

Nebraska UNION DEPOT FOR LINCOLN Various Roads Name Committee to Work Out the Details. HURLINGTON CONCEDES PHONES Agrees to Put Them in Where Needed, but Denies Validity of Barrios Act Compelling Company to Do So.

(From a Staff Correspondent.) LINCOLN, Oct. 22.—(Special.)—At a conference this morning of railroad men and business men of Lincoln, the matter of securing a union station here was discussed at length, resulting finally in the appointment of a committee of railroad men to work out the details of the proposition.

General Manager G. W. Holdrege of the Burlington, Chief Engineer R. L. Huntley of the Union Pacific, Engineer of Maintenance A. Schanck of the Northwestern, Chief Engineer J. B. Berry of the Rock Island and a representative of the Missouri Pacific yet to be chosen will constitute that committee. All of those named have their headquarters in Omaha except Mr. Berry. When they will meet and begin calculations is problematical, that matter being left to the discretion of Mr. Holdrege of the Burlington.

At this meeting there was an imposing representation of railroad men. General Attorney J. E. Kelly and Real Estate Agent Ed Westerveld appeared for the Burlington, Mr. Holdrege being unable to come because he was away from home on imperative company business. The Union Pacific was represented by General Manager A. E. Mohler, General Superintendent Park and Chief Engineer Huntley. For the Rock Island Vice President H. U. Mudge, General Manager F. O. Melcher, Chief Engineer Berry and General Superintendent H. S. Cable were present. General Manager F. Walters spoke for the Northwestern. There was no one on hand in behalf of the Missouri Pacific, Mr. Middleton, who attended the previous conference and who had been designated by Vice President Cable to attend this one, having been unavoidably detained at St. Louis.

Following the session were most of the members of the city council, the mayor, and city attorney, members of the State Railway commission and about fifty leading business men of Lincoln. Attorney Kelly of the Burlington said his road was ready to furnish terminal facilities for all the roads and Mr. Mohler of the Union Pacific said he was in accord with this idea.

Telephones Go to Depots. The Burlington has notified the Railway commission that it has or will install telephones in depots in several communities where it believes they are needed. It also states in the communication that the Barrios act is unconstitutional and it is not in compliance with that law that the telephones are being installed. The Barrios act provides that railroads must furnish telephones in their depots.

Juror Gets Full Time. The county of Douglas must pay L. D. Spaulding for serving as a juror for three weeks or twenty-one days, Sunday excepted. The county commissioners of Douglas county docked Mr. Spaulding when he handed in his bill for twenty-one days because they held court did not meet on Saturday and for that reason the juror was not entitled to pay for those Saturdays. The court held, however, that a juror is entitled to pay for the time for which he was summoned, Sundays excepted unless excused. The county filed a demurrer to the petition of the plaintiff and this was overruled by the district court and the supreme court has affirmed that decision.

Johnson Child Case Remanded. The supreme court has remanded the case from Gage county wherein J. Alfred Johnson and Seth Terry et al. are fighting for possession of Johnson's daughter, Effie Johnson. In remanding the case the court held that the habeas corpus issued by county judge cannot be served in another county. Terry secured a habeas corpus writ and secured possession of the child in Omaha. The father then brought habeas corpus proceedings in the district court of Gage county and this appeal was dismissed by the court. The supreme court ordered the district court to give an immediate trial of the case in the interest of the child and consider only matters of the conduct of the father since the last order of the court.

Chancellor Going Some. The following itinerary is announced for Chancellor Avery next week: Monday evening at the University Dinner club, he will give an account of the inauguration of Harvard university and of the annual meeting of the presidents of the state universities. At 7:15 a. m. Tuesday, he will leave Lincoln on Burlington No. 1 for Hastings, where he will address the high school pupils, teachers, club women and patrons at afternoon, his theme being "A Comparison of German and American Schools." Tuesday night he will lecture at Keweenaw on "Higher Education and Higher Ideals." He will leave Keweenaw at 5:30 a. m. Wednesday on Burlington No. 9, going direct to Cambridge, where he will arrive at 12:30 p. m. for Beaver City, lecturing there Wednesday night under the auspices of the public school. He will also address the high school there Thursday morning, after which he will be taken across to Arapahoe by automobile, addressing the high school pupils, club women and patrons there Thursday afternoon. He will leave Arapahoe at 7:45 p. m. Thursday for Holbrook, lecturing there under the auspices of the public school Thursday night. He will leave Holbrook at 5 a. m. Friday for Red Cloud, delivering an address there Friday afternoon to the high school pupils, teachers and club women. He will go by automobile from Red Cloud to Guide Rock, where he lectures Friday night under the auspices of the public school. At the time I commenced to use the Cuticura Remedies she was in a very bad fix. I began the treatment by bathing with Cuticura Soap three times after each bath, and it was but a few days before we began to find out she was improving. She continued to improve and in about three weeks she was entirely cured and has not been troubled with any skin disease since. She was at that time about three months old and she is now three years and two months and is a fine, fat baby girl. I will gladly recommend the Cuticura Remedies to any one who is suffering from that terrible disease and I give the credit of her cure to any one who will ask or write about it. Mrs. M. M. Reynolds, Box 40, R. F. D. 2, Windsor, Va., Oct. 20 and N. O. 1908.

The only store in town showing and selling Chase Hats— \$4 Think of what it means to select an overcoat from among 5,000. It means the chances of your not finding the coat you like or one to fit is 5,000 to 1. No store in the west offers you such odds against disappointment, and no store offers such pleasant facilities for careful buying. Overcoats... \$10.00 to \$50.00 Auto Coats... \$12.00 to \$35.00 Rain Coats... \$10.00 to \$25.00

Y. M. B. O. D. Makes this a safe place to trade--Ask us why? King-Swanson Co. 16th & HOWARD STS. THE HOME OF QUALITY CLOTHES

Who Will Deny? that this store has revolutionized the clothing business in Omaha and is today the store of the city?

- Who Will Deny--- That this is the finest equipped store in the west? That it is the largest clothing store in this vicinity? That it utilizes three floors 66x132 feet for clothes' selling? That its assortments are double those of any other store? That its store service is the finest in America? That shopping here is a positive pleasure? That its prices mean a saving of 15 to 25 per cent? That it carefully safeguards its customers interests? That it assumes all the risk in every transaction? That it invites the most careful shoppers within its doors? That it tolerates no misrepresentation in any particular? That it guarantees its goods and its statements? That its fame and achievements are nation-wide? That it dares to do things no other store dares? That its every word and act invites rank imitation? That it gets the imitation that flatters every leader? Who will deny these things or any one of them?

Surely no one who has ever traded here, or visited here. No one will even question these things except, of course, some store more interested in their welfare than in yours and anxious to retain your trade, regardless. Read the questions carefully, answer each one for yourself, according to your personal knowledge of conditions or according to what you've heard then try to find some excuse for not trading here.

When you have done so, perhaps you can answer the question—"Why shouldn't this store expect to sell every man, boy or child in Omaha his new suit, overcoat, hat, haberdashery, shoes or other apparel?"

By that we mean there isn't a taste to suit, a physique to fit, a purse to please, but we've a suit to meet the occasion and what is more, we'll not limit your choice to one or two patterns or one or two prices. We're safe in saying we've two patterns for every one of our nearest competitor and our prices leave no room for them to argue the suit question. \$10.00 to \$40.00

Our Popular Priced Suits Are hand tailored products that stand in a class by themselves—no other store seriously claims to even equal them. They are made expressly for us from fabrics of our selecting and represent a standard of value giving entirely unheard of until this store organized. Our guarantee to save you \$3.00 to \$10.00 according to grade, is still in full swing—and it is not newspaper talk either—it's suit talk, 18 karats fine. \$10.00, \$15.00 and \$25.00

Perfect Fitting Underwear Our Underwear Fits—It is made in a variety of dimensions for variously formed men. It is ridiculous to suppose a short, stout man can be fitted with underwear of regular size—or a tall, slim fellow either. Our Underwear Department—helps this store to prove itself more painstaking than most stores—they just buy underwear to sell—we buy underwear to fit and sell. We give you quality underwear priced as low as most stores charge for "seconds"—Buy elsewhere if you wish, but see us before you do—it'll pay you. Suits of Drawers, 50c garment up. Union Suits, \$1.00 up.

Are You Hard To Fit? Has some one told you you were too large, too short, too stout, too tall and so on to be fitted in ready for service garments, and that you must go to some tailor and put up with delays and vexations and put up a fancy price to be properly fitted? Well that might be true of ordinary clothing stores, but not of this one. We ask you to come in and see how perfectly we can fit you.

Reliable Shoe Information Good, dependable shoes are made in many factories, and we don't claim to sell the only good ones sold in Omaha, but we do claim to sell good ones only. We ask only a fair price for them, but compared to the many inferior shoes sold as bargains, ours take rank as being the best shoe bargains in town. We fit them perfectly, and you'll never regret the day that made you a shoe customer of ours. Some awfully nifty styles and sterling qualities at— \$2.50 and \$3.50

Boys' Fall Suit Special We're showing thousands of suits at \$1.50 to \$15.00, but in window No. 1 we're showing some suits at \$4.00 that are especially note worthy, owing to the fact that \$5.00 is the price you'll pay in any store on earth but this. They are in all the popular Juvenile styles as well as double breasted knickerbocker suits (many with two pair knickerbockers) for large boys—every popular fabric, including blue serges—\$4.00.

EMPLOYES MUST CHIP IN Democratic Committee Passes the Hat and Stuffed Club Around. HIGH AND LOW TO CONTRIBUTE Partisan Cash to Throw Nonpartisan Judicial Dust in Eyes of Voters to Obscure Democratic Brand.

(From a Staff Correspondent.) LINCOLN, Oct. 22.—(Special.)—Preaching a nonpartisan judiciary to republicans with one hand and digging the other hand into the pockets of the democratic employees of the state for a democratic campaign fund is the latest sample of inconsistency on the part of Mr. Bryan's political party leaders. Just why democratic leaders should compel every democrat on the pay roll of the state to come across with a portion of his hard earned money to help pay the expenses of three men who are trying to be elected as democrats to the supreme bench has not been explained in connection with the cry of a nonpartisan judiciary. Regardless of the fact that the democrats nullified the very law upon which they made the most of their campaign last year, the publication of campaign contributions, the party committee will have plenty of money to send out telegrams and letters and workers in the interest of their three judicial candidates. From the amount contributed by the superintendent of the Deaf and Dumb institute at Omaha to the democratic campaign fund, there is reason to believe that the party leaders intend to force every hard working nurse at the insane asylum, every janitor, every teamster, regardless of the fact that the wages in some instances amount to not more than \$12 a month, to pay something. That is the price of holding a political job under Mr. Bryan's democratic party when the party leaders are making a campaign on a fake issue.

Another Echo of Gould Divorce Court Wrangle Takes Place Over Education of the Sons of Count Boni.

PARIS, Oct. 22.—Count Boni de Castellane, having insisted that his former wife, who was Miss Anna Gould, place the three sons of the Castellane-Gould marriage in a certain boarding school and the Princess de Sagan having objected on the ground that the health of the children made such a step inadvisable, the case got into court today. The count asked that the princess be compelled to comply with his wishes in the matter and further that the court provide a penalty for a neglect of its order in the shape of a settlement upon the children of \$100 per day for each day that the mother kept them from the school. Counsel for the princess explained that his client was willing to place the children in the school as desired and was only prevented from doing so by the condition of their health. The court promised a decision in the matter October 29.
