TURKEY LOOKS TO AMERICA

Ellen M. Stone Makes Plea for Young Missionaries. Present Prospect is Bright.

Dean Beecher Pleads for a More Brotherly Spirit Among Church Members Towards the Humble Ones.

"My plea is for your sons and daughters, who will go out to work for the cause of temperance and for the sons and daughters of those foreign lands."

Miss Stone is remembered as the missionary from northern Europe, who was captured by brigands and for whom a ransom of 2,000 pounds was demanded.

She was released on the payment of \$50,000 raised by subscription in this country and afterwards returned to the donors by the United States government.

The capacity of the church was taxed to hold those who desired to hear the message of Miss Stone, who has a world-wide reputation and to whom much credit is given for the changing conditions in the Turkish empire.

Mr. Fred Ellis sang Dudley Buck's "Fear Not Ye, O Israel."

Miss Stone told of the terrors to which she was subjected during the period of her captivity and of the changed conditions, which will soon exist.

She told of the rise of the Young Turk party, which has demanded and will get certain reforms, of which is the establishment of roads, which will make the country more accessible to European nations.

Miss Stone said that in her two days in Nebraska, she had found a condition which she had never seen anywhere except at foreign missions, and that was the sight of a superintendent of the public schools wearing the white ribbon of purity and suggesting to the teachers and to boys and girls that they should put on the white ribbon and follow its precepts.

They wanted to be devoted to that which is noblest and whitest and best.

"We may now have in Turkey Young Men's Christian associations and Young Women's Christian associations and Women's Christian Temperance unions and other organizations, which were not permitted before because we have had the eyes of the entire world turned upon that country."

While she did not say as much, it is generally conceded that her capture and the publicity given her, had a great deal to do with these changed conditions.

GUEST GETS INVITATION AFTER THE FEAST IS ALL OVER. Dr. Albert Fensch, in Philippines, Urges Friends to Bear in Mind the Distance.

Dr. Albert Fensch, formerly of Omaha, but now in the Philippines in government service, writing to a friend in Omaha, complains that many people here at home still seem to be "uninformed as to the great distance and the long time it requires for mail matter to reach the Philippine islands."

The doctor was invited to attend a meeting and banquet in Omaha, "but by the time I got the invitation," he writes, "ever the crumbs must have disappeared. Don't do that again; it gives a man that all-gone feeling in his stomach that causes him to think bad things of thoughtless people."

Then he goes on to tell that mail for himself and his mates must travel one-third of the distance around the world at its greatest circumference after leaving San Francisco.

"Add to this the distance from Omaha to San Francisco and what chance have I to get my legs under a table that is set, as I am, and cleaned up before I ever receive the invite to join the assaulting party. And arrival of mails is not always on the dot, because of unfavorable circumstances that sometimes intervene."

Dr. Fensch's card is something of a feature in itself. It sets forth in eleven lines of fine print that he is a member of a Masonic chapter in Arizona, Nebraska lodge No. 1, Ancient Free and Accepted Masons; Nebraska Veterans' association; Nebraska Sojourners' association of the Philippines; Omaha, Aerie No. 24, Fraternal Order of Eagles; past grand president Fraternal Order of Eagles, Philippine Islands; Comanche Tribe No. 6, Independent Order of Red Men, Georgia; Omaha lodge No. 18, Ancient Order of United Workmen; Druid camp No. 24, Woodmen of the World, Nebraska; Omaha council No. 45, Knights and Ladies of the Security; J. R. Penwick, garrison No. 26, R. A. and N. U., Georgia.

Children like Chamberlain's Cough Remedy. It is pleasant to take.

German Baptists to Meet. SIOUX FALLS, S. D., Oct. 25.—(Special.)—Nearly two score priests of the Catholic church from South Dakota, Minnesota, Wisconsin and Iowa are gathering at Webster, where Tuesday they will aid in the suitable observance of the twenty-fifth anniversary of the elevation to the priesthood of Rt. Rev. Mgr. H. Mensing, pastor in charge of the Catholic church of the Webster parish.

Health Office frets itself because things are so quiet. Connell and Staff Are Wondering Where the Next Eruption Will Come.

Health Commissioner Connell is having so quiet a time these last few days that he is wondering what is pending. When things are quiet for more than a few hours in the health department the commissioner and his assistants begin to brace themselves for an eruption in some unexpecting quarter.

"We have had only four cases of diphtheria to handle in the last few days," said an attaché of the department, "and they were all old ones. We believe that the disease is now pretty well in hand all over the city, since the public attention has been concentrated on the great need for care. Only one fatal case of poliomyelitis has been reported in a considerable time, which would indicate that Omaha is free from this disease than many of the other cities in this latitude."

The health commissioner finds his principal worry at this time in the need for more funds to maintain his present force in service. This matter is up before the council committee of the whole today, and the commissioner has informed that body that if it fails to provide an additional \$10,000 he will have to let out two-thirds of his force at the end of the present year. Almost half of the amount can possibly be transferred from the emergency hospital fund, but where \$1,200 or more is coming from to make up the \$2,000 is what puzzles the council financiers, who hesitate to deplete the general fund too freely.

At the first hearing the court directed a verdict for the company. Attorneys for Stewart got a new trial, ordered by the supreme court, and the second hearing was held last spring. Out of this, which ended in a verdict for defendant, grew the charges of jury tampering, for which Al Keenan was bound over to district court.

Stewart Case's Third Trial. Damage Suit Out of Which Sprang Jury Tampering Charge Is Up Again.

The third trial has begun of the suit for \$100,000 damages by Robert A. Stewart against the Omaha and Council Bluffs Street Railway company. It is before Judge Day in district court, also for the third time.

At the first hearing the court directed a verdict for the company. Attorneys for Stewart got a new trial, ordered by the supreme court, and the second hearing was held last spring. Out of this, which ended in a verdict for defendant, grew the charges of jury tampering, for which Al Keenan was bound over to district court.
