NO MONEY TO THE FACULTY

New Rule is Put Into Effect at the State University.

ONE TO AVOID CRITICISM

Chancellor Avery Goes to Harvard University to Attend Installation of New President of that University.

(From a Staff Correspondent.)

ANCOLOR, Neb., Oct. 2.—(Special.)—Relations between members of the faculty and students of the University of Nebraska were cut off by a rule that went into effect this week.

This rule was adopted last spring by the Board of Regents in order to systematize the finances of the university and protect professors from accusations of misuse of funds or overcharging students for books or supplies.

It has been the custom up to the present time for professors in whose departments a large amount of mimeographed work is required to charge a small fee each semester for this service.

Other professors collected small amounts from students for purchasing books to be used in a special library, the idea being to have a few books which they could be secured by the whole class without having each member buy an individual book.

The objection to this plan was that no record was kept of the money taken in by the professors and the treasurer had no way of knowing just what was being purchased.

The regents decided that, although the books and supplies were necessary, a better plan would have to be devised for furnishing the students with anything that was necessary.

Chancellor Samuel Avery of the University of Nebraska will leave Monday to attend the ceremonies installing Prof. Abbott Lawrence Lowell as president of Harvard university.

Following the inaugural exercises at Cambridge the chancellor will go to the annual meeting of the Association of American State Universities at Boston.

At Harvard a three days' program will attend the accession of Prof. Lowell to the position made vacant by the resignation of President Eliot last spring.

On Tuesday morning the delegates of the various universities will be enrolled and an informal reception will be tendered them at 10:30 a. m. the next day the inauguration ceremonies proper will take place.

The governor has just received an invitation from the Commercial club of Omaha to present November 12, when fifty distinguished men from Japan are to be entertained for an entire day.

The visitors include bankers, merchants, members of parliament, educators and editors, who are in quest of information regarding American methods in their business.

Edgar Allen, chairman of the executive committee of the Commercial club, says in his invitation to the governor:

"We do not think their reception and entertainment would be complete without the presence of the governor of the state, and respectfully invite you to be the guest of the Commercial club on that date, and sincerely hope you can make your arrangements accordingly."

Governor Shallenbarger will attend the Ak-Sar-Ben ball and will be present to receive the Japanese visitors if possible.

Something new in the way of a campaign poster has been prepared by the republican state committee, containing the pictures of the three party nominees for judges of the supreme court.

The pictures are arranged slantwise in a row from the top left hand corner to the bottom right hand one.

This simple and expressive inscription accompanies the group: "Republican candidates for judges of the supreme court, each with a record of faithful service to the people."

Fifty thousand of the posters will be printed for distribution to local committees. The state committee is also sending out small folders with the pictures and brief biographical sketches of the candidates for judges and university regents.

Nearly all of this year's campaign activity will be confined to circulating literature and perfecting the party organization to get out the vote on election day.

Governor Shallenbarger has offered a state reward of \$100, which is the limit allowed by law, for the arrest of the person or persons who murdered a colored boy, Othello Rattliff, whose body was found September 7 at the Kellom school house at Twenty-seventh and Nicholas streets in the city of Omaha.

Contractors Boycott City. Claiming that they have trouble getting their money, that the city will not pay a good price for the work and that they are "harassed" by overcritical taxpayers and public officials, a number of firms engaged in laying pavement by contract have declared a strike, both embargo or whatever it may be called, against Lincoln. Persistent advertising by the city authorities for bids on work to be done has met with a refusal to submit any propositions.

For this reason it is probable no more paving will be done this fall other than what has already been contracted for.

The Barber Asphalt company, the National Asphalt company, Hugh Murphy, Ford, Flynn & McLaughlin and Robert Malone are among the number who will not bid on work which the city and property owners want done.

Some time ago they were notified of the A street paving project, calling for about 5,000 square yards of paving, but none of them made figures on it for the reason, as stated, that it was too small a job to be worth their while. A street was then grouped with two or three other districts and readvertised, the whole amount being 3,000 yards, estimated to be worth \$5,000.

On this larger piece of work the firms and individual contractors again neglected to bid. They have virtually given notice that they will do nothing for the city until next spring. Malone has intimated that he will never bid on city work again.

City Marshal Exonerated. PONCA, Neb., Oct. 2.—(Special.)—The trial of the city marshal of Ponca for assault and battery resulted in a verdict of not guilty. Richard Curtis, the city marshal, had arrested Charles Foot on suspicion of bootlegging and found on his person two quart bottles of whiskey which he believed Foot was bringing to Ponca for sale.

Unable to Satisfy Court in Alfalfa Mill Deal.

YORK, Neb., Oct. 2.—(Special.)—In the case of State of Nebraska against George Stryker, formerly of York, now a resident of North Platte, Neb., an alfalfa mill promoter, and Samuel C. Nelson, formerly of Grand Island, a resident of Kansas City, engaged in the promotion and building of alfalfa mills, charged by the York Alfalfa Mill and Milling company with embezzlement of several thousand dollars, was tried before the county court.

Eight months ago George Stryker came to York, where he had old acquaintances, and representing to them that he had the backing of a strong financial institution then with headquarters at Omaha, and later at Kansas City, who were financing and building alfalfa mills at different points in Kansas and Nebraska.

York was one of the good points for an alfalfa mill, and it was not much trouble to interest farmers and business men, who subscribed for stock, paying cash, which they claim has disappeared and nothing to show for it.

The evidence given in the trial was that sometime like \$7,000 worth of stock in the York Alfalfa Mill and Milling company was disposed of, and that at the present time there is about \$700 in the treasury and no alfalfa mill at York.

The promotion company was represented on the board of officials of the York Alfalfa Mill and Milling company by Irving Samuel C. Nelson elected treasurer, and when the Kansas City officers on the witness stand were asked what became of the money, they replied that it was spent, but did not give sufficient testimony to justify County Judge Wray in thinking the money was rightfully appropriated or spent for the benefit of the local company, and both Stryker and Nelson were bound over to the next term of district court under \$5,000 bonds each.

MILLER DISAPPEARS FROM HOME. Prominent Farmer Living Near Adams Cannot Be Located. ADAMS, Neb., Oct. 2.—(Special.)—N. P. Miller, prominent farmer, living seven miles west of here has mysteriously disappeared and searching parties which have been looking for him have failed to find any trace of him.

Mr. Miller was a well known republican leader in this locality and his friends are unable to explain his absence. Foul play is feared.

He left home Tuesday morning on his hired man's horse intending to take the Union Pacific motor car for Beatrice to pay his taxes. He left the horse at a neighbor's and started to walk the rest of the way to town. That was the last seen of him. The conductor of the motor car who knows him well says he did not take the motor. He had about \$100 with him.

Carnival at St. Paul. ST. PAUL, Neb., Oct. 2.—(Special.)—The city of St. Paul has been given over to a street carnival during the last two days, wild west exhibitions, balloon ascensions, moving picture shows and other amusements of that sort being furnished by a traveling amusement concern under contract with the Commercial club. Today was set apart as agricultural and old settlers' day, and these special features attracted large crowds from all parts of the county and the neighboring towns.

There was an exhibit of farm products and live stock at the court house park. The splendid collection of cereals, grasses and vegetables grown by Anton Heinrichsen on the farm of Judge Paul near this city was the great feature of the fair. The old settlers were entertained by a reminiscence address by O. A. Abbott of Grand Island. Several concerts were given by the Second regiment band both yesterday and today.

Gage County W. C. T. U. BEATRICE, Neb., Oct. 2.—(Special.)—The county convention of the Woman's Christian Temperance union closed yesterday afternoon at Blue Springs by the election of these officers: President, Sarah Spearman of Blue Springs; corresponding secretary, Mrs. E. H. Burdette of Blue Springs; recording secretary, Miss Shaw of Adams; treasurer, Mrs. Mattie Lewis of Beatrice.

The convention passed resolutions endorsing the work of Rev. Paulson for the Anti-Saloon league, and rejoiced over the fact that President Taft refused wine at a recent banquet held at Chicago.

The next annual meeting of the convention will be held at Adams.

Grading for Double Track. GOTHENBURG, Neb., Oct. 2.—(Special.)—The grading for the Union Pacific's double track from Kearney to North Platte is nearly completed. Phelan & Shirely, the contractors, expect to finish their work here by Wednesday. Ties are being laid from North Platte and the bridge over it is being pushed as hard as possible. The new track will probably not be used until spring, when it becomes well ballasted.

At the present time there is much talk of a new bridge across the Platte river. The old bridge is a single track bridge and is in a dilapidated condition.

Daughters Well Remembered. NEBRASKA CITY, Oct. 2.—(Special.)—David E. Allen today celebrated his 80th birthday anniversary by presenting each of his three daughters with \$50 in gold. Mr. Allen came to this city in 1871 and has since made it his home. He owns eighty acres of land, which is nearly in the heart of the city and which he has always fought to prevent it being made a part of the city and has succeeded so far. He came here a comparatively young man and has acquired considerable wealth. He is making his home with his daughter, Mrs. Judge W. W. Wilson.

Hotel Changes Hands. NEBRASKA CITY, Oct. 2.—(Special.)—Ralph A. Duff has purchased the Morton house and will return the same, after making extensive repairs and his cousins, Messrs. Armstrong, well known caterers, will take charge and open the same as a first class hotel. Landlord Paulson, who has been in charge of the hotel for several years, will move to South Dakota. Mr. Duff has been making extensive purchases in Nebraska City of late and his last purchase prior to the hotel property was an interest in the Water and Light company and is now its secretary.

Court House Bonds Defeated. LEXINGTON, Neb., Oct. 2.—(Special.)—Telegram.—The unofficial count of the ballots cast yesterday in the special election held for the purpose of voting bonds in the sum of \$100,000 for the erection of a new court house for DeWitt county, shows the bonds were defeated by over 300 votes.

Nebraska News Notes. BEATRICE.—The high school football team yesterday defeated Wymore by the score of 7 to 0.

KEARNEY.—County Treasurer Haase has delivered the document of title to the printer for publication and the same is very small this year, only about 100,000.
