks the world is his door mat. A fellow always wears a bigger hat just about the time he graduates from college than at any other period of his life. Trouble naturally comes sooner to those who are looking for it than to those who dodge it.—New York Times.

BRANDEIS BOSTON STORES

The Exceptional Equipment

of the California Fig Syrup Co. and the scientific attainments of its chemists have rendered possible the production of Syrup of Figs and Elixir of Senna, in all of its excellence, by obtaining the pure medicinal principles of plants known to act most beneficially and combining them most skillfully, in the right proportions, with its wholesome and refreshing Syrup of California Figs.

As there is only one genuine Syrup of Figs and Elixir of Senna and as the genuine is manufactured by an original method known to the California Fig Syrup Co. only, it is always necessary to buy the genuine to get its beneficial effects.

A knowledge of the above facts enables one to decline imitations or to return them if, upon viewing the package, the full name of the California Fig Syrup Co. is not found printed on the front thereof.

One Doctor

Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Doctors have prescribed it for 70 years. C. C. Ayer & Co., Lowell, Mass.

Have only one doctor—just one! No sense in running from one doctor to another! Select the best one, then stand by him. No sense in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it.
