Sixteenth and Farnam Streets.

Capital and Surplus, \$ 1,200,000.00
Assets Over 13,000,000.00

Oldest Bank in Nebraska. Established 1856.

Saturday Evening—Open until 9 P. M.

It's \$135 Today!

I refer to that very swell Lenox Trap which I am offering at "\$5 less every day" until it is sold.

And I've a \$1,100 Brougham—it's been used—but it's a marvel of a value for some one or other at \$300.

Perhaps some one could use a very fine open carriage—\$600 kind—not used enough to scratch the varnish—I'll sell it soon at only \$225.

\$88 buys a new \$140 top buggy; \$88 buys a new \$150 phaeton; \$90 buys a new \$145 delivery wagon, and only \$108 buys a new \$175 milk wagon.

Better hurry—for "Clearance prices" do NOT hold good all the time.

Woman's Work

Activities of the Organized Bodies Along the Lines of Undertaking of Concern to Women.

One of the important matters that will come before the convention of the Nebraska Federation of Women's Clubs next week at Lincoln, will be the scholarship at the University of Nebraska for the daughter of a club woman, to be provided by the club women of the state. It had been hoped by the educational committee of the federation to extend this privilege this fall in time so that the beneficiary might enter the university at the beginning of the term. Failure of the clubs to respond with their pledges, however, made this impossible, so the matter will be presented again at the Lincoln meeting. It was announced by the educational committee that \$50 would be necessary to establish the scholarship, and it was proposed to raise the money by a voluntary per capita tax of 5 cents in all the clubs of the state.

Only ten clubs, including the Omaha and Lincoln organizations, responded. The other clubs of the state were not heard. While a 5-cent per capita tax may seem but a trifle to ask, it should be remembered by those who have criticized that it is also one of the most popular systems of raising money and is used by many other organizations of the states besides the clubs. In consequence the average club woman's assessment during the year frequently amounts to a great deal more than 5 cents. The educational committee appreciates this fact, so deemed it best to have the scholarship thoroughly understood so that the women might be prepared to meet its demand.

Mrs. F. M. Hall of Lincoln, chairman of the state committee of the Young Women's Christian association, spent Thursday in Omaha visiting the local association. Mrs. Hall has recently returned from Europe and is enthusiastic over the prospects for the association work in Nebraska this winter. Mrs. Hall was especially appreciative of the efforts of the men of Lincoln in raising several thousand dollars for the Young Women's Christian association building, after raising \$100,000 for the Young Men's Christian association. Mrs. Hall believes in women and their fullest development, and has given material help to several organizations in Nebraska that have this as their object. For several years she served as chairman of the art committee of the Nebraska Federation of Women's Clubs, and also as president of the Lincoln Woman's club. More recently Mrs. Hall has devoted herself to the work of the Young Women's Christian association.

The Omaha Society of the Fine Arts held its first meeting of the year Thursday morning at the library, and the session was well attended notwithstanding the rainy weather and demands of the day. Mrs. Edward H. Baldridge was the speaker of the morning, giving an interesting talk on Parisian art and artist life in Paris. Mrs. Baldridge has recently returned from Europe.

Dickinson's Son is Better.

WASHINGTON, Oct. 7.—Word received today from Secretary of War Dickinson at Belle Meade, Tenn., was to the effect that the condition of his son shows considerable improvement, although he is still very ill.

Nebraska

STATE AGAIN HAS A DEBT

First Warrant Registered Since Old Debt Was Wiped Out in June.

Nebraska

Baptists Object to Elder Huff

State Association Takes Action on Naming of Prison Chaplain.

LAWYER HOLMES LEAVES PRISON

Had Only Three Months More to Serve and Was Counted a Trusty, But Takes Advantage of His Liberties.

(From a Staff Correspondent.)

LINCOLN, Oct. 7.—(Special.)—For the first time since the state of Nebraska has an outstanding debt, the warrants state warrants appeared on Treasurer Brian's books. There not being enough money in the general fund for the redemption of outstanding warrants, the treasurer had to buy the warrants presented to him by using trust funds, the same as was done for years prior to June 24, when there were no warrants registered. The State Board of Assessment made no levy for the redemption fund when it met during the last summer because there was then no apparent need of it. If county treasurer would not take the money, the Treasurer Brian believes the state debt can be wiped out till December 1, when taxes on the new levy will begin to come in. The state debt was over \$2,000,000 a few years ago.

Trusty Prisoner Escapes.

With only three months yet to serve before the expiration of his sentence as a Douglas county convict named W. H. Holmes, who had been a trusty for some time, made his escape on Tuesday from the custody of State Penitentiary Steward S. P. Carlin and has not yet been recaptured. The steward brought him to Lincoln that day to have his eye treated for a cataract or some similar trouble. Holmes was taken to the office of an oculist in the Richard's block, and as the latter was not in at the time Steward Carlin went across to Rudge & Guenzel's to buy some blankets, leaving the prisoner in the office. When he returned Holmes was not there. Photographs of the convict have been sent out to officers all over this part of the state, but no tidings of him has been received. Warden Smith is inclined to think he may be hiding somewhere in Lincoln.

Holmes was found guilty of embezzlement from an estate while acting as its lawyer. His sentence was fixed at two years. During the last seven months he has been working on the outside of the prison enclosure most of the time and showed no disposition to escape. It was for this reason that the steward left him alone in the oculist's office. If Holmes is recaptured, he will lose the good time which was credited to him and will have to serve about six months more.

Election Proclamation.

Governor Shallenberger has issued an election proclamation. If the nonpartisan judiciary law had been upheld by the supreme court this duty would not have been necessary, but under the law as it exists the governor is required to issue a proclamation and get it into the hands of county clerks twenty days before the general election. The governor's proclamation is dated October 1, but pending the receipt of printed copies, it was not announced. The proclamation is very brief, as follows:

Under and by virtue of the authority vested in me by the provisions of section (1) of chapter twenty-six (26) of the laws of Nebraska for the year 1897, entitled "An Act to Organize the State of Nebraska, do hereby issue my proclamation declaring that on Tuesday, the 23 day of November, A. D. 1909, there will be an election held at the usual places of voting in said state for the election of the following officers, to-wit: Three Judges of the supreme court; two Regents of the state university; one member of the state university to fill vacancy.

Linemans' Peculiar Accident.

NEBRASKA CITY, Neb., Oct. 7.—(Special.)—Yesterday afternoon Clint Gilman, a lineman working for the Nebraska Telephone company, was upon a pole painting a box when the can containing the asphaltum paint came in contact with a wire that was crossed with a highly charged electric light wire. A spark from the live wire ignited the paint and the burning paint was thrown over Gilman, who dropped to the ground and in falling fell upon a man who was passing and set his clothes on fire. Some persons standing near saved Gilman's life by extinguishing the flames, as all of his clothes were ablaze, as were those of George Hall, the man on whom he fell and aged with the burning paint. Hall escaped with the loss of his clothes, while Gilman was badly burned from the hand to the right shoulder and from the shoulders to the top of his head the skin was burned so badly that it fell off while the surgeons were dressing him. He had a long gash down his scalp. It is feared that he cannot recover.

Watson Sues Liverman.

NEBRASKA CITY, Neb., Oct. 7.—(Special.)—John C. Watson, one of the leading attorneys of this city, last evening filed a suit in the district court against Payne & McCallum, who own and operate a livery stable. He charges that they refused to send him a hack when he ordered it and have repeatedly ignored his orders for vehicles and thereby caused him great loss and mental anguish. The suit is a peculiar one and is brought for the purpose of ascertaining whether or not a livery stable keeper and one who runs a general livery and bus line are not required to send vehicles when they are ordered and depended upon by the public. The defendants own the only hack and bus line in the city and on them the citizens have to depend when they want to make trains or go to and from various parts of the city.

Judge Kimball Lectures.

PERU, Neb., Oct. 7.—(Special.)—Judge Kimball of Washington, D. C., who is a relative of Rev. W. A. Tyler of this place, is visiting in Peru this week. He gave an address at convocation this morning on "The Nation's Growth, as Seen by a Resident at the Capital." Judge Kimball has been a resident of Washington for forty-six years and has been a personal friend of most of the presidents since Lincoln's time.

By Our Formula

We produce in Hood's Sarsaparilla a medicine that has an unparalleled record of cures of Scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, loss of appetite, etc.

The combination and proportions of the more than twenty different remedial agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood,—those corpuscles that fight the disease germs constantly attacking you.

FARMER FOULDED DEAD IN FIELD

Neighbor, With Whom He Had Feud, Is Suspected.

NEELIGH, Neb., Oct. 7.—A. G. Rakow, who lived in Willow township, fourteen miles northeast of Neligh, was found dead in his pasture this morning with a bullet hole in his head.

F. M. Thornburg, a neighbor, is under arrest, charged with the killing, which he does not deny. The men quarreled over the ownership of a quantity of hay, and from a fistful encounter, weapons were used. Thornburg is under medical care here, badly wounded as a result of the encounter.

The coroner this evening rendered a verdict in effect that Rakow came to his death at the hands of Thornburg.

CHAMBERLAIN CASE POSTPONED

Tecumseh Banker Gets a Continuance Until November.

BEATRICE, Neb., Oct. 7.—(Special Telegram.)—The case of the state against C. M. Chamberlain of Tecumseh, charged with receiving funds in an insolvent bank, was called today and continued until the November term of the district court.

Nebraska News Notes.

NEBRASKA CITY.—Hon. S. N. Jones, who resided twelve miles south of this city in Nemaha county, died at his home last Monday, having been having been ailing some time. He was one of the pioneer residents of that county and had been a member of the legislature several terms. He leaves a widow and a family of grown children. His funeral took place yesterday.

LAUREL.—Blaine Heine, cashier of the Farmers State bank, and Miss Birle, daughter of Postmaster and Mrs. W. A. Price, were married at the home of the bride's parents last evening. On account of the serious illness of Mr. Price the guests who had been invited to the wedding were notified not to come. Postmaster W. A. Price, who was stricken with pneumonia several days ago, is now recovering and his illness is believed to be a permanent one.

PARDON FOR AGED WOMAN

Governor Stubbs of Kansas Frees Woman Who Claims 'She is Innocent of Murder.'

LANSING, Kan., Oct. 7.—Mrs. Irene Leonard, convicted of killing her second husband, and who was brought to the state prison, was married at Wichita in 1899, and under sentence of thirty years, was paroled by Governor Stubbs today. Mrs. Leonard, who is 60 years of age, has maintained that she was innocent. She is in ill health and will go to Los Angeles to live with a sister.

Both Boys Saved.

Louis Bonn, a leading merchant of Norway, Minn., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. Sold by all druggists.

The Weather.

WASHINGTON, Oct. 7.—Forecast of the weather for Friday and Saturday:

For Nebraska and South Dakota—Partly cloudy and cooler Friday, with rain in extreme east portion; Saturday, fair.

For Iowa and Missouri—Threatening, with rain Friday, and possibly in east portion Saturday; cooler by Friday night.

For Kansas—Threatening and cooler Friday, with rain in east portion; Saturday, partly cloudy and cooler.

For Colorado—Fair in west, rain in east and central portions; snow in the mountain districts; cooler Friday, Saturday, fair.

For Wyoming—Fair Friday and Saturday; continued cool.

For Montana—Fair Friday and Saturday; cooler in southeast portion Friday.

BANK OF ENGLAND DISCOUNT RAISED TO THREE PER CENT

Needs of Foreign Commerce, Together with Appearance of Large Quantity of Paper, Cause.

LONDON, Oct. 7.—The governors of the Bank of England today raised the minimum discount rate from 2½ per cent to 3 per cent. This is the first change since April 1, last, when it was reduced from 3 per cent.

It was decided to raise the rate to 3 per cent owing to the large inroads on the bank's reserve already made by exports to Egypt for the financing of the cotton crop, and by the Argentine withdrawals. The governors were unable to offset these by fresh arrivals from the mines owing to the sustained demand from Russia, which absorbed available quantities week after week, preventing the bank from building up the reserve.

A fresh element in the strength however, undoubtedly helping the directors to this decision is yesterday's decline in New York exchange on London, the recent sharp rise in money and the calling of loans in New York—which probably will necessitate the withdrawal of gold from that quarter against finance paper which had been placed here some time ago—and the number of fresh bills still coming forward. The higher rate, although it was expected soon, was not generally looked for today. The increased rate had little effect on the stock exchange beyond a fractional easing in American securities, operators generally considering 3 per cent a good working rate.

Fast Trip Across Iowa.

We threw over everything we could get higher and began to head for Kansas City. We thought we were going to sweep across Nebraska, but during the night a northern breeze caught us and we began to cross Iowa like a streak. Tuesday night, when daylight came we hardly knew where we were. We must have traveled at a rate of fifty miles an hour for a time.

"When we got into the vicinity of Mills Lake we thought it Lake Superior. We were about 1,000 feet up and did not think it safe to cross. We shouted to a farmer to learn our location and he told us what county we were in, but that did not help us as our map did not show counties. He informed us that we would be safe in crossing, but as we had only an orange between us in the way of food and as we were hungry, having had nothing to eat since the afternoon before, we decided to land. We shot toward land at a terrific rate, but landed in some marsh grass in good condition."

A Bracing Tonic After Typhoid

MR. FRANCIS SHEPPARD.

Duffy's Pure Malt Whiskey

as a tonic and stimulant when convalescing after fever is the greatest strength-giver known to science. It destroys disease germs, and by its building and healing properties restores tissue in a gradual, healthy, natural manner. It is a wonderful specific in the treatment and cure of consumption, pneumonia, grippe, bronchitis, coughs, colds, malaria, low fevers, stomach troubles and all wasting, weakened, diseased conditions.

If in need of advice, write Medical Department, The Duffy's Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a handsome illustrated medical booklet containing some of the many gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine. It is sold everywhere by druggists, grocers and dealers, or shipped direct for \$1.00 per bottle.

Mr. Francis Sheppard, of Scranton, Pa., says that he was left so weak after an attack of typhoid fever that he could scarcely walk. He took Duffy's Pure Malt Whiskey; one bottle put him on his feet. The second bottle gave him his old-time vigor and strength. He recommends it to all who are weak and need something to build them up.

"Having read a great deal about Duffy's Pure Malt Whiskey, I decided to try it, and cannot praise it too much. During the typhoid epidemic in our city two years ago I happened to be one of the victims (one of the lucky victims, thank God.) It left me in such a weak condition that I was scarcely able to walk. Thanks to Duffy's Pure Malt Whiskey, after taking one bottle of it, I was able to go to my work. After the second bottle I can say I am entirely well. I think there is nothing equal to it, and would recommend it to any one who is run down with fever or any other disease. Although I do not drink liquor in any form, I do recommend Duffy's Pure Malt Whiskey as per directions." Francis Sheppard, Scranton, Pa.
