plop of the Western league. It won the 1909 peanant after a desperate fight, a fight that lasted up to the last inning of the last game played ween Omnths and Sloux City in Omaha, it was that game that determined h team, Des Moines or Sloux City, ild bear the colors. Omaha beat Sloux for the pennant and landed in third , just as New York has beat Chicago the National league flag and landed in d place. It is such close races, such ce, such thrilling finishes, that make ball the most faseinsting and aptivating of all eports. No impartial, unblused man can impute Des Molnes the opprehlum of an ill-gotten victory. Des Moines made a Ducky Holmes was not far off when good fight and won a clean contest. The outcome is a splendid achievement for President Higgins of Des Moines, who has won a pennant against the most tremendous odds, won the pennant at a fearful financial loss, for he paid high prices for players, good salaries, and got no support from his home fans. Will it be a value of the most as pitchers are concerned. Lang of Des Moines, two his as pitchers are concerned. Lang of Des Moines, Will it be a value of the most errors, or tied with Colligan of Des Moines. This is but another argument that the record player, which these men are not, is not the best player.

He found him self in the same boat with many another manager over the country, being unable to land the most effective pitching staff. Had he succeeded in this he would have won the pennant by comparatively an easy

Of course it's all very nice for the Des Moines base ball fraternity to come out now and applaud President Higgins and his team for winning the pennant; that's natural. The town has shown itself to be very happy over the victory. But it would have been a great deal more helpful and profitable for Mr. Higgins and his team had these "loyal" fans not waited until the team won the flug to show their loyalty. The shameful lack of patronage they gave the team during the season is a blot on the base ball name of the city and cannot be lightly effaced now in the hour of triumph by mere hurralis.

Men Moines only won the pennant by a scralch, by dint of a remarkable combination of circumstances. Des Moines itself admits, what everybody knows, that but for Omaha defeating Sloux City in a double-header, on the last day of the meason it would have been out of the running Well, suppose Omaha had failed. Would Dos Moines then have withheld its meed of praise from its team? Probably, But Mr. Higgins spent money regardless of consequences and he lost money and lost it heavily. Des Moines fans should see to it that they support the team next season, What a contrast between them and the Sloux City fans. Sloux City bugs gave their financial as well as moral support to their team all season and then when in the twinkling of an eye defeat perched where victory was to sit, those warmbearted fans came out just the same and heaped praises on the heads of their players. That's a good spirit is this Sioux City

Which will it be, Detroit or Pittsburg It looks like the latter, Another interest ing question-will Tigers and Pirates make a better battle than Tigers and Cubs? 1 is to be hoped so. Tigers and Cubs, his tory discloseth, do not make a very interesting fight. The odds are in fewer o Pittsburg. If they can hit the gait by which they won the National league flag it's all off with Detroit unless it can bit : faster gait than it has this season. Incidentally, it's about time for the American league to produce a world beater if it ex pees to maintain a parity with the old or ganization.

It has been easy enough to beat Pitts burg since it won the pennant. Four Na tional league pennants for Fred Clarke Only three managers in any major league ever surpassed the record-Anson, Hanlor and Selec, and a fourth equalled it, Co miskey. The Pirates' 1909 victory is splendid achievement. In team and individual work they are the conquerers; they simply outplayed all other teams at ever; turn of the road, save scientific fielding in which, of course, the Cubs beat them But their victory is decisive and clean.

If Pittsburg and Detroit want to attract the attention of Chicago fans they better lifans, not make their dates conflict with the

plaster, or other external application that may afford temporary relief from the pain of an acute attack of the disease. Such treatment, however, is in no sense curative—it simply gives ease for the time being, by counter-irritation at the spot affected, as the attack is sure to return at some future time. In this article we want to talk with you about S. S. S., a medicine that CURES Rheumatism, a remedy that removes the cause, and in this way assures the sufferer of permanent freedom from this painful and health-destroying disease.

Rheumatism is due to a diseased condition of the blood, brought about by an excess of uric acid in the circulation. This uratic impurity gets into the blood usually because of constipation, poor kidney action, indigestion, and other minor stomach disturbances. These physical irregularities may be so slight, and at such prolonged intervals as to give

CURED HIS RHEUMATISM.

While recovering from illness of fever, I had a severe attack

of inflammatory rheumatism in

the knees, from which I was

unable to leave my room for several months. I was treated

by two doctors and also tried

different kinds of liniment and

medicines which seemed to re-

lieve me from pain for awhile,

but at the same time I was not

any nearer getting well. One day while reading a paper I saw

an advertisement of S.S.S. for

Rheumatism. I decided to give it a trial, which I did at once.

After I had taken three bottles

I felt a great deal better, and I

still continued to take it regu-

larly until I was entirely cured

us slight concern; but each one has a distinct influence on the climinative members of the body, and prevents the proper removal of the impurities from the system. This refuse remains in the stomach and bowels, and souring, forms uric acid, which is quickly absorbed into the blood.

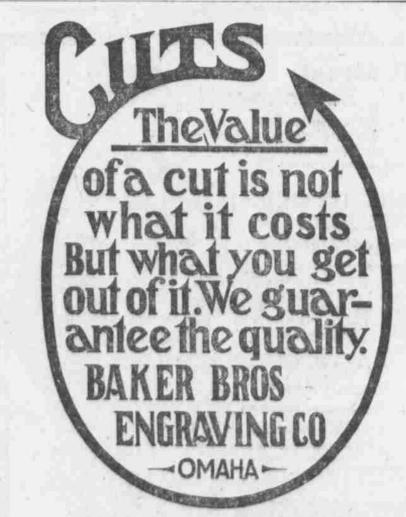

Then the circulation becomes weak and sour, the corpuscles, which ordinarily furnish nutriment to the body, are saturated with the uric acid, which they deposit into the muscles, nerves, bones and joints. This causes soreness and inflammation, and brings on the pains and aches of Rheumatism. No longer does the blood nourish every ligament of the body with healthful properties, but constantly the briny, inflammatory circulation distributes the uratic impurity throughout the system, and Rheumatism becomes chronic. The

occasional pains shooting through the muscles, or shifting from joint to joint, become more frequent and severe, the muscles get sore, the flesh becomes feverish and inflamed; and constant contact with the acrid blood slowly dries up the natural fluids of the joints, stiffening the knees, ankles, fingers, etc.

There is but one way to cure Rheumatism, and that is to cleanse the blood of uric acid poison. S. S. S. goes into the circulation, and attacks the disease at its head, and by removing every particle of the cause, and thoroughly purifying the blood, cures Rheumatism permanently. S. S. S. changes the blood from a sour, acid-steeped stream to a rich, healthy fluid, which quiets the excited nerves, eases the throbbing, painful muscles and joints, cools the blood tissues, and reduces all inflammation of the flesh. When the blood has been purified and enriched by S. S. S., it gradually nourishes back to a healthful state the different members that have been starved and weakened because of imperfect, diseased blood. S. S. S. is purely vegetable and contains no harmful minerals of any kind. We have a special book on Rheumatism, which we will send, together with any special medical advice desired, free.
