Member of Reorganized Church of Christ of Latter Day Saints Writes Letter in Defense of Rev. Mr. Huff.

Defender of Huff. "I have not investigated the matter at all and therefore I have nothing to say about the case," said Governor Shallenberger this afternoon when asked if he had decided upon any action regarding Rev. Mr. Huff, chaplain at the state penitentiary, who is charged by several ministers with being a Mormon.

While several ministers have given letters to the press charging Mr. Huff with being a Mormon and demanding his removal, one friend has risen up in his defense. The governor today received a letter from Frederick M. Smith, first counselor of the Reorganized Church of Jesus Christ of Latter Day Saints, which quotes the resolutions against Rev. Mr. Huff and then says: "We desire to protest against Elder Huff being called a Mormon elder, as we repudiate the name Mormon, and do not like to be confused with the Mormons of Utah. The presidency of the Reorganized church cannot believe that one in your official position will be swayed by religious prejudices."

Democratic Head of State Asylum Has Whisky Bill. Apparent Unquenchable Thirst of Chronic Insane Will Cost Pretty Penny if Paid.

(From a Staff Correspondent.) LINCOLN, Neb., Oct. 15.—(Special.)—Superintendent Baxter of the asylum at Hastings has certainly prepared himself for the quarter ending December 31 of such proportions that the board which allowed the contract has decided to hold it up for future action. Compared with a year ago, when the liquor estimate was only four and a half gallons of alcohol for the quarter for this institution, the present superintendent has capped the climax. Here is what he asked the board to buy for him:

Brandy, two cases.....\$1.70 Cognac, two cases.....\$1.70 Brandy, peach, one case.....2.50 Brandy, apricot, one case.....11.50 Wine, Waterman's Old Tawney port, one case.....16.50 Wine, claret, Chateau, Coville, one case.....16.50 Wine, Rhine, Rautenthal, one case.....17.50 Wine, Moselle, Josephshofer, one case.....18.00 Wine, Lisbon port, one keg, 12 gals.....24.00 Whisky, Yellowstone, two cases.....37.00 Whisky, King William V. O. F., one case.....37.00 Rum, London Dock Jamaica, Red Cross, one case.....12.00 Cynicid, 100 splits, one case.....12.00 Total.....\$232.45

On the heels of this enormous wine bill, came a letter to Governor Shallenberger this morning from a saloon keeper at Arapahoe, saying the 5 o'clock closing law had increased his sales and he favored it as a permanent institution. The letter was written to the chairman of the democratic committee of Furnas county and forwarded to the governor. It said the saloon keeper objected to the law at first, but as it had increased the sale of liquor in his place of business he felt very much in favor of it. Dr. Baxter, however, bought nothing from the Arapahoe saloon keeper, so far as the records show.

PRESBYTERIANS ARE AT WORK Duty of the Church to Aged Ministers Set Forth.

MINDEN, Neb., Oct. 15.—(Special.)—The Nebraska Presbyterian synod is now in the midst of its labors. Committees are reporting progress and work is being done in all lines of the church. This evening Dr. F. W. Russell of St. Louis again addressed the synod. His subject was "Ministerial Relief." His address was a strong presentation of the needs of the church and that the church owed it to its ministry to provide for their superannuated ministers.

Rev. Dr. Leland of Lincoln presented the claims of the church upon the students of the University of Nebraska. He emphasized with regret the idea that the church was not being filled with candidates for the ministry as fast as needed and showed how many of the members of the church were going to the state institution because of the increased advantages. He pointed out the need of a building where the student Presbyterians could gather and worship.

One of the questions of special interest to Omaha Presbyterians is the appeal taken by the Church of the Covenant from the action of the Omaha presbytery to the synod of Nebraska as to the location of the new church proposed by the union of the Second Presbyterian and North Presbyterian churches at Twenty-fourth and Binney streets. It seems that the Omaha presbytery permitted this and to this location of the new Presbyterian church the Church of the Covenant, another church of the same denomination, objected, on the ground that the newly located church is an encroachment upon the territorial field and labors of the Church of the Covenant. The newly located church would place the Church of the Covenant, the new church and the United Presbyterian church all within a few blocks of each other, thereby lessening the efficiency of all of them.

THE STORE EVERYONE IS TALKING ABOUT King-Swanson Co. 16th & HOWARD STS. THE HOME OF QUALITY CLOTHES

"The price you pay for what you get" and "What you get for the price you pay"

Don't mean the same thing by any means, it all depends on the store; some stores give more for your money. For instance, a certain price may buy a suit in one store worth barely what you pay for it, while in another store the same money will buy a suit far superior to it in every way. All stores don't sell suits of equal merit at a given price, that's certain.

Some wretchedly poor clothes are sold in Omaha, and the worst part of it is the buyer don't know how poor they are until the wear begins to show them up. Lots of stores make extravagant claims for this kind of clothes, too! Claims that neither they nor the clothes will support when it comes to a show down.

This is the safest store in the world, and our clothes grow old gracefully. They retain their shape because skilled tailors make them. They don't "pucker up" along the seams, because the fabrics are London shrunken. They don't twist and draw, because the highest salaried artisans in the world design them.

We don't make any claims for them we can't substantiate. We guarantee them to be as we claim, and that our prices are several dollars less, grade for grade, than any other store in town can quote.

We fit them to you, we don't fit you to them. We have a tremendous stock, and no matter how tall, short, stout or big you may be, we'll fit you perfectly, or we won't take your money.

"What you get for the price you pay" is greater in this store than anywhere in the country, and you'll certainly make a mistake if you ignore us on the clothes question.

Special Boys' Suit Values

We've two extra special values to quote today. At \$3.00 we offer you a choice of several hundred suits that would ordinarily sell for \$4.00, and at \$4.50 a choice of several hundred suits equal in every respect to many sold in Omaha at \$6.00. They are made after the most approved models for little and big boys—any color you might desire.

\$3.00 and \$4.50 Lots of Others, \$1.50 to \$15
