

COUNCIL DOWNS DR. CONNELL

Rejects His Ante and Post-Mortem Meat Inspection Ordinances.

REVERSES COMMITTEE OF WHOLE

Opposition to Levying Fee on the Small Butchers Is One Vital Factor in the Defeat of the Measure.

Contrary to the plans laid in committee... Councilman Johnson spoke against the proposed ordinance to license mortuaries...

Licenses Fee for Cermen.

Councilman Johnson spoke against the proposed ordinance to license mortuaries, also recommended by the committee of the whole.

When the city clerk had finished reading reports of city officers for September, Councilman Hummel rose to inquire why the market master and the meat inspector were not required to make reports.

Brucker Misses Out. Councilman Brucker reported against the passage of the ordinance introduced by Councilman Bridges, providing for the sale of six street car tickets for 25 cents from 5:30 to 8:30 in the morning and from 8 to 7:30 in the evening.

The council passed the ordinance providing for the submission to a vote at the November election of a bond issue of \$60,000 for the Park board and \$150,000 for the erection of new engine houses.

IT'S POLITICS, SAYS WATTLES

Move for Cheap Fares Discredited as Bid for Popularity by Its Promoters.

"It's simply one part of a general movement following the strike of some politicians and others who want to gain support of a certain faction by attacking the street railway company."

This is the avowed opinion of Gordon W. Wattles in regard to the petition of W. G. Ure, R. B. Howell and Lisle I. Abbott, asking the State Railway commission to investigate the finances of the street railway company and lower fares if it is found they are too high.

"Don't think for a minute that the people of Omaha are a unit in support of this effort to cripple the company," added President Wattles. "If anyone thinks that he had better change his mind, for it isn't true."

"For twenty years the stockholders received no dividends. Are they not entitled to receive a somewhat higher dividend than mere interest on their money now?"

"For the last ten years we have been improving the property of the street railway company by getting hold of what money we could for the improvements. If it goes out that this class of property is to be treated differently from ordinary property we will be unable to borrow money and improvement must cease."

W. G. Ure, one of the signers of the petition, denies there is any political or other ulterior motive back of the movement.

"We simply think we ought to be getting street car service cheaper than we are now," he said. "The present crowd got hold of the company about ten years ago at a cost of \$7,000,000. That wiped out the old losses. The present company did not have to stand them. It is true the old stockholders did not get dividends for twenty years probably, but they received them in increased value of the road."

WIRELESS SIGNALS FOR ROAD

Union Pacific to Engage in Novel Experimental Research.

GIANT TRANSFORMER TO BE BUILT

Dr. Millener Will Have Charge of Work, Which Will Use Heavy Power Line from Plant at Shops.

The Union Pacific is going in for extensive experiments with wireless telegraphy and A. L. Mohler, general manager, has ordered Dr. Millener to contract for a large 50 K. W. 100,000 volt transformer for wireless experimental work.

When this huge transformer is completed it will be the most powerful one of its kind in this country used for wireless, if not in the entire world. It will weigh about 3,000 pounds, will stand six feet high and will operate on 440 volts.

The heavy power line from the Union Pacific power plant at the shops to Dr. Millener's laboratory is now being constructed.

The equipment will be used for testing wireless signals to see just what interference will also have a machine for testing and measuring all sorts of wireless devices.

The fund is the only institution except the United States government, now experimenting along these lines. Dr. Millener has done some sensational work and it is hoped that some practical devices will evolve from the experiments. He first attracted public attention in Omaha by operating an electric motor car in the Union Pacific shops by wireless.

Afterwards a wireless device was attached to a steam locomotive and the experiment proved most successful. This spring Dr. Millener started the entire world by lighting the Omaha Auditorium via wireless, during the electrical show.

MAY ASK CARNEGIE FOR HALF MILLION FOR LIBRARY

Board Will Consider Advise of the Real Estate Exchange on the Matter.

Andrew Carnegie may be asked to give Omaha a \$500,000 library instead of one to cost \$250,000 as was the first intention of the library board.

F. L. Haller of the board met the Real Estate exchange at the weekly luncheon Wednesday and asked informal opinion of the real estate men as to whether or not the increased gift should be asked of the steel magnate.

The exchange after the discussion voted to endorse the bond issue of \$75,000 to provide a site for the building in case Mr. Carnegie decides to build the building.

Mr. Haller said the board had asked for a \$250,000 donation, but it had been suggested that the city would soon outgrow this and donation it would be necessary for the city to agree to raise \$50,000 a year for maintenance. The charter limit at present is \$3,000 a year.

The members of the exchange were somewhat divided on the question of asking for the half million donation, but many of them favored it. Mr. Haller said he would decide later whether to increase the request or not.

Mr. Haller wrote to Mr. Carnegie sometime ago, but has received no reply yet. He thinks he may not be in this country at present.

TOTAL REGISTRATION LIGHT

Only Seventy-Five Hundred Out of Seventeen Thousand Have Been to Booths—One More Day.

Assistant City Clerk Harry Primeau, who has been receiving the registration books as they are brought in, estimates that the total registration of Tuesday will run to 5,000 or better. This, added to the total of the first day, would make something over 7,500 registered to date, with one day remaining.

"As the fair voting strength of this city is 17,000 or better," said Mr. Primeau, "it will be seen that on the one remaining day it will be necessary to register almost twice the number of voters that have already shown up. This will require some tall hunting, especially in the precincts and wards where the heavy vote is cast."

"Four hundred registered out of a possible 1,200 voters isn't encouraging, yet that condition exists in one ward at least, and to almost as strong a degree in several others."

NO WORD YET FROM BOWERS

Not a Thing is Known at the Rogers' Home of Armour Company Official.

The whereabouts of George W. Bowers, missing sales manager of the Omaha plant of the Armour Packing company, who disappeared from the city September 4, is still a mystery. His strange actions have been linked by his friends with the coming marriage of Mr. Bowers to Miss Daisy Rogers of 1302 South Thirty-third

TIME FOR LO TO STAND ALONE

Period of Dependence is Past, Says Colonel E. P. Hawkins.

INDIANS MUST BE CITIZENS

Chief Supervisor of Indian Bureau Stops in Omaha on His Way to Look After the Red Men in This State.

Colonel E. P. Hawkins, chief supervisor of the Indian bureau, is in Omaha stopping at the Roms, on his way from St. Paul, Minn., to Macon, Neb., to look into the Omaha Indian situation.

Colonel Hawkins accompanied the senate committee on Indian affairs, consisting of Senators Clapp, La Follette, Page and Brown, in its investigation of the condition of the Winnebago Indians of Wisconsin and Nebraska. The committee completed its work at St. Paul Tuesday and adjourned.

The status of the Omaha Indians as wards of the government expired by limitation July 10, but that status was continued by presidential proclamation until a proper investigation could be made to determine their ability to take care of themselves and their property. It is this investigation that Colonel Hawkins and Commissioner Abbott are now about to undertake.

"The time has now arrived when the Indian must be transferred from a dependent to an independent citizen," said Colonel Hawkins. "and steps will be taken to place all competent Omaha Indians in complete possession of their lands and moneys to which they are entitled. After completing our work in Nebraska, we shall look into the condition of other Indians."

Articles of incorporation have been filed for the American Music Hall company, with a capitalization of \$100,000, fully paid up.

Walter Hoff Seesley, vice president and general manager of the William Morris company, is in Omaha to look after the construction of a new theater for which he says the ground, not yet bought, will be broken within two weeks. The manager promises bills of real headlines with a ten act bill for each performance.

Mr. Seesley says this will be the first Morris vaudeville house west of the Missouri river and it will be supplied with acts from the Chicago house. He says that by spring a house will be completed at Denver and at about the same time he expects to have houses completed at Los Angeles and San Francisco.

"We had about decided upon a location not far from the Brandeis stores, but a tempting offer from another section of the city has given us occasion to investigate the relative merits of the two locations and I shall decide upon the matter this week," said Mr. Seesley.

Mr. Seesley says that William Morris, who for seventeen years has been one of the most successful vaudeville men in America, will be president of the new company, he will be vice president and the remaining officers of the corporation will be local men.

WOODMEN AGAIN IN POW-WOW

Executive Council Holding Session with Regard to That Building Site.

The executive council of the Woodmen of the World went into session at 2 o'clock Wednesday afternoon and the location of the new building was the subject uppermost in the minds of the members before the meeting began.

Whether or not the site will be determined on finally was a question. These prominent Woodmen are here for the meeting: J. C. Root, sovereign commander; W. A. Fraser, Dallas, Tex., sovereign adviser; Morris Sheppard, Texarkana, Tex., sovereign banker; John T. Yates, sovereign clerk; W. Wood Jewell, Manchester, Ia., sovereign watchman; N. B. Maxey, Muskogee, Okl.; C. C. Farmer, Mount Carroll, Ill.; J. E. Fitzgerald, Kansas City; T. E. Patterson, Chattanooga, Tenn.; Ed D. Campbell, Port Huron, Mich., sovereign manager; Ira W. Porter, Mobile, Ala., and A. D. Cloyd, Salisbury, Mo., sovereign physicians.

WILL REPAIR CUMING SOON

Street Will Be Torn Up as Soon as Ak-Sar-Ben Has Ended His Galety.

City Engineer Craig will begin tearing up Cuming street, preparatory to paving, just as soon as Ak-Sar-Ben has closed his galety for the season.

"We shall be at the work next week," said the engineer. "The street railway company now has all of its iron here, and the work can be rushed to completion, I hope, without further delay."

The brick for this job, which will take in the territory between Sixteenth and Twenty-fifth avenue, has been on the ground all summer.

The street railway has finished about two-thirds of its work, preparatory to paving Fifteenth street, from Davenport to Howard, and the city engineer believes the laying of the asphalt will begin within a short time.

ARE THE CHILDREN DUPED?

Three Youngsters Come from Wyoming at "Uncle's" Invitation, but Fail to Find Uncle.

Claire, Grace and John Kunkle, three children from Woodland, Wyo., arrived in Omaha expecting to spend a few days with a man named Nichols, who they say is their uncle, but when they inquired at the address which had been given them as his they were unable to find him. A Mrs. Nichols, who lives there, however, took pity on them and invited them in, while she reported the matter to the police.

Their uncle is said to have been a member of the Omaha police force, but none of the officers now in charge is able to locate him. The children are stopping at 3500 Biondo street while the police investigate.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for 25 cents. A piece of flannel damped with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold by all druggists.

PROVES IDENTITY OF BANDIT

Kansas City Man Made Clothes for Matthews, Alias Marvin, Witness Before Grand Jury.

A Kansas City tailor, appearing before the federal grand jury, supplies evidence which will go far, it is believed, toward convicting "G. W. Marvin," Bill Matthews, of taking part in the Overland Limited train robbery. This was Mr. Bren of Bren & Bren, and he identified the suit which Matthews wore when arrested in Idaho as having been made for G. W. Marvin.

Bren also saw Matthews in jail and recognized him as the man who ordered and paid for the suit. A marker on the suit bears the name of "G. W. Marvin." Bren also identified Frank Gordon, "Grigware," the Brown Park school boys were other witnesses of the day. A finding by the grand jury is expected Tuesday.

ROYAL JAPS TO BE IN THE CITY

Prince and Princess Kumi Will Pass Through Omaha on Their Way East.

Prince and Princess Kumi of the royal family of Japan will pass through Omaha Thursday morning on their way from the east to the Pacific coast.

The royal couple will arrive on the Northwestern at 7 o'clock in their private car, which will be taken out westbound at 9:30 o'clock.

Not a minute should the west when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack, and by all druggists.

YOUR BOY

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.

Not a minute should the west when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack, and by all druggists.

SMOOTH, aromatic, appetizing, invigorating. That describes OLD GOLDEN COFFEE perfectly. There's not a trace of the "bitter" so often noticed in other coffees. Every pound is uniform in quality—delicious, mellow and full-bodied. OLD GOLDEN never disappoints. Settles quickly—pours clean. Ask your grocer for a pound in the strength-aroma-retaining package. A ready-to-wear full dress or Tuxedo Suit from Brandeis looks as elegant and fits as perfectly as the most expensive tailor made. The prices are very reasonable. \$25 to \$45 BRANDEIS STORES

Washburn-Crosby Co. Gold Medal Flour. Why Not Now? Copyright 1909—Washburn-Crosby Co., Minneapolis, Minn.

Rheumatism is caused by uric acid in the blood. Uric acid is caused by kidney troubles which make it impossible for the kidneys to get rid of this acid in the natural way and so let it into the system. Most kidney troubles are caused by an inactive liver which puts extra work on the kidneys that should be done by the liver and bowels. Constipation is at the bottom of rheumatism. Nature's Remedy NR-TABLETS-NR relieves all forms of constipation, liver and bowel troubles. When you cure these troubles you give the kidneys the rest they need and they are able to dispose of the uric acid in the natural way. For remember, everybody manufactures uric acid in digesting his food and it's only when it gets into the blood that rheumatism is caused. Get rid of the uric acid and the rheumatism is cured. Take an NR tablet tonight—you'll feel better in the morning. Get a 25c Box. SCHAEFER'S CUT PRICE DRUG STORES—16th and Douglas Sts., 16th and Chicago Sts., Omaha. E. W. Cor. 24th and N Sts., E. W.
