NO ACTION ON CREEK PROBLEM

City Attorney Has Not Had Time to Draft the Resolution.

The city council failed to take any action last night in the matter of a proposition to divert the waters of Indian creek, as suggested by Mayor Maloney, as City Solicitor Kimball had not been able to prepare the necessary resolution. Mr. Kimball said he would have the resolution ready for submission in about a week.

George F. Hughes, collector of the new central fire station, over Indian creek, the foot of Bryant street, notified the council that the building was completed and that he was ready to turn it over to the city. The council will meet as a committee of the whole this afternoon at 2 o'clock to inspect the building.

Resolutions were adopted requiring four of the railroads to construct culverts under their tracks as follows: The Chicago Great Western, Tenth, Eleventh and Twelfth streets between Ninth and Tenth; the Union Pacific at Twelfth and Thirteenth streets between Tenth and Eleventh; the Chicago & Northwestern at Twelfth and Tenth streets between Tenth and Eleventh; and the Chicago & Burlington at Twelfth and Eleventh streets between Tenth and Eleventh.

The order requires that the culverts be constructed within sixty days from service of notice.

The city solicitor was authorized to dismiss the suit brought in the district court to compel the Great Western railroad to install lights at its crossings as provided in its right of way franchise, as the railroad had finally complied with the requirement. Another suit against the same railroad to compel it to install crossing gates is pending in the court.

The matter of the distribution of eighteen additional electric lights in the district ward was referred to the committee of the whole. The council adjourned until this afternoon, following the meeting of the committee of the whole.

RELIGIOUS CENSUS OF THE CITY
Entire Work Planned to Be Done in One Day.

Preliminary plans for making a religious census of the city were formed at a special meeting of the Council Bluffs Religious association yesterday morning. It is proposed to make a house-to-house canvass for the purpose of ascertaining the church affiliation or inclination of the occupants. The plan is to cover the entire city in one day, and in order to accomplish this committee will be appointed from each church.

Rev. F. A. Case of the First Baptist church, Rev. J. W. Williams of the First Methodist church and A. M. Hutchison were appointed as the committee to take charge of the work.

Officers for the ensuing six months were elected as follows: President, Rev. James M. Williams of Broadway Methodist church; Vice president, Rev. George A. Ray, D. D., pastor of the Second Presbyterian church; secretary, Rev. Grant Lewis of the Fifth Avenue Methodist church.

Although no formal action was taken by the association the pastors of many of the churches of the city will resign their pulpits next Sunday, both morning and evening, to Women's Christian Temperance union speakers.

The regular meeting of the association will be held next Monday morning.

MABRAY'S MEN ARE REARRESTED
Federal Authorities Having Trouble Getting Them to the Bluffs.

Postoffice Inspector Swenson, just before leaving for Chicago last evening, received a telegram notifying him of the rearrest at Seattle, Wash., of Bert R. Shores, alias Bert Warner; Ole Marsh, alias Jack Carroll; and Winn S. Harris, alleged members of the Mabray gang. The three, who were arrested October 8, and the indictment returned in Council Bluffs, had been released on bonds in the sum of \$3,000. They were rearrested under the indictment returned by the federal grand jury in Omaha, and now will be required to furnish additional bonds in the sum of \$10,000.

"I don't know if either of the three men will be able to furnish a \$10,000 bond," said Postoffice Inspector Swenson, "and I think we will now be able to hold them."

R. B. Herriman, Frank W. Brown and Edward C. Moore, the three alleged Mabray "steerers" arrested at San Jose, Cal., are making a hard fight against removal to Council Bluffs. The hearing on their extraditions has been continued until October 25. J. Smith of Streator, Ill., another alleged steerer, is also fighting against being brought to Iowa and his hearing has also been continued to October 25.

Mr. Swenson returned Sunday from Chicago, where he had been on matters in connection with the prosecution of the Mabray gang, and was called back there last evening.

While out hunting Sunday afternoon southwest of the Union Pacific transfer yards George W. Royalty from Light Company.
Mayor Maloney received yesterday from the Citizens' Gas and Electric company a check for \$4,119.66, the amount of the royalty due the city for twelve months under the company's contract. The royalty is computed at the rate of 3 per cent on gross sales of gas and 3 per cent on gross sales of electric current. This is the third year that the city has received this royalty. The first year it amounted to \$3,147.36 and the second year it was \$3,629.55. It will be seen that the amount of the royalty has increased about \$500 a year.

Dark Dances Tabooed.
IOWA CITY, Ia., Oct. 18.—(Special.)—What to substitute for the old-time "dark dances" at the formal parties is the question which is bothering the sophomore committee at the University of Iowa. The waits under the influence of the darkened lights was tabooed by the co-eds last year and as a result the senior hop committee had no "dark dances" on the annual commencement week ball program. The cotillion committee has appointed a committee to investigate electrical devices which will furnish novel dances and yet at the same time come within the limits prescribed by the leaders among the varsity society girls. The attitude of the new dean of women, Miss Anna Lingenfelter, on the "dark dance" so long in vogue here is not known and the chairman of the cotillion committee will consult with her before a substitute for the dress dances in the darkened room will be definitely decided upon for the first formal ball of the year, which is to be given shortly after Thanksgiving.

Necklace Deep in Ground.
LOGAN, Ia., Oct. 18.—(Special.)—A part of a human skeleton, a shell necklace and stone ball were discovered by Tom Campbell at Woodbine some ten or more feet below the surface of the ground. Though many skeletons, stone hammers, broken pottery and copper knives have been found in Harrison county, yet a shell necklace and a stone ball are rarities. Seventy different pieces of pottery have been found in the sides and bottom of a gulch forty feet deep near a series of mounds. Though the race antedating the Indian may have buried the dead ten or more feet below the surface of the ground as in the Campbell find, yet such a theory will not account for the pieces of pottery found protruding from the sides of gulches forty feet and over, below the surface of the ground in one or more gulches in Harrison county.

A few hours before found day Forest Lupton on the misty mountain tops Forest Lupton and John Doe, who by the way is always in trouble, retired into their room at 1409 Chicago street and surrounded a bottle of alleged whisky. Evening joy resulted in utterances that disturbed the entire community. Fearing that the bacchanalian revel might be interrupted they barred the door.

Vain were the entreaties for peace and quietude by Mrs. Odell, the landlady. The police were called, the husband was on. Mrs. Doe defied the power of the police, the militia and the United States army. He announced that he was ensconced in his own domicile and was prepared to defend the rights of his home. The officers battered down the door.

ST. PETERSBURG, Oct. 18.—An important and unexpected change of itinerary has been made on the eve of Emperor Nicholas' departure for Italy. It is understood that the change was due in part to recent criticism of the emperor in the Bavarian landtag, but as well to other and deeper reasons, which, according to the best information obtainable here, resulted in the emperor's decision to avoid Bavaria and Switzerland.

The new route chosen is by way of Odessa, Posen, Frankfurt and Bessanodon, France. A meeting between the emperor and the president of France during the trip is possible.

Roosevelt Gets Behind Big Tree; Elephant Falls
Intrepid Hunter Shoots One Pachyderm and is Charged by Another—Cunningham Saves Him.

NAIROBI, British East Africa, Oct. 18.—Mr. Roosevelt, a government engineer in the public works department at Nairobi, came into Nairobi this afternoon and brought word that Mr. Roosevelt had a very narrow escape when shooting his first bull elephant. When shooting an elephant it is often necessary to creep into the herd and shoot the selected bull at a range of fifteen to thirty yards.

Mr. Roosevelt, accompanied by Mr. Cunningham, the big game hunter and guide, followed this procedure and killed his elephant.

His first experience of school days has been somewhat disheartening and disillusioning. The educational life is not what is doted parents and pedagogues boast it to be. The world is hollow, the red coated apple is canted at the core and there is no balm in Gilead. He is going into the garden.

This boy, named Lyman, of age 6 years and of disposition belligerent, has been the king pin and boss bully of his neighborhood. It was with some fears for the other children that his mother sent him away to the Central school for the first time the other day.

A few sessions passed and then the boy came home with his books. "I ain't going to school any more," he announced flatly, defiantly.

"Why, Lyman! Why not?" asked his mother.

"Why, I can't lick all them big boys," he replied.

Mary Barschat and her mother furnished the most noteworthy case. The girl, who is 15 years of age, will not go to school because "I am bigger than the other girls in my grade and they all laugh at me."

Mrs. Barschat wishes to keep her daughter at home to help with the work. Inquiry was made about the head of the house and it developed that the husband
