### TAFT PREACHES NOTHER SERMON

Ident Lays Cornerstone of  
Universalist Church at East  
Portland.

### A TRULY RELIGIOUS DAY

He Attends Morning Service at First  
Unitarian Church.

### VISIT TO CATHOLIC SCHOOL

Short Address to Children Made in  
Afternoon.

### START MADE FOR SACRAMENTO

Train Makes Few Short Stops in  
Oregon for Early Part of Night—  
Stay in Portland Greatly  
Enjoyed.

### PORTLAND, Ore., Oct. 3.—President Taft today preached another sermon. The scene had changed from the Mormon tabernacle at Salt Lake City on Sunday last to the cornerstone laying of the First Universalist church in East Portland.

### THE PRESIDENT HANDLED THE SILVER TROWEL AND WORKED HARD TO SEE THAT THE STONE WAS PROPERLY ADJUSTED. HIS APPARENT EARNESTNESS IN SETTING THE STONE CALLED OUT GREAT APPLAUSE FROM THE OPEN AIR AUDIENCE.

The president referred to his various  
church experiences and in concluding said:  
"No church in this country, however  
humble it may be, that preaches the doc-  
trine of true religion and true morality  
will lack my earnest support to make it  
more influential whenever opportunity  
offers."

The president's train left at 6:30 p. m.  
over the Southern Pacific railway for Sacra-  
mento, Cal.

### Mr. Taft Had a Truly Religious Day, Which Began when he attended the morning services of the First Unitarian church in Portland and listened to a sermon by Rev. W. G. Elliot, Jr. Following this service the president was the guest of honor at a luncheon by Senator Bourne and which in- cluded the various state and city officials.

### IN THE EARLY AFTERNOON THE PRESIDENT VISITED ST. MARY'S ROMAN CATHOLIC SCHOOL AND MADE A FIVE-MINUTE ADDRESS TO THE SCHOOL CHILDREN, IN WHICH HE DECLARED THAT LOYALTY TO THE CHURCH MEANT FIDELITY TO COUNTRY.

### Address at Church.

The line of march followed by the pres-  
ident party to East Portland was almost  
as crowded as were the streets on Sunday  
and there was hand clapping along the way  
with some cheering by the more enthusias-  
tic in the Sunday throng.

After the president had been introduced  
at the corner stone laying by Rev. James  
Corby, pastor of the church, he said:

"I don't know that any one questions  
the propriety of my being here and officiat-  
ing at such an occasion as this or called  
for. But I want to say that I believe it to  
be the duty of the president of these United  
States to welcome and to suggest every in-  
strument by which the morals and religion  
of the community may be elevated and  
maintained. Not long ago I officiated at  
the cornerstone laying of an orthodox Con-  
gregational church in Washington. Then I  
appeared in the pulpit of a Jewish taber-  
nacle at Pittsburgh. But a few days ago I  
helped to lay the cornerstone of a Catholic  
institution at Helena, Mont.

"And now it is my pleasure to assist  
today in laying the cornerstone of this  
Universalist church, which like my own  
church, the Unitarian, is known as a liberal  
church."

"I am glad always to be present at such  
occasions as these, and I believe the corner-  
stone of civilization must continue to  
rest on religion and morality."

### Experiences in Philippines.

The president told some of his experiences  
with the Catholic church in the Philippines  
and then said that on the occasion of his  
visit to Rome he ventured to say to the  
papal legate while in American territory  
and was strong for the separation of church and  
state, there was nothing in the American  
government or American people that op-  
posed the church or its highest develop-  
ment; that in no European country had the  
Catholic church flourished as it had in  
America; that in this country the Catholic  
church received from the government and  
state officials only that treatment accorded  
to every other denomination.

"I added," continued the president, "that  
this was not to be taken as an indication  
that every government and state official  
was to be other than anxious to encourage  
the establishment and maintenance of churches  
and that their influence might be broadened  
throughout the land.

"I think we have reached the time when  
churches are growing together when there  
is less bitterness of denominational dispute  
and that no matter what creed we may  
follow, the churches are beginning to realize  
that they must stand shoulder to shoulder  
in the contest for righteousness; that we  
all stand for the fatherhood of God and  
the brotherhood of man."

"I am an optimist. I believe we are much  
better today than we were fifty years ago,  
man by man. I believe we are more altru-  
istic and more interested in our fellow man  
than we have been at any time in the last  
fifty years. Of course you hear from time  
to time of instances of selfishness and  
to times of instances that these instances  
are giving prominence is because we con-  
demn them the more and believe that in  
calling attention to them they will be made  
more and more infrequent."

"In this country, however,  
it may be, which preaches the doc-  
trine of true religion and true morality,  
will lack my earnest support to make it  
more influential wherever opportunity  
offers."

### Visit to Catholic School.

It was on his way to the corner stone  
laying that the president stopped by St.  
Mary's Catholic school and from the steps  
of that institution made a brief address  
to the boys and girls. Mr. Taft was pro-  
duced by Archbishop Christie and after  
congratulating the children on their rosy  
cheeks and "chubbiness" said:

"Your church teaches that loyalty to  
God is the same as fidelity to country and  
reverence for constituted authority; and  
so do all good churches.

"And we can be certain that those who  
are loyal to their church are certain to be  
loyal to their country; that those who are  
good Catholics are good citizens, just as  
those who are consistent members of other  
churches find in the doing of their duty  
to the churches everything that leads  
them on to the uplifting of humanity and  
the good of the world."

### Eight Killed by Explosion in Washington

Interior of Mine at Roslyn Wrecked  
and Debris Takes Fire—Three  
Men Fatally Hurt.

ROSOLYN, Wis., Oct. 3.—At least eight  
men were killed and three perhaps fatally  
injured in a gas explosion in mine No. 4  
of the Northwestern Improvement com-  
pany near here.  
The known dead are:  
WILLIAM ARUNDOLL,  
DORNING, MARTOLERO,  
DAN HARDY,  
PHILIP POSARICH,  
TOM MARSHALL,  
JOHN E. JONES,  
CARL BERGER, gang boss,  
AARON SNAACKINSON.  
Those perhaps fatally injured:  
Otis Newhouse,  
James Gurrell,  
John X. Jones, father of John E. Jones.  
When the explosion occurred a column  
of fire was thrown hundreds of feet into  
the air, lighting the shaft plant and ad-  
joining buildings. Under the intense heat  
the hoist of the shaft crumbled and fell,  
embers were blown in all directions, sev-  
eral buildings in parts of the little mining  
town taking fire. The citizens were  
unable to extinguish the fires and the Ros-  
lyn fire department was called out.

The mine in the neighborhood of the  
shaft was burning fiercely late tonight,  
flames shooting up from the shaft nearly  
100 feet into the air. The electric pumps  
which supply the town of Roslyn with  
water were cut off and the water supply  
in the city was very nearly exhausted. It  
was reported that the shaft was caving in  
and that other explosions might occur at  
any moment.

Rescue parties will be sent into the mine  
from the slope connecting with the shaft  
as soon as it is safe for men to approach.

### Pittsburg Street Car is Wrecked

Axle Breaks While it is Running  
Down Hill and Two Passengers  
Are Killed.

PITTSBURG, Oct. 3.—Two men were  
killed and eight other passengers seriously  
injured, three of them probably fatally, in  
a street car accident here tonight. The  
dead are:  
JAMES DUFFY, aged 30 years,  
MARTIN O'BOCKEKE, aged 38 years.  
The accident occurred in the fashionable  
residence section of the east end, on the  
Butler and Negley avenue division of the  
Pittsburg Railways company. While a car  
on this line was rounding a corner at a  
fair rate of speed, one of the axles broke.  
The car tipped over and upset, the dead  
and injured being caught in the wreckage.  
All the victims were passengers, the  
motorman and conductor escaping unin-  
jured.

### Dr. Cook Willing to Submit Data

Explorer Announces that He Will Ask  
University of Copenhagen to  
Waive Its Rights.

WASHINGTON, Oct. 3.—Dr. Frederick  
A. Cook, the Arctic explorer, announced  
tonight shortly after his arrival from New  
York to deliver his lecture, that he will ac-  
quiesce in the proposition that the Univer-  
sity of Copenhagen be asked to waive its  
claim to a prior examination of his records  
in order that American geographic societies  
and other scientific bodies in this country  
may be enabled to review his data. He said  
he would be satisfied to have the decisions  
of all these tribunals announced simultane-  
ously.

### JEALOUS LOVER KILLS RIVAL AND HIMSELF

Double Tragedy at Home of Miss  
Clara Ellenbrook near Har-  
nibal, Mo.

HANNIBAL, Mo., Oct. 3.—Oscar Wil-  
kinson shot and killed his rival, Arthur  
Dix, at the home of Miss Clara Ellenbrook,  
three miles southwest of here, this  
afternoon and then committed suicide.

Wilkinson, who was 19 years old, also  
seriously wounded Henry Hoelscher, 49  
years of age, who tried to disarm him. Miss  
Ellenbrook secreted herself in the house,  
which Wilkinson searched in vain.  
His body was found tonight in a field,  
where he had shot himself in the head.  
Hoelscher is not expected to recover.

### SHORT FLIGHT BY CURTISS

Aviator Returns to Earth Because  
Breeze Tilted Machine to Dan-  
gerous Angles.

NEW YORK, Oct. 3.—In a wind more  
treacherous than an aeroplane can well  
withstand, Glenn H. Curtiss started out to  
fly from Governor's Island in New York  
harbor just after sunset this evening. At  
sea-level it appeared that there had come  
a full in the strong wind, but when the  
aviator got into the air he found the  
breeze still fitful and after a minute aloft,  
during which the aeroplane was tilted at  
dangerous angles, he came safely to the  
ground. Although pressed for time, Cur-  
tiss decided to remain in New York until  
tomorrow, so that in the event of a calm  
he may make another flight.

### Spaniards Are Convinced That War is Not Over

MADRID, Oct. 3.—There is an absence of  
news from the front since General Marina,  
commander of the Spanish forces at Melilla,  
opened the offensive yesterday, but the  
recent resistance of the Moors and the  
Spanish losses have convinced the govern-  
ment that the war is not yet over and that  
too much importance should not be at-  
tributed to the capture of Mount Guruga.

Following last night's decision by the  
cabinet to send a new division to Morocco,  
Premier Maura tonight announced that he  
wished to end the campaign as quickly  
as possible and that therefore General  
Marina would be given all the reinforce-

### Colonel Swope Dies Suddenly

Death of Kansas City Millionaire  
Philanthropist Is Due to  
Apoplexy.

KANSAS CITY, Oct. 3.—Thomas H.  
Swope, millionaire philanthropist,  
died suddenly at his home here tonight  
following a stroke of apoplexy. He was  
81 years old.

Colonel Swope was born in Lincoln  
county, Kentucky, October 21, 1827, and  
graduated from Central college in Dan-  
ville, Ky., in 1848. He took post-graduate  
work in Yale and came to Kansas City  
in 1857. He was never married.

Much of his property is in Danville,  
Ky., and he has made a number of gifts  
to institutions there.

Colonel Swope's most munificent gift  
to Kansas City was the park which bears  
his name. It contains 1,400 acres and is  
worth more than \$2,000,000. He also gave  
the city a \$25,000 site for a new hospital.  
Recently he gave \$50,000 to the Young  
Women's Christian association building  
fund here.

In 1896 the city council here passed an  
ordinance making the first Friday in May  
a holiday to be known as "Thomas H.  
Swope day." This holiday has since been  
observed by the schools and all depart-  
ments of the city government.

Colonel Swope was always reticent  
about his philanthropic work, and it is  
understood, he made a number of gifts  
that were kept secret.

### UNCONSCIOUS GIRL FOUND IN A TRUNK

Salvation Army Lass at Hannibal,  
Mo., Says She Was Attacked by  
Unidentified Man.

HANNIBAL, Mo., Oct. 3.—Miss Millie  
Stocking, a Salvation Army lass, was found  
unconscious and bound, in a small trunk  
in the rooms of the Salvation Army of the  
city. When she recovered consciousness  
she said she had been choked and bound by  
an unidentified man. She was alone in the  
room, as other members of the army were  
holding a street meeting.

### Gold Receipts Decrease.

SATLE, Oct. 3.—September gold receipts  
at the Seattle assay office were less than  
\$2,000,000 or nearly a million less than for  
September of last year. It was announced  
today. This is due to lack of water for  
placer mining in Alaska because of the  
dry summer. Total receipts for the year  
will be about the same as in 1908, a little  
more than \$18,000,000.

### CIVILIANS FLOCK TO ARMY

Encampment at Fort Omaha Draws a  
Multitude of Visitors.

### FLATTERING TRIBUTE TO SOLDIER

Various Features of Great Camp  
Prove of Immense Interest—  
Warm Fight on Between  
Crack Ball Players.

Fort Omaha was the mecca for thou-  
sands of sightseers Sunday, when between  
10,000 and 20,000 people journeyed to the  
fort to see the 5,224 soldiers in camp. No  
dress parades or maneuvers were sched-  
uled, the only attractions being three ball  
games and a band concert.

It was really a rare sight to see the peo-  
ple flock to the fort. Every conceivable  
sort of conveyance was put to use, includ-  
ing private cars, automobiles, hack cars,  
farm wagons and even baby carriages  
were used to transport the multitude to  
the fort. Besides all these conveyances,  
there was a continuous string of people on  
foot the entire length of Fort street and  
thirtieth from the Ames avenue car  
line to the Sherman avenue car line.

Three base ball games were played,  
but for quite a stake, as both forts are sure  
they have the best team.

### Shallenberger Gets a Report On the Strike

Governor, After Hearing from His  
Deputy, Offers to Come if  
Asked.

(From a Staff Correspondent.)  
LINCOLN, Oct. 3.—(Special Telegram.)—  
Governor Shallenberger late this evening  
made public a report from Deputy Labor  
Commissioner W. M. Maupin on the street  
car strike situation in Omaha. He recom-  
mends that an investigation should be  
made of the situation under the statutes.  
Mr. Maupin reviews the strike and re-  
ports that the strikers refused to listen to  
a settlement based upon the possible pun-  
ishment of the men who acted as commit-  
teemen for the strikers and who conducted  
the strike. President Wattles insisted that  
only 50 per cent of the strikers would be  
employed and rejected Mr. Maupin's pro-  
posal that all be taken back and if the  
company had a grievance against any one  
on account of his connection with the  
strike, the grievance be submitted to arbi-  
tration before a committee composed of  
three men, one from the company, one  
from the men and the governor to consti-  
tute the third. The men agreed to this,  
but President Wattles would not. Mr.  
Maupin reports that he then ceased all ef-  
forts to reconcile the contending parties.  
Mr. Maupin asks that an investigation be  
made by the governor under the pro-  
visions of the statute, if for no other  
reason than to make a permanent record.  
He says the strikers have at all times been  
willing to submit every point to arbitra-  
tion and return to work.  
The governor said this evening he would  
hold an investigation if business men send  
in a request.

### CARS COLLIDE AT CROSSING

Passengers Given a Slight Shaking  
Up and Vestal Broken.

A Sherman Avenue street car collided  
with a Farnam car on Fourteenth and  
Farnam streets at 5:50 o'clock yesterday  
afternoon. The front trucks of the  
Farnam street car were knocked off the  
track and the fender of the Sherman  
avenue car was broken. No injuries result-  
ed.  
The fender on the Sherman avenue car  
fell on the pavement, but was replaced  
and the car resumed its trip. The glass in  
the front vestibule was also broken.

### END OF MISSPENT LIFE

in Massachusetts Leaves  
Note.

NORTH ADAMS, Mass., Oct. 3.—Lieutenant  
O. W. Baird, 28 years old, a recruiting  
officer in the United States army, com-  
mitted suicide at his boarding house tonight  
by taking poison.

The suicide left a note asking that his  
father, Dr. W. C. Baird of Beaumont, Tex.,  
be notified, the note closing with the words:  
"Here goes a misspent life. May God  
forgive me."

### German Pilgrim Fathers

CHICAGO, Oct. 3.—The Germans of Chi-  
cago today celebrated the anniversary of  
the landing of the German "pilgrim  
fathers" and the founding of Germantown,  
Pa., on October 6, 1638. The celebration was  
opened with a parade in which 25,000 Ger-  
mans participated and 90 societies were  
represented. After the parade an immense  
mass meeting was held in the Coliseum  
during the afternoon and evening.

### Two Young Men Drowned.

Frederick, aged 22, were capsized and  
drowned in Lake Gardner today in full  
view of Miss Della Bailey, a young woman  
friend, who was about to snap-shot them  
from the shore. The young men could not  
swim.

### PRATT LEAVES THE CITY

Leader for Strikers Goes to Toronto  
to Attend Meeting.

C. O. Pratt, strike leader, left Omaha  
last night for the avowed purpose of pre-  
sented the situation here to the conven-  
tion of the International Amalgamated  
association at Toronto, Can. By a vote  
of the striking car men assembled in a  
mass meeting at Labor temple Sunday  
afternoon Pratt's trip to Toronto was  
authorized and endorsed.

In actual developments the strike  
situation Sunday was quiet. The street  
car company employed twenty more  
of the old men, according to the state-  
ment of L. C. Nash, superintendent of  
transportation. Sunday afternoon many  
applications for employment were re-  
ceived. The service this morning, the  
company says, will be complete on all  
lines with cars manned by permanent  
employees. Many strikers were sent to  
Chicago Sunday night.

### BEN COMMONS REMAINS HERE

Company Announces Normal Street  
Car Service Will Be Restored on  
All Lines in the City  
This Morning.

The strikers' mass meeting at Labor  
temple was addressed by C. O. Pratt, Ben  
Commons, Rev. J. L. Fisher and a num-  
ber of other men active in the work of  
organized labor in Omaha.

There was much discussion in the  
speeches made at this meeting. Efforts  
were made to instill new courage into  
the men. Those who the labor leaders  
admitted had deserted the ranks of the  
carman's union were given vent for  
vehement personal condemnation.

Mr. Pratt suggested that it would be  
a good thing to hold a labor parade and  
demonstration Wednesday, the big car-  
nival day. The idea seemed to meet with  
approval and the matter is now in the  
hands of a committee of the Central  
Labor union.

Ben Commons, in the course of his ad-  
dress, announced that his term of office  
in the International organization expired  
on Saturday and that in view of his long  
service he was not a candidate for re-  
election.

### Politics Good Weapon.

Commons urged political activity on  
the part of the labor unions as an ef-  
ficient weapon. He suggested that  
through an appeal to the American Fed-  
eration of Labor, Samuel Gompers might  
be brought to Omaha to take up the  
fight. He offered encouragement to the  
strikers. He declared that two women  
were injured in the interruption of the  
meeting at Twenty-fourth and Ames ave-  
nue and that they would institute legal  
action.

Rev. J. L. Fisher discussed a visit to  
the governor at Lincoln. He informed  
the meeting that Governor Shallenberger  
had told him that he could not come to  
Omaha to take a hand unless he was re-  
quested by certain people here. Rev. Mr.  
Fisher declined to say who these people  
were. He announced another visit to  
Lincoln today.

Ted Morrow, a member of the strikers'  
executive committee, was mentioned as  
a candidate for the office of sheriff. This  
met with approval from the strikers.  
Morrow spoke, briefly. Among other  
things he addressed the meeting were Tony  
Donahue, Charles Lear, president of the  
local carmen's union, and O. J. Handall,  
secretary. The meeting was attended by  
about 400 persons. Many in the audi-  
ence were there as sympathizers.

ally increased in yields of corn and  
wheat during forty years," says the pro-
