SUIT TO DISSOLVE MERGER

County Attorney Attacks Lincoln Street Railway Deal.

SECURITIES CANCELLED

Frank E. Helvey Receives His Commission as Census Supervisor, but Will Not Go to Work at Present.

(From a Staff Correspondent.) LINCOLN, Oct. 1 .- (Special.) -- County At orney Tyrrell today began proceedings before the State Railway commission, the object and purpose being to dissolve the merger of the Lincoln Traction company and the Citizens' Rallway company, which was consummated February 3, last; the cancellation of all stocks and bonds issued subsequent to such merger; to compel the ompany to render better service and treat the public and its employes with more consideration and to bar it from transacting any other business than that provided for

n Its charter. The second cause of complaint recounts the terms of the merger and the issuance of stocks and bonds to the amount of \$5,000,000 against property which is declared to be worth but \$1,408.230. It is declared that order to pay dividends on these stocks and bonds it will be necessary for the company to render adequate service, and to overwork its employes.

The complaint makes the following alle-

gations:

1. That the pretended merger of said properties be cancelled and set aside.

2. That all of the stocks and bonds issued subsequent to said merger and upon and subsequent to the third day of February, 1909, be cancelled and set aside.

2. That said company be required to render adequate service to the public, using safe and modern equipment and to run cars at proper intervals and to treat the public and their employes with consideration.

4. That said company be detained from conducting business other than that provided for in its charter.

5. That the costs of this action be taxed to the defendant.

The Traction company is given fifteen days by the commission in which to answer the complaint, of County Attorney Tyrrell, Thereafter a date will be fixed for the hearing and arguments.

The county attorney bases his action upon the state constitution and the railway commission acts as the latter was interpreted by Commissioner Clarke, in the opinion written by him in the case brought by the city to prevent the Citizens' company from issuing a stock bonus amounting to 25 per cent to its stock the state committee will be present and holders which additional issue was alleged to be purely "water." Census Man Gets Commission.

Frank E. Helvey has received his commission as supervisor of the census for the First district of Nebraska, together is Thrown Open with a letter stating that he will be notified when his active duties are to begin. Helvey has not yet resigned his salaried position with the republican state commit-Hayward desires him to remain as long as possible. Hayward appointed Helvey to look after the committee's press work and was also instrumental in getting the census job for him.

The thing which is likely to interfere with Helvey's holding both places is an announcement made by the director of the census some time ago that any person ap-

Half-Minute Store Talk

Lots of people wonder why we make such an effort to interes the boys in this store-Well It isn't so much for immediate as for future business-these boys are sure to become reg ular customers, and in a fev years they'll be buying clother for their own boys as well as for themselves. See the point? THE NEW STORE

We want to tell you about our suits at

You would go into any store in the country and willingly pay from \$3.00 to \$10.00 more for suits of equal merit, because they are worth it. You would be foolish to do so, however, when you can come here and save that much.

Even if it were possible for other stores to compete with our prices, you would be better off here-you might be too hard for ordinary stores to suit or too hard for them to fit. Our vast assortment precludes such an experience here.

These suits appeal to men of quiet tastes as well as to young fellows inclined to the snappier styles.

They are hand-tailored from the newest fabrics, have hand-felled collars and hand-made button holes and the parts you can't see are just as well made as the parts you can see-Altogether they are unusual Suits.

Something is wrong either with the shoes or the advertising. You'll feel better and your shoes will wear longer if you pay an honest price for an honest shoe. We await your visit. Splendid values here at \$3.50 and \$4.00.

MEN'S FURNISHINGS

The average man cares more for the appearance of his shirts, neckties, hosiery, underwear, etc., than he does for the quality. Lots of stores know this and sell furnishings that are shy on quality. This store is a stickler for quality. The quality of our haberdashery is always as great as the attractiveness.

Extraordinary Boys' Suit Values

Any suit of ours from \$1.50 to \$15.00 is an unusual value but our popular priced sults are extraordinary, because they represent a class of fabrics, a style of tailoring and a degree of servicability not possessed by any similar priced garments sold in Omaha.

\$250, \$350 and \$500
