

Try This Coffee Test

The addition of cream to a high-grade coffee will produce a rich, golden brown color. If the coffee is a low grade the color will be muddy or even grayish. Try this test with

OLD GOLDEN COFFEE

and notice the beautiful golden brown color. That's because OLD GOLDEN is an extra fine grade of choice "Old Crop" coffees. The blending, roasting and packing is done by experts, so that none of the delicate fragrance, appetizing flavor, and invigorating richness may be lost.

If you enjoy coffee of the better sort—try Old Golden.

New Bible Class—The Inter-Parochial Bible class, recently organized among the Episcopal churches of the city will hold its first meeting in Trinity cathedral chapel, this evening at 7:30 o'clock.

FIX NEW BOULEVARD ROUTE

Park Board Decides on Proposed North Central Thoroughfare.

OLD PLAN PROVED TOO COSTLY

New Line Will Run Between Thirty-Eighth and Thirty-First Streets and is Said to Be High and Slightly Curved.

The route of the proposed North Central Boulevard to connect Bemis park at Thirty-eighth and Lincoln boulevard with a prospective boulevard to Fontenelle park, northward west of Fort Omaha to the Florence heights, or eastward to Levi Carter park. The cost of the section about to be built will be close to \$20,000.

From here it may be continued in any one of the three directions to Fontenelle park, northward west of Fort Omaha to the Florence heights, or eastward to Levi Carter park. The cost of the section about to be built will be close to \$20,000.

The route runs west of the old course which had to be abandoned on account of the expense. It worms its way around the hills between Thirty-eighth and Thirty-first streets and is said to be high and slightly curved.

With the adoption of a resolution presented by Mr. Miller, cutoff lake as such ceased to exist. The resolution changed the name to Carter in recognition of the Carter gift of \$50,000 for Levi Carter park. The resolution asked the city council to take such action as is necessary to complete the change.

Lake Nakoma, which is an unofficial designation for the lake used by the Rod and Gun club and others may be given to another body of water to be created in the low marsh between the lake proper and the river.

Mr. Corrish said some time in the near future it would be advisable to dredge out this marsh and create there a small body of water which could be entirely surrounded by trees. This, he said, could appropriately be named Lake Nakoma. The other members of the board pledged themselves to further this plan and when the time came to use their influence to have it named Lake Nakoma.

An elm tree which has stood at the east side of the court house since the first day of the first term of Frank E. Moores as mayor of the city of Omaha will be transplanted by the park board to Woolworth avenue, somewhere between Thirty-third and Thirty-sixth streets. A request that this be done was contained in a letter to the board from John W. Battin, who said the tree was planted by some friends of Mr. Moores on his induction into the office of mayor. The board voted to comply with the request and the tree will be removed as soon as the ground freezes.

Lodging work at Carter lake will begin this week. The big dredge being almost ready to float. The first work will be the filling of the lowlands on the west side of the lake in order that the new land may be ready for tree planting next spring. The dredging will be pushed as rapidly as possible this fall.

Bungalow City Must Go. The edict that Bungalow city must go has been issued. The members of the board announced that the little buildings would interfere with the progress of the work and would have to be removed.

No matter what kind of figure you have, you'll get the best effect in the appearance of your gowns by wearing a Kabo Corset. You can be sure that the Kabo models are the very latest things—direct from Paris.

Kabo Corsets are celebrated for the fact that they are first in the field with new styles.

We guarantee you complete satisfaction. No matter what model Kabo you buy, you may return it and get satisfaction if it isn't just what you want. We protect the dealer, so you should insist on exchanging till you get what you want.

Stout women should wear a Kabo Form Reducing Corset; those expecting the Stork should wear a Kabo Maternity Supporter.

AFFAIRS AT SOUTH OMAHA

Last Car on Albright Line Tuesday Night a Target for Bricks.

ACT CHARGED TO SMALL BOYS

Mass Meeting Called for This Evening to Hear the Striking Street Railway Men Present Their Side of Controversy.

The last car on Albright last night suffered some damage at the hands of unidentified parties. A number of bricks and bottles were thrown through the windows. A torpedo was placed on the track and the car men reported that some one had shot at them.

The trouble occurred at Twenty-fourth and U streets. Chief Briggs said it was the work of small boys who were not to be classed as strikers or as sympathizers with the strike, but simply a gang out for trouble.

Later in the evening he and two officers rode to the end of the line in a special car with the lights turned out, trying to discover who was responsible for the trouble to the other car. He was not trying to molest them. The conductor slipped his trolley and in going up to tie on a new rope he touched a live wire and received a severe shock, but soon recovered and was able to go on with the car.

The chief said the Albright beat had no effect through the possession of Officer Gillin and that probably was the reason the boys dared to throw the bricks. The car was not seriously injured.

Officer Gillin will be given an early hearing before the board and will have a chance to present his side of the case. He stated last evening that he was not riding the car when the missile was thrown through the windows and he did not see the brick thrown nor the man. He said the motorman and conductor pointed out the man and he had only their word for it.

The trouble on the occasion, the throwing of a few missiles on West street several days ago, and the few bricks thrown last night, make up the sum of all the disturbances during the strike. In each case only a few people were engaged in the disturbance.

Labor Mass Meeting. The South Omaha Central Labor union has arranged with Mayor Frank Kottelky and J. F. Coad for a mass meeting of union men at the corner of Twenty-fourth and O streets at 8 p. m., this evening. Mr. Coad, the owner of the vacant lot where it is proposed to hold the meeting, gave permission to use his property.

The object of the meeting is to give the citizens of South Omaha a chance to hear the case of the striking motormen and conductors. All citizens, and especially the women, are invited to be present. C. O. Pratt, Ben Commons, H. C. Murphy, P. C. Caldwell and other speakers will address the meeting. In the words of the local organizer, the meeting is intended to be a presence to put the stamp of disapproval on the action of the street railway company in importing outside labor to take the place of the home citizens.

Fire in Postoffice. A small fire occurred in the South Omaha postoffice building at 3:30 a. m. Tuesday. It was caused by an overheated sand-bath, a sort of oven used for heating chemicals in the laboratory. A table and cabinet were burned and the interior of the room badly scorched. The fire department handled the fire with such care and effect that much of the delicate apparatus was saved. The cause of the fire is under investigation and the probable loss to the building is \$200. Chief Neal, the head of the bureau, expressed much admiration for the care which the firemen exercised in gaining control of the fire.

New Room for Inspectors. Swift and Company are fitting up a new government room for the inspectors at the plant. This room will be commodious, and is situated just over the timekeeper's office at the foot of the iron stairs from the Q street viaduct. Lockers and change rooms will be provided and much done for the comfort of the men. Each of the packing plants has similar quarters for the men, or less care is taken for the comfort of this department.

Will M. Maupin, deputy labor commissioner will deliver an address at Rushing's hall, Twenty-fourth and J streets on Sunday evening. He will discuss the subject of the Presbyterian brotherhood. Mr. Maupin's subject will be, "Labor and the Church." The workmen of the city are especially invited to attend this meeting.

Magie City Gossip. Jetter's gold Top Beer delivered to any part of the city. Telephone No. 2. Fred Pottinger, Jr., is seriously ill. Del Pierce, who has been away on a short vacation, has returned. Lawrence Minot has sold his property in Albright to H. H. Gardiner. Mrs. E. L. Lott is spending a few weeks at Excelsior Springs, Mo.

Miss Fannie Case entertained the Epworth league of the Methodist church last evening. M. P. Brennan has returned from a hunting trip near Wahoo, Neb. The Ladies Aid society of the English Lutheran church will meet Wednesday afternoon at the home of Mrs. J. H. Wieser, 1528 North Twenty-sixth street. All welcome.

Herman Tombrink is enjoying his annual vacation. He has returned to his home to file for a chance on the Indian lands. The Baptist women will hold their quarterly missionary meeting Friday afternoon, October 1, at the home of Mrs. Van Winkle. Mr. and Mrs. Walter Martin, twentieth and Missouri avenues, proudly announce the advent of twins in their home. They are a boy and girl.

The Women's Missionary society of the Presbyterian church will meet Wednesday afternoon with Mrs. H. J. Oswald. The occasion is rally day and a large attendance is desired.

Live stock of all kinds is pouring into the South Omaha market at an unprecedented rate. The Northwestern with this week delivered to South Omaha 200 cars of cattle, sheep and Burlington officials say they will have nearly 1,000 cars for the month. Indications are that there will be heavy shipments of range stock all during the month of October.

The cornerstone of the new English Lutheran church, Twenty-fifth and K streets, will be laid next Sunday afternoon, at 3 o'clock. The Rev. H. J. Oswald, pastor of the church, will be present to preach in the morning and with the aid of the pastor, Rev. Ralph W. Livera, and the pastors from the churches of Omaha will lay the stone. A public invitation is extended to all to these services.

Counterfeit Dollars buy trouble, but a genuine quarter buys Dr. King's New Life Pills for constipation, malaria and jaundice. Sold by Beaton Drug Co.

OMAHANS INVITED TO GO TO NEW ORLEANS RIVER MEET. Asked by the Kansas City Commercial Club to ride down on its boat.

The Kansas City Commercial club has extended an invitation to several Omaha citizens to accompany the Kansas City delegation on the Mississippi river trip to New Orleans to attend the convention of the Lakes-to-the-Gulf Deep Waterways association convention to be held in New Orleans, October 30 to November 2.

The delegation will leave Kansas City by special train October 24 for Alton, Ill., where it will take the steamer Grey Eagle for New Orleans, stopping at St. Louis during the visit of President Taft, and will then accompany the Taft flotilla on the trip down the river. The trip is expected to occupy about two weeks.

Hard Work Getting Better?

When the danger point is passed and convalescence begins, it takes time to bring the enfeebled body back to its natural strength. At this vital period, when exhausted nature is striving to regain her own, you will find

Pabst Extract The Best Tonic

Combining in correct proportions the nutritive and digestive elements of rich barley-malt with the quieting and tonic effects of choicest hops, it offers nourishment in predigested form, giving new life and strength to the weak.

Europe is Mad Over Aviation

People on Continent Talk of Little Else, Says Howard H. Baldridge.

"Europe is aviation crazy," said H. H. Baldridge, who, with Mrs. Baldridge, has just returned from a seven weeks' tour of the continent. "You hear of nothing in the large cities but airships and aviation. People seem to think of very little else but the latest exploits of the flying machines. There is no social intercourse and business transactions. Le Matin, the big French newspaper, has the Bleriot airship which was the first to cross the English channel, on exhibition in front of its office and it is surrounded by a crowd continually.

The New York Herald Paris edition prints little else than aviation news and stories about the Peary-Cook controversy." Mr. Baldridge, with Fred H. Davis, spent several days at the aviation contests at Rheims. They met Dr. Bridges in Germany and Mrs. Barkalow and Mrs. Warren Krog and daughter in France.

"At the Wackerian opera in Munich," said Mr. Baldridge, "we saw fifty Omaha people. Probably no other city in America had as large a representation as Omaha had."

Drunk Conductor Has Lots of Money

Arrested for Disorderly Conduct on Car and Has \$32 in His Pockets.

His pockets bulging with \$32.00 in silver and small change, Thomas Hogan, one of the imported car conductors, was taken from West Leavenworth car No. 273 near Eleventh and Leavenworth streets by Officers Jensen and Emery, and locked in jail. Women who were passengers on the car notified the police that Hogan was drunk and abusive, and the officers were sent from the station to get him. "Where did you get all the change?" asked a policeman, as Hogan disgorged his big sack of silver. "Huh, that ain't much," said Hogan. "You ought to see me on a rush day." Hogan came here from Plainfield, N. J., and stays at the Vinton street barn.

WHY STATE CAN'T ADVERTISE

It Has No Money for That Purpose, Maupin Tells the Omaha Ad Club.

State Labor Commissioner Will M. Maupin told the members of the Omaha Ad club why Nebraska has not been better advertised, at the regular fortnightly noon meeting of the club. "Kansas," said he, "has two bureaus, with twenty-six employees and an annual appropriation of \$100,000. Nebraska has the state labor commissioner and one stenographer and an annual outlay of \$250. "We harvest more wheat per capita than does Kansas and more corn per acre than any other state. The Nebraska has gives a product annually worth \$7,000,000 more than the total gold and silver from the mines of Colorado. Omaha is the greatest butter market in the world and two years from now its prices will be quoted instead of those at Elgin."

After stating these and other impressive facts regarding the agricultural resources of Nebraska, which the speaker said were far and away ahead of Kansas, he proceeded to explain why these facts are not better known. The reason in short lay in the piggyback way in which the legislature has provided for publicity. Maupin closed with a plea to the Omaha Ad club to make the next legislature do something along this line.

WATER SHUT OFF BY COURT

Supply Taken from Soap Factory by Injunction Stopped by Judge.

Judge Redick has issued an injunction to prevent Georgia M. Her, proprietor of a laundry, from taking the water supply away from a soap factory on the next lot. The Haskins Bros. company, manufacturers of soap and toilet articles, operates a factory at Second and Hickory streets, and the Her laundry stands near enough so that a well between could be made to serve both institutions. The soap makers claim prior right and when the soap users put in a pipe line of their own there was trouble. The soap makers' pipe line is above the water line and does no one any good, but the soap makers are afraid they will smash in the well and have brought suit to gain undisputed possession.

Christian Science Lecture. Mr. Frank W. Leonard, 212 E. B. of Brooklyn, N. Y., a member of the board of lecturership of the First Church of Christ, Scientist, Boston, Mass., will deliver a lecture at the Auditorium Thursday, September 30 at 8 p. m. All are cordially invited. Admission free. No collection.

Oklahoma Bank is Closed. OKLAHOMA CITY, Okla., Sept. 28.—State Commissioner M. Young today took charge of the affairs of the Oklahoma Bank and Trust company of Oklahoma, the largest banking institution of the state. He will conduct the bank until the bank's affairs are settled. Commission Young has just received examination, found securities that he pronounced unsafe. It is said that the state banking board has \$200,000 available to pay depositors if necessary.

CITY COUNCIL PROCEEDINGS

Street Railway Company Target for Much Legislative Fire.

ARBITRATION IS DEMANDED

License for Motormen, Physical Valuation by State and Regulation of Street Car Traffic Also Wanted.

The Omaha & Council Bluffs Street Railway company was the target for councilmanic guns at the meeting last night. Without much show of fireworks one ordinance, and three resolutions directly affecting the street railway company and the present strike situation were introduced and the resolutions were passed. C. O. Pratt and Ben Commons, international officers of the street railway employees' union, and P. Ford, president of the Central Labor union, sat back on the victory row and smiled as each resolution came up and received the councilmanic O. K. The measures drew a little fire there was practically no active opposition to any of them.

Directly summarized, the measures intended to hit at the street railway company are as follows: Ordinance by Bridges requiring a license and special qualifications for motormen. Resolution by Bridges demanding immediate arbitration of the strike differences. Resolution by Kugel demanding the State Railway commission make a physical valuation of the street railway company's property in Omaha and that a councilmanic committee of five be appointed to investigate the merits of the controversy. Resolution by Berka demanding the legislature pass a law providing for a state arbitration board with compulsory arbitration.

Opposition to One. Of these measures the only one drawing very material opposition was the one providing for the valuation of the property of the company by the State Railway commission. Brucker, Johnson and Sheldon all voted against it, but the other nine cast their ballots in the affirmative, carrying it under a suspension of the rules.

The resolution demands the differences be submitted at once to an arbitration board composed of one member selected by the strikers, one selected by the company and the third selected by the mayor and city council, or that the board be made up in some other way satisfactory to both parties.

Bridges' ordinance providing for the licensing of motormen is stringent in the qualification it prescribes. It requires the license to be secured from the city clerk and that no one shall be granted a license until he has had at least two weeks' instruction under a licensed motorman, who has been a motorman for three years. The ordinance was read the first time and referred to a committee.

An ordinance presented by McGovern provides for the inspection of all animals killed for food purposes. A penalty of from \$25 to \$100 is provided for selling meat from a government or city inspector. Ordinances were also introduced providing for the submission of a \$14,000 bond issue for fire houses and \$50,000 for park purposes.

The garbage contract was before the council in a communication from Health Commissioner Connell in reply to the request of the council that he find out from Guy L. Axtell, the garbage contractor, whether he intended to fulfill his part of the contract to collect the garbage. Dr. Connell submitted a letter he had written Mr. Axtell and a communication, in which the garbage contractor asked two questions in reply to the city's query. Mr. Axtell desired to know in what he is not carrying out his contract, and what the duties of the city are in connection with the contract. Brucker declared the reply was not satisfactory, but the proposed resolution to begin suit on Axtell's bond was not taken up in any way.

Engineer Craig announced the resignation of T. Peterson as chief clerk, and Joel Johnson as bookkeeper.

POLICEMAN LET OUT FOR NOT ARRESTING BRICK THROWER

South Omaha Officer Loses Job When He Fails to Get Man He Saw Commit Violence.

The failure of Patrolman Mike M. Gillin of the South Omaha police force to arrest a man who saw throw a brick through a car window on Sunday, has resulted in his suspension by Chief John Briggs. Gillin is suspended for ten days. His case will be reviewed at the next meeting of the fire and police board.

Chief Briggs is said to have been provoked against Gillin because that officer, when reprimanded, went out and arrested for the offense a man declared to be innocent by the car driver. The efforts of the officer to recoup himself resulted in his suspension.

EVERY BOYS' GOAL

Should be to be well dressed. For neatness, developed in youth, makes an orderly, well groomed man. We're ready to help the boys with the most stylish, handsome and serviceable suits that can be bought.

Although we place the most stress on its superior wearing quality, yet our

Boys' SKULE SUTE \$3.95

is really the most attractive garment you'll find. The fabrics are right up to date and the patterns are the handsomest of any shown this season. We are sure you'll be unable to resist such a strong combination and shall expect you in to look today.

CORDUROY KNICKERBOCKERS

These garments are well named "Indestructible" for in addition to being made from an extra fine grade of corduroy they have patented, riveted buttons, patent taped seams and are unusually strongly constructed. They are absolutely worth \$1.30, but we offer them at

only \$1.00

K. & E. Blouse Waists for Boys

Mothers everywhere have long since learned the superior quality of these Blouse Waists.

We show them in the new fall colorings, in fancy shirtings and percales; also solid blue, tan, gray and white chambrays, with soft collar and cuffs attached. Appropriate for school or dress wear. Sizes 6 to 16

years, at only 50c

Nebraska Clothing Co.
