# Howe Ventilator

## The Largest Base Burner in the World

Weights 800 pounds and has the heating power of a furnace. Will heat an eight-room house up and down stairs and keep it warm day and night with half the fuel a furnace will take. It is made in six parts so that one man can set it up, take it down and move it. The immense size is not the feature of the stove. The feature is the double base, double heating, circulating and ventilating system on one stove. It takes the foul air from the room and brings in fresh air, or, in other words, it makes the atmosphere in your rooms as fresh in January as it is in June. It has a ball-bearing grate that shakes so easily that a child can shake it.

Mr. Selheim, 2517 Parker street, says: "When I bought the Howe last fall I somewhat doubted that it would do all you claim for it, but it seems to do more than you claim for it. It is a wonderful stove and we can't recommend it too highly."

We sell it at a cut price for cash or on small monthly payments.

That Is The Universal Opinion.

The Snappiest, Handsomest Line of new fall shoes for women ever shown. Every shoe made on an individual last—made to conform to the foot as it should. When we tell you the maker's name you will know the shoe. The famous Armstrong, whose reputation as maker of women's shoes is international. We now have in stock the high arch, high heel, wide stub toe, in button, gun metal and patent colt. This is the most handsome and up-to-date style shown this season—

# Swap

Exchange what you have, and don't want, for something you have not—and do want. Some one—if they know about it will be glad to trade with you. You can get something you can use for

what you don't want  
Your home, no doubt, contains many things which are not used, and are simply taking up space in attic and basement. Perhaps it is a gun, bicycle, trunk, ice-chest, overcoat, etc. There are a great many things which you want and haven't the ready cash to buy. The best way to do it is

through a Bee Want Ad  
By advertising under the head of "Barter and Exchange" you will make a good trade

for something you can use.  
You can usually get more in this way than if you sold for cash.  
To show what can be done in this way we are making

A special price for "Swaps"  
50c for an ad like this for a week—3 lines, or 12 words, 7 times for 50 cents.

WILL EXCHANGE Jewel gas range with oven, almost new, for bed room furniture or sofa. Tel. Harney 6000.

## "FOR WOMEN OF TASTE"

**SHOES**  
\$3.00 \$3.50 \$4.00  
What ought a lady's shoe to be?  
It ought to be light and beautiful. It should be strongly made. And it must be fitted with the utmost accuracy to that most delicate part of the body—the human foot.

This is exactly what the "Dorothy Dodd" Shoe is and does. No other shoe so scrupulously protects the foot from over-crowding.
