NET CLOSURES AROUND NEGRO

(Continued from First Page.)

...paw shop at Eleventh and Farnam streets. The watch was identified through a telegram from the Chicago police replying to a query from the police here for the numbers on the case and works. Johnson is charged, said this watch to be a small diamond and a few bits of masculine jewelry, which may become valuable bit of evidence.

Admits Facts, Denies Murder. Under the fire of questioning by Chief Savage, of the detective department, the negro admitted being with Frankland and entering the saloon with him. In fact, all of the facts in the possession of the police, except the actual killing and robbing of the victim, are admitted by Johnson.

Suspect is Identified. Johnson has been identified by Frank Galivan of 1234 1/2 South Thirty-first street, who is employed as the elevator boy in the Union station, and by R. W. Chamberlain of 4920 Cumming street, who is engaged as a hack driver. Each of the men recognized Johnson to be the man who was seen with Frankland. Galivan positively recognized him as the man that Frankland was with in the depot on the several occasions.

Chamberlain positively recognized Johnson as the man who was with Frankland in Hunniger's saloon on different occasions during the afternoon. He is sure that Johnson was with the murdered man, Chamberlain was taken to Heafey & Heafey's undertaking room, where he viewed the body, and he asserted that Frankland and Johnson were the men that he was speaking of.

Johnson was not sweated last night, but will be today.

County Treasurer Shift. ST. PAUL, Minn., Oct. 14.—A message received today by Public Examiner Shafer from Deputy Examiner M. F. Kain, who is examining the accounts of A. A. Kremer, depositor of the Iowa county, stated that Kremer's alleged shortage now amounts to \$40,000. This message also says the amount is growing larger. About \$30,000 has been recovered. Kremer is out of jail on bail.

EXECUTION AROUSES WORLD

Ferrer Shooting Causes Indignation and Riots on the Continent.

BOMB EXPLOSION IN BARCELONA

Spanish Capital in Danger—Sympathetic Strike in Trieste—Anarchists Spread Alarm—Boy-cott Spain's Goods.

PARIS, Oct. 14.—The municipal council today decided to name a street in Paris after Ferrer, and to assume the expenses of educating two of his grandchildren. The police records show that one policeman was killed and seventy-six persons were wounded during last night's rioting. Among those arrested were five anarchists. The Paris Temps today prints a report from its correspondent at Cervera, on the Franco-Spanish frontier, that two Frenchmen were shot at the Montjuich fortresses in Barcelona this morning.

The same paper's correspondent at Madrid says the news of the Ferrer execution created a tremendous impression in the Spanish capital, but that the government has taken extraordinary precautions and there have been no disturbances.

TRIESTE, Oct. 14.—Large bodies of workmen went on strike in this city today in sympathy with the demonstration, the employees of the dock yards being prominent in the movement.

BRUSSELS, Oct. 14.—The socialists today declared a boycott against Spanish goods.

PARIS, Oct. 14.—A dispatch to the Havana News agency from its correspondent at Barcelona states that a bomb explosion has occurred there. No one was injured by the explosion, which occurred while the bomb was being conveyed to a laboratory for examination. No arrests have been made.

GENEVA, Oct. 14.—The Swiss police have warned the Spanish authorities of the exodus of Spanish anarchists from this city. Four anarchists left Geneva this morning.

ROME, Oct. 14.—Indignation meetings are being held throughout Italy today in consequence of yesterday's events at Barcelona. In this city the protest against the execution of Ferrer has brought business almost to a standstill. Workmen generally have abandoned their employment. No street cars are being operated and cabs and automobiles remain at their stations with no one to take them out.

The whole normal life of the city is interrupted. Among the masses the feeling grows more turbulent, as the people attribute the execution of the revolutionist to reactionism, "atrocious influence and Jesuit support."

The Spanish and Austrian embassies and the Vatican are closely guarded by troops, and it is thought the police and military measures adopted by the police and military authorities will prevent serious outbreaks.

BARCELONA, Oct. 14.—Francisco Ferrer died with the cry "Long live the modern schools" upon his lips. This and other brief details of yesterday's execution of the revolutionist escaped the censorship today. Though he had refused their ministrations, two priests of the Order of Peace and Charity followed Ferrer to the ditch where he was shot, murmuring prayers for him.

To a request that his eyes should not be bandaged, General Escrin replied: "A traitor has no right to look upon the faces of soldiers."

Ferrer refused to kneel and, standing erect as the rifles were turned upon him, exclaimed: "Aim straight. Long live the modern schools."

Both boys stayed. Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing is as safe and certain in results. Sold by all druggists.

Seeking to Collect Tax. PIERRE, S. D., Oct. 14.—(Special.)—Deputy Revenue Collector E. F. Huntington is here to look after corporations which have filed articles and secured charters under the laws of this state and has a task of several weeks before him. The purpose of the work is to secure a list of all the companies holding South Dakota charters for a basis of securing the corporation tax provided for by the last session of congress. The South Dakota list is long one, as charter hunters have been

using the laws of this state with the low fees for many years. The record shows that 2,500 different corporations had their existence under the laws of this state. Just how many of them are actual working corporations which would yield any revenue to the government is hard to state, but there are a number such in the list, and to get at the ones wanted it is practically necessary to get all of them as a basis to start from.

Higher Rate Put Into Effect

Bank of England Discount Put Up to Four Per Cent Under Stress of Market.

LONDON, Oct. 14.—The depletion of the reserve, the continued foreign gold requirements and the gradual hardening of private discount rates had, the anticipated effect on the Bank of England discount rate, which today was put up to 4 per cent. The amount of reserves is nearly \$5,000,000 below last week, while the demands for the metal from abroad, especially from Egypt and Argentina, show no signs of abatement. The high rate, however, is also directed against America and Germany.

A large amount of American finance paper already has been placed here, and it is anticipated that the United States shortly will be in a position to withdraw gold to the further disbursement of the London money market. In Germany speculation has made money extremely tight and an expansion of German demands for gold is looked for.

In some quarters there is doubt if the 4 per cent rate will attract sufficient gold to build up the reserve as well as to meet future demands from America and Europe; so the market would not be surprised if a higher rate is imposed.

Today's advance was so confidently anticipated that it had little effect on the stock exchange, where the feeling was rather one of relief. When the suspense

was over operators marked up consols 1-16. On the part of the American securities, which opened well over party, dropped 1/4 to 1/2 a point from the best on the higher bank rate.

The advance in the discount rate in London will not affect the American rate, in the opinion of Henry W. Yates of the Nebraska National bank.

"The advance is made for the purpose of preventing the continued exportation of gold from England," said Mr. Yates Thursday. "America is not importing gold and I do not see how it can affect us here. It is merely a move in the competition between the principal financial points in Europe."

"Rates in America are hardening, however, on account of the resumption of business and the great demand for the moving of crops. This is a good sign, an evidence of increased business. The rate this summer got down as low as 3 1/2 per cent. It is now up to 5 per cent, and I would not be surprised to see it go higher as the demand for money increases."

FIRST SHOTS IN STATE CAMPAIGN

(Continued from First Page.)

comparing it with the last democratic session.

Victor Rosewater spoke on "The Press." He cited the press as the newspaper battery of the party. He commented on Senator Aldridge's statement regarding the legislature of 1907 and reminded him that we have had republican legislatures since 1900 and they had all passed good laws. He spoke of the great pressure brought by the press upon legislative bodies.

Senator Burkett was introduced by his colleague, Senator Brown. Senator Burkett's remarks were confined to comparisons of the present republican times and the old democratic times. He spoke of America as the country of all countries, in that it was the home of the people. He further stated that the tariff bill passed was not his idea of a tariff, but it was the best bill that could be passed under the circumstances.

He discussed the tariff question at length, citing that the bill is abreast with the times. He further stated that no producer is howling on the times, but the non-producer. He stated emphatically that the tariff bill is a fulfillment of the party pledges and that much misinformation is sent out about the bill. Many manufacturers have been lying about the tariff and have used it as an excuse to raise the prices on their output. He endorsed the state ticket strongly and closed with thanking the people of Kearney for their energy in getting up the banquet, and their generosity. Senator Burkett's speech closed the program.

The full text of Mr. Hayward's speech will be found on page five.

GAME FIGHT FOR LIFE IS MADE BY MCCARREN

Latest Report Indicates that Politician Will Recover from Effects of Operation.

NEW YORK, Oct. 14.—State Senator Patrick H. McCarrren, the democratic leader of Brooklyn, who underwent an operation for appendicitis last night, is fighting for recovery with the same grit that has won many of his political battles. Late tonight he appeared to have the upper hand, but his condition is still serious and his friends and political associates, while believing that he will ultimately recover, are nevertheless extremely anxious. Mr. McCarrren is 61 years old.

Dr. Peter Hughes, the family physician, announced at a 9 o'clock tonight that the patient's condition was more favorable than it had been for a greater part of the day and he looked for his recovery.

WINTRY WEATHER MAY DRIVE AERONAUTS SOUTH

Wilbur Wright and Army Signal Corps Officers Mr. & Secy Field in Florida.

COLLEGE PARK, Md., Oct. 14.—Wintry blasts, giving warning of the close of the aviation season, prevented any flights at the government aerial training ground today. So cold and uncomfortable was it in the aeroplane shed that it was deserted by Mr. Wright and his two student officers of the signal corps for most of the day.

If the cold weather continues much longer it is possible that the training of officers will be continued in the south. Brigadier General Allen, chief signal officer of the army, has contemplated for some time the establishing of a winter aerodrome in Florida. It is said that the signal corps has mapped out an elaborate program for the aerodrome during the coming winter.

Byers States He is Misquoted

Some Features of Automobile Accident Insurance Held to Be Legal.

(From a Staff Correspondent.)

DES MOINES, Ia., Oct. 14.—(Special.)—Attorney General Byers called attention of the reporters today to the fact that he had all misinterpreted his decision given to State Auditor Blakeley respecting insurance against automobile accidents.

He held that it would be illegal to insure an automobile owner against suits for damages for accidents which were a result of his own carelessness or negligence, but that automobile accident insurance was legal and allowable in many instances under the employers' liability accident insurance law. The attorney general says in his letter to the state auditor that "the automobile owner may be indemnified against almost every possible liability except in the case of accidents occurring while the owner is operating his machine for pleasure."

A lease for 14 acres of land north of the state fair grounds has been leased for the hog cholera serum factory to be established by the state veterinarian's department. The legislature appropriated \$3,000 for the work. The work of erecting a laboratory on the premises and securing the hogs on which to work will be begun at once. It is proposed to manufacture hog cholera serum here and furnish it to the farmers of the state.

Chicago Policemen Ride Water Wagon

Chief Says Booze Fighters Will Be Given Short Shift—Six Men Lose Jobs.

CHICAGO, Oct. 14.—Short shift will be given hereafter to any Chicago policeman who drinks intoxicants while on duty or who is seen under the influence of liquor. This ultimatum voiced by Chief Steward in the words, "It's a case of every man on the water wagon and exit the booze fighters; I have no time for drunkards," came today in a general order directing members of the police force to become abstainers under penalty of losing their positions.

As an earnest act that the new chief means what he said, six policemen found guilty of intoxication were dropped from the rolls when the order to quit drinking was issued.

WESTERN MATTERS AT CAPITAL

Number of Postal Appointments for Nebraska, Iowa and South Dakota.

WASHINGTON, Oct. 14.—(Special Telegram.)—Postmasters appointed: Nebraska—Darr, Dawson county, Mrs. Alice Schreckles, vice Lottie Nelson, resigned; Howe, Nemaha county, Joseph H. Wright, vice N. C. Bohl, resigned; Iowa—Minerva, Marshall county, William A. Humphreys, vice C. L. Modlin, resigned; South Dakota—Hilland, Stanley county, Mrs. Mary Herrman, vice W. A. Campbell, resigned.

Rural carriers appointed: Nebraska—Bassett, route 1, William H. Curtis, carrier; Hadden, R. Curtis, substitute; Cedar Rapids, route 2, B. E. Farley, carrier, no substitute; St. Lawrence, routes 1 and 2, Robert T. Sedam, carrier, Sid Pitts substitute.

Captain H. F. Elissner, First infantry, Nebraska National guards, of Omaha, and First Lieutenant Ivan M. Kay, First infantry, of Madison, Neb., are authorized to attend and continue a regular course of instruction at the garrison school at Fort Crook.

James B. Anderson of Des Moines has been appointed assistant inspector in connection with the bureau of animal industry.

The twenty-first annual convention of the National Association of Railroad Commissioners will be held in the hearing room of the Interstate Commerce commission in this city November 16 and continue one week. Among those on important committees of the coming convention are: H. J. Winnett, W. H. Cowgill and H. T. Clark, Jr., of Nebraska; David J. Palmer, W. L. Easton, D. N. Lewis, George Rice and W. G. Smith of Iowa.

New sidewalks are to be placed about the postoffice buildings at Cedar Rapids and Muscatine, Ia. W. B. Walker of Cedar Rapids receives the contract there and A. Kamble for the sidewalk at Muscatine.

Representative Gilbert M. Hitchcock arrived in Washington today, chiefly for the purpose of arranging for apartments for the coming session of congress.

Wright-Curtis Trouble. LOCKPORT, N. Y., Oct. 14.—The action brought by the Wright brothers against Glenn H. Curtis and others to restrain them from manufacturing or using the so-called Curtis aeroplane, on the grounds of infringement, did not come before Judge Hays in the United States court today. A show cause order was issued in New York on September 29 requiring an answer from the defendants today.

"Old King Coal" is now reigning.

1,433 Garments in this selling

Weights for now

---"the greatest volume of business at close profits"---a store policy with us-tomorrow we demonstrate with -a series of huge specials in wearables for younger ones

---we've outgrown even ourselves. We've planned LARGE events since the moment we stepped into this Farnam St. store. Tomorrow's special selling of garments for "younger ones" is the first instance of what we CAN do, are WILLING to do, and WILL do in the way of upsetting prices, at the same time rigidly adhering to "Henson & Thorne" grades and exclusiveness. Participate. You'll enthuse, too!

CHILDREN'S COATS—Warm little garments for little ones of 2 to 6 years of age; lined and interlined; beautifully tailored styles, in fine broadcloths, chevrons, cords and the like. Little boy styles with buttoned fronts, neatly trimmed with braid or embroidery. 205 garments are in this lot—they were specially bought and will be specially offered. You'll marvel at them.

GIRLS' COATS—Larger girls of 8 to 14 will fairly revel in warm, elegant, full cut and lengthy coats for winter. In "Little Major" and various other wanted models; military styles; plain tailored effects, as well as handsome braided sorts. In charming chevron, cord and the like. 205 garments are in this lot—they were exceedingly lucky to have found them. You're lucky to get 'em at \$10.

BOYS' COATS—Reefer coats or overcoats—in mixtures, Scotch tweeds, chevrons, etc. Knee or ankle length coats, single or double breasted. Some with velvet collars and cuffs. 205 garments are in this lot—they were exceedingly lucky to have found them. You're lucky to get 'em at \$5 each.

BOYS' SUITS—Even though this is to be a day of special values the "DOUBLE TROUBLE" idea is still in force. Each of these snappy double breasted Knickerbocker suits for boys 8 to 16 years. Wear resisting chevrons, velours, tweeds, serviceably lined, swaggersy made up. These are 10 distinct models—255 suits—all in one tempting, irresistible array. All Henson & Thorne characteristics at \$5 the suit.

Children's Coats \$5

Girls' Coats \$10

Boys' Coats \$5

Boys' Suits \$5
