Madison of 1822 North Twenty-third street and James Powell of Lincoln, were turned over to the police by a United States officer, charged with passing bad money upon merchants in this city and Lincoln. Motion to Dismiss Dinuzzo Appeal—L. D. Holmes, assistant to the city prosecutor in the matter of prosecuting the Dinuzzo trial for violation of the daylight closing law, has filed a motion to dismiss the appeal of Dinuzzo from the revoking of his license by the Board of Fire and Police Commissioners. The objections urged are that the law provides for no appeal from such a decision and that the board is not a court and cannot be treated as one in procedure.

AFFAIRS AT SOUTH OMAHA

Fire and Police Commission Takes Steps to Secure Fire Apparatus.

SEVERAL CHANGES ON FORCE

Miss Iva Holmes Seriously if Not Fatally Hurt Thursday Evening by Stepping from Moving Street Car.

The Board of Fire and Police Commissioners met yesterday morning and passed a resolution asking the city council to issue \$25,000 in bonds for the purpose of equipping two new fire halls. The equipment is to include a fire engine, the first to be purchased by the city. This engine is to be stationed at fire hall No. 1 at Twenty-fifth and L streets. One of the proposed fire halls is to be located near Twenty-seventh and E streets and the other in the south section of the city. This resolution of the commission is in accord with the provisions of the amended charter, which provides that the council must on demand of the Board of Fire and Police Commissioners issue the necessary bonds for the erection of additional fire halls and to provide equipment for the same.

Officer Michael M. Gillin was reinstated by Chief Briggs on the advice of the president of the board, without action by the board in its session. The resignation of Officer John Gaughan was accepted. Gaughan refused to obey the order of the chief in the opening days of the strike in riding cars manned by strikebreakers. Rather than submit to the order he turned in his badge, which was considered a formal resignation by the board.

Officers J. F. Marvel, J. E. Todd and D. W. Marwinney were confirmed in their positions as patrolmen. They had never been confirmed by the new board.

Cars Run During Evening. John Coehen was elected to a position as patrolman to fill the place left vacant by Officer Gaughan. The police force is now up to the maximum warranted by the funds at hand.

Cars were run in South Omaha last night until about 10 p. m. During this time no violence was attempted. The police department redoubled its vigilance to prevent possible disorder. The cars did not run on West Q street, but turned like the loop cars at Twenty-fourth and Q streets. The Albright cars ran without molestation. The police automobile was kept in service during the evening. It has proved of great service. In South Omaha little disposition has been shown to interfere in the street traffic. Most of the few cases of missile throwing have been traced to young boys.

Hurt by Fall from Car. Miss Iva Holmes, 801 North Twentieth street, South Omaha, was seriously hurt about 8 p. m. Thursday evening by falling after attempting to alight from a south-bound car at Twenty-fourth and B streets. She evidently had some sprains at B street, although it is some blocks from where she lived. She walked down the step as if the car were still, according to the eye witnesses, and stepped out into the street. She was picked up and carried into the Eckerman drug store. Blood was oozing from her ears and a serious fracture of the skull is feared. Later she was taken home. The blow on her head was partially deadened by a heavy coil of hair and the "rat" demanded by the present mode of fashion. Otherwise it is thought the concussion would have been instantly fatal.

Ideal Club Program. The old members of the ideal club met last evening at E. L. Melvin's drug store and voted to reorganize for the season of 1909-10. It was decided to hold seven dances during the season at the Rome hotel in Omaha. A committee consisting of E. A. Maher, Harry Marling, E. A. Rose, W. W. Fisher and C. J. Bulla was appointed to make a canvass for membership. It is the expectation to raise the membership to forty-five or fifty this year. As soon as this committee is ready to report the club will hold a business meeting for the purpose of electing officers.

Country Club Program. A special meeting of the South Omaha Country club is called for this evening at Library hall. The object is to take final action in the matter of an issue of bonds to purchase the club grounds and improvements, to improve the club house, and to raise the present indebtedness. The committee has been working on the details of the bond issue and it is important that a full attendance of the members be out to ratify the work of the committee. The meeting is called for 8 p. m.

NO DAMAGES FOR THE COUNTY

Decision of Appraisers in Elkhorn Valley Drainage Ditch Claim is Against Douglas.

Six appraisers appointed by the county court to award damages to Douglas county for the land along the public roads which will be used in the new Elkhorn valley drainage ditch have reported that the county should receive no damages.

The drainage district, which is incorporated under the new law, offered to buy the right-of-way along the roads when the commissioners refused to give it away, and it was figured that the land being a twenty-foot strip twelve or fifteen miles long would be worth about \$2,000. Besides that the construction of the canal would cost less because the roads had ditches already dug along them which could be utilized. The total value was placed by the board at about \$5,000. The board refused to sell and the land was condemned. The appraisers, who were James A. Howard of Benson, D. H. Kirschner of Bennington, Dan Westergard of Omaha, William Van Dorn of Millard, William Glantz of McArdle and Frank

Beesey of Elk City, decided that the county would receive enough compensation in the advantages of the new ditch and awarded no money damages.

NEW RECORD IN DRY DOCK

Cruiser Charleston is Scraped and Painted Twice in Nine Hours.

MANILA, Oct. 1.—A new record in docking warships was made today when the cruiser Charleston of the Asiatic squadron was docked, scraped, painted twice and taken out of the dock at Olongapo navy yard today in nine hours. It is the intention of the Navy department to make a series of docking speed tests here to see how quickly a fleet could be put into sea-going condition in an emergency.

Officers of the Olongapo navy yard expect to be able to dock the vessels of the Pacific fleet under Rear Admiral Sibley now on its way from the Pacific coast, at the rate of one ship a day.
