**MANY EMBRACE TREATMENT OFFER**

**AK-SAR-BEN VISITORS APPLY**

Cures Are Being Effectuated Each Day and Go Out To Tell Others of the Wonderful Radium System.

Wonderful, indeed, is the Radium System of Treatment employed at the Radium Institute in the Patterson block, at 1623 Farnam. The cures effected through this medium are causing all medical science to stand aghast. People who have lost all vitality, and are clinging on life with absolutely no hope for recovery, come here as a last resort and are soon taking a new lease on life, and go about the streets as living beings rather than the examples of living death they have been portraying for so long a time.

Doctors have given some of them up, have given them a prescribed length of time to live, and have sent them home to sit down and wait the coming of the death angel. They have visited the institute against the wishes of others, have taken the treatment prescribed and now go about their business in the old way—good red blood coursing through their veins, and feeling the joy of living to its fullest possible extent.

"Not every case coming to the institute," says the Chief of Staff, "is curable or accepted as such, but a large per cent of so-called incurable cases are treated with most satisfactory results. If a case is incurable in our opinion we say so and do not start treatment."

Rheumatism, asthma, catarrh, gallstones, epilepsy, diseases of eyes and nose, diseases of stomach and kidneys, nervous diseases of men and women are easily overcome by the Radium system of treatment, if you suffer from one of these afflictions call on the specialists, they can cure you. You owe it to yourself and to the world to fight disease as long as there is a spark of life in you, and the Radium Medical and Surgical Institute is the battle field upon which it is easiest to conquer the enemy.

There are two other Radium Institutions one in London, one in Paris. There is one in Western America and it is in the Patterson block, at 1623 Farnam street, Omaha, Neb.
