"Christian Science is Jesus' transcendentalism made practical as He made it." declared Mrs. Mims, and taking this as the basis for her argument, said in part as follows:

It is sometimes said that Christian Science is a very beautiful religion, "but it is too transcendental for me." Is it not something that transcendes this poor, fleeting, material existence that humanity longs for material existence that humanity longs for and needs? Christian Science is transcended to Cutier's undertaking rooms and the moved to Cutier's undertaking rooms and the deal? Christian Science is transcended and needs? MARSHALLTOWN—It cost Marshall county \$2.08.10 for jurors' fees alone to try five cases in the August term of the district court, which began August 30. This sum breaks all previous records for the enormity of the expense for this single branch of the court. This amount includes nothing but jurors' fees, some of whom received as high as \$70 for the term. Four jury cases, three of them criminal actions, were tried during the term. Another case was begun, a jury secured, then it was settled and dismissed.
